"THE IMMIGRANT"

Valeska Suratt, the celebrated American actress, will be seen at Ye Liberty today, Wednesday and Thursday in the Jesse L. Lasky production of Marion Fairfax's thrilling drama, "The Immigrant," a Paramount picture.

In "The Immigrant" Miss Suratt is seen in a characterization absolutely different from that which she has heretofore appeared, either upon the stage or the screen. Miss Suratt is first seen as a poor Russian immigrant bound for America. Later she is given ample opportunity to wear many of the striking gowns for which she is so justly famous.

One of the big thrilling scenes of the play is the blowing up of a great dam, holding back an immense volume of water and the destruction of a large town by the released torrent. These scenes are said to be the most realistic ever presented on a screen. The dam and the house were especially built for the occasion by the Lasky company at an enormous expense. Three hundred laborers worked night and day for two weeks in order to build the dam.

The entire production is of the usual Lasky thoroughness and excellence while the cast supporting Miss Suratt is headed by the two distinguished Lasky stars, Theodore Roberts and Thomas Meehan and supported by other members of the Lasky all star organization.

San Francisco, Feb. 15.—Manapouri, Hawaiian for "weeping hearts"—will be the name of a haven at Palmy Island which Miss Marie Holmes of the Chicago Hechler Girls Culture club proposes to found.

Miss Holmes came back from Honolulu today with a definite offer of the island from Judge Henry A. Cooper of Honolulu, provided the scheme isn't a "pipe dream."

Germans Quarrelling Over Lusitania Tangle

By Cary W. Ackerman. (United Press staff correspondent.) Berlin, Feb. 15.—Settlement of the Lusitania negotiations has suddenly become the center of violent party storms. China Will Be Split Into Two Republics

London, Feb. 15.—China will be split into two separate republics as a result of the revolution started in Yunnan province against Emperor Yuan Shi Kai, according to predictions today by well informed Englishmen arriving from Hong Kong.

They reported that several southern provinces had secretly pledged support to the Yunnan revolutionists if the latter conquer the government forces.

Thus far there have been no battles of major importance, but the rebels are reported to be gaining new followers daily, while native traders and southern China business men are financing the revolt.

Yuan, realizing his helplessness, is strengthening his position in the north.

KING GEORGE STILL SORE

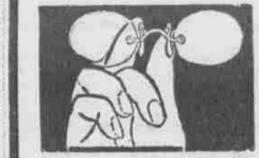

London, Feb. 15.—When parliament reassembled today the sovereign was absent—the first time this has occurred since the reign of Queen Victoria. It is understood that the king is still suffering from his recent fall from a horse while visiting the western front.

In the king's absence, the lord chancellor read his speech, urging expenditure of sufficient sums for successful prosecution of the war.

Clare A. Vibbert, of the Ladd & Bush bank bought an automobile just in time to get in on the 19 1/2 cent price of gasoline. He is driving a Dodge, but even with a car of this name, he cannot get away from the high cost of motoring.

Morgenthau May Be Garisons Successor

Washington, Feb. 15.—That President Wilson is considering American Ambassador Morgenthau of Constantinople, for the vacant post of secretary of war was reported today. Coincident with the fact that Morgenthau, en route from Constantinople, will not arrive here for several days, the White House statement that the president will "take his time" in picking Secretary Garison's successor.

A report that the president wants some prominent middle western lawyer for the place boomed the stock of Fulton Harmon of Ohio, who recently came out strongly for preparedness.

San Francisco, Feb. 15.—Tightening its hold on the Pacific trade, the Toyo Kisen Kaisha, Japanese steamship company, is planning construction in yards of its own; two of 25,000 ton steamers and five 10,000 ton vessels for passenger and freight service. According to officers of the T. K. K. liner Kyo Maru today, the company has voted a big sum for constructing yards in Japan and for immediate building of the new ships.

Reports are current that the T. K. K. plans a big rate increase next month. The local offices, however, do not confirm this.

STILL AFTER BRANDEIS

Washington, Feb. 15.—Louis D. Brandeis, President Wilson's choice for the supreme court bench, was charged by Hollis Bailey, Boston attorney, today with failure to guard scrupulously the interests of his clients while connected with the S. D. Warren estate.

Appearing before the senate subcommittee Brandeis' fitness, Bailey admitted, however, that the complaint had been tried in court and resulted in a compromise.

President S. W. Winslow of the United Shoe Machinery company charged that Brandeis helped to form that company, was a director therein, and drew clauses whereby the concern leased its machinery to patrons, but that later he attacked the company as a vicious trust and leases as invalid. Winslow will be cross-examined tomorrow.
