DR. MILES ELECTED SCHOOL PHYSICIAN

Board Made Selection Last Night--McKinley School Accepted

Dr. O. B. Miles was elected school physician at the meeting of the school board of directors. The vote was by ballot and resulted in Dr. Miles receiving three votes, Dr. C. E. Cashatt one, and Dr. R. T. McIntire, one vote. According to the action of the board several months ago when the matter of school physician was under discussion, the salary will be \$35 a month.

The McKinley school building was formally accepted from the contractors, Snook & Traver, and the final payment of \$819 ordered. The total cost of the building is \$22,503. The lot cost \$5,000. Final acceptance of the stage was also made by the board and the contractor L. C. Dennison was ordered paid the amount of \$367.50.

Bids for the extension of the two fire escapes of the High school building were received, one for \$300 and the other \$275. The Board was rather inclined to think the figures excessive, especially as the present fire escapes extend to within 12 feet of the ground.

The High school student body addressed a letter to the board expressing regrets that the ventilating belt had been stolen, but as the belt has been later returned, the matter was dropped. The Sniukop dramatic society also wrote a few nice things to the board, expressing their delight with the new stage in the auditorium. The request for stage scenery, which included an out door scene and flys, a parlor scene, street scene, garden scene and also a front curtain and a stereopticon screen was not acted upon.

The use of the auditorium for outside shows and entertainments is not especially favored by the board. A request had been made from one of the town organizations for the use of the stage and auditorium, for which a charge would be made. The matter of as to whether the school auditorium will be open for entertainments other than those of the schools will be taken up at the next meeting of the board.

A cafeteria may be established in the high school, under the management of Miss Bertha Edwards and the girls of the domestic science course. While no definite action was taken, yet it was referred to the committee on supplies, Harley O. White and E. T. Barnes, with power to act. As this committee is inclined to favor the cafeteria idea for non lunches, the chances are that with the beginning of the next semester, the cafeteria plan will be tried out.

The girls of the three junior high schools in the domestic science departments are in need of cloaks in order that they may properly time their cooking. This was also referred to the supplies committee with power to act. The question as to how long the high school building should be open of evenings for the various entertainments and school activities was up for general discussion. The general opinion was that lights should be out at least by 10:15 or 10:30 o'clock, unless a special entertainment was on. At their next meeting the board will again take up the question of the closing hour for evening rehearsals or entertainments.

In order to have one party personally responsible for the custody of the city hall, an ordinance will be introduced at the session of the city council Monday night, making the city recorder custodian. All city property in the hall, not under the jurisdiction of some other city official, will be placed in the hands of the recorder and he will have authority to keep the hall in good condition and employ a janitor.

After several weeks of steady and consistent practice, the basketball teams of the three junior high schools in the city are now ready to enter the contests with each other and find out who is who. The schedules are as follows: January 15, Grant vs. Lincoln; January 22, Washington vs. Grant; February 5, Washington vs. Lincoln; February 12, Grant vs. Lincoln; February 26, Washington vs. Lincoln; March 4, Washington vs. Grant.

Mrs. Ella Watt left yesterday for Portland where she will devote her time for the next week to the organization and ritualistic work of the 12 juvenile branches of the United Artisans. With these 12 branches of juvenile work, similar to those in Salem, she hopes within the year to bring the total membership in Portland up to 1,000. At least the juvenile Artisans are starting out with the intentions of having this number enrolled during 1916.

The children who come to the story hour at the Public Library next Saturday morning are promised a specially happy time, for Miss Shinn of the Garfield school, will entertain them with the story of "Kleine Muek." This is a story not to be found in our books, and perhaps no one else in Salem tells.

Tonight is the night for the Sniukop. They will make their first appearance as a dramatic organization this evening at 8 o'clock in the auditorium of the high school, presenting a play with a Japanese name, ending with Hot-Su. To add to the entertainment of those attending, the high school orchestra of 10 pieces will occupy for the first time, the orchestra stall of the new stage. The stage is of moving picture size or larger and has all the electrical equipment of a modern theatre, and even has a front curtain and four dressing rooms. This Sniukop is number seven.

One of Portland's big department stores will do its share towards boosting Oregon letters writing week. It has announced its intentions of sending out 3,000 letters. For those in Salem who feel a patriotic Oregon spirit, yet have no time or aptness for writing, a public stenographer who will have an office for the week at the office of the Portland, Railway, Light and Power Co. Her special work will be to write letters at a nominal cost, and general style, whether to a friend or business acquaintance, and she will do the rest.

Notwithstanding the chilly atmosphere the Salem fire department was called out four times last night for frigid joy rides to chimney fires. A 7:20 they went to a chimney fire at the residence of P. L. Doan on Front and D streets, at 8:40 an alarm was turned in from 355 Bellevue street and 11:40 again saw the apparatus under way for 656 Division street at the residence of W. W. Roark. Another alarm was turned in from the Roark residence an hour later when the chimney burned out again. The firemen say that the latter fires on account of the cold weather is responsible for the chimney fires.

With a brass band, and red lights illuminating the streets from the depot to the lodge rooms, the Salem Elks went to McMinnville last evening were given a true Elk reception and made it understand that the McMinnville boys were really glad to see them. The work of the evening was put on by the Salem officers as follows: Exalted Ruler, A. J. Anderson; esteemed leading knight, Harry Wenderoth; esteemed loyal knight, A. L. Wallace; lecturing knight, George C. L. Snyder; esquire, A. Huestein, Jr.; chaplain, Judge P. H. Carey; secretary, Eugene Slater; and Oliver Myers, inner guard.

"The Super-man" will be the theme for discussion at the Social Service meeting at the Unitarian church, Sunday evening. While the ideal of the super-man is no doubt the great inspiration in the philosophy of Friedrich Nietzsche, the German philosopher, yet it is by no means original with that radical thinker, but forms the substratum of all philosophy and is the very light of the promise of the philosophical teachings of Jesus, as well as other great leaders. The writings of Nietzsche are being more extensively read and the interest in this great question of man's higher spiritual possibilities is becoming more insistent and demanding study and investigation. Bring your friends and become interested in the greatest question confronting us all.
