## NO HORSE SHORTAGE FOR FIVE YEARS

United States Has Large Reserve Supply of Over Seven Millions

(By United Press.)

Chicago, Feb. 8.—The most tranquil war order market is located here. It is the horse ring at the Union Stock Yards. There is practically no competition, German agents have given up attempts to boost the prices of horses because of the British blockade.

At present France and Italy are the only ones doing any buying. French agents purchase an average of about 400 horses a day. It is estimated that more than 2,000 horses are purchased daily throughout the country by agents of the allies.

Horses bought here are shipped to Crestline, Ill., 25 miles from here, where they are quartered until there are enough to make a trainload. Then they are shipped to Portland, Me., or Jersey City, N. J., from whence they are shipped abroad.

According to dealers, there are enough horses in the United States to supply the warring nations for the next five years without causing a scarcity. They say there are 7,000,000 horses in this country.

The standard price for cavalry horses is \$135 and for heavy artillery horses \$100. Every horse sold out of the horse ring is branded with a serial mark as a means of identification.

ACHES AND PAINS

Don't neglect a pain anywhere, but find out what causes it and conquer the cause. A pain in the kidney region may put you on your back tomorrow. Don't blame the weather for swollen feet, it may be an advanced warning of Bright's disease. A pain in the stomach may be the first symptom of appendicitis. A cramp in the foot may be the forerunner of rheumatism. Chronic headaches more than likely warn you of serious stomach trouble. The best way is to keep in good condition day in and day out by regularly taking GOLD MEDAL HAARLEM OIL Capsules. Sold by reliable druggists. Money refunded if they do not help you. Beware of substitutes. The only pure imported Haarlem Oil Capsules are the GOLD MEDAL.
