"PIRATE CAR" LATEST BANDIT ACCESSORY

High Speed Car Used to Run Down and Rob Autoists Stirs Los Angeles

Los Angeles, Cal., Feb. 23.—Banditry here took a new turn before dawn today when highwaymen in a rear "pirate car" appeared on Los Feliz road, pursued the machine of Attorney O. L. Anderson, spattering it with bullets, robbed the lawyer and his wife and dashed away after smashing his automobile so he could not use it to spread the alarm.

Anderson walked to Glendale and notified the sheriff's office. While a posse was getting ready to go to the scene, another telephone call came from Huntington Park on the other side of town. The "pirate car" gang had just appeared there, given chase to another machine, robbed its occupants and vanished. According to the story told by Anderson, the bandits are reckless and desperate. When he first heard them behind him he crowded on all speed, whereupon three of four of the thugs opened fire. Their automobile over-

hauled his with ease. He described it as a powerful, black car, carrying no lights and no numbers.

WAR NEWS OF ONE YEAR AGO TODAY

Russia admitted losing an entire army corps in the retreat from Erevk, Russia. The Russians and Austrian armies away-off in a death grip in the Carpathian passes. England said cotton would be made contraband of war. The long expected western drive of the allies was again postponed because "Russia was holding her own." England closed the North Channel. The American cotton steamer Carib was sunk by a German mine.

At the mouth of the river they boarded the horse drawn stages and came to Jarvis landing where at the first, sailing boats were used to bring the passengers over to Empire.

But the world is now and two years ago (last and Kinney put on the automobiles to carry passengers up and down the beach between Jarvis landing and the Umpqua. Gasoline boats plied between Winchester Bay and Gardiner and it was the first of last May that Captain Cornwall put on the Ford auto stages on the beach from the Umpqua to Florence. Previously this trade had been handled by the horse drawn stages.

SHE FINALLY SUCCEEDED

Portland, Ore., Feb. 23.—The fourth method by which Mrs. Julia Rohalt, 30 years old, tried to commit suicide yesterday proved successful, and she is dead today. Apparently going insane, she took several lozenges of mercury tablets. Then she drank carbolic acid. She slashed her wrists and throat with a knife and then hanged herself to a rafter in her bedroom.
