

SOCIETY

ALINE THOMPSON

It has been rather a gay week, with something almost every night. Yesterday afternoon the charming visitors in the city were the center of attraction at a delightful grudge for which Mrs. Elmer Ludden and Mrs. Connel Dyer were hostesses. For the remainder of the week there are many smaller affairs, and many more will crop up before the closing. The fashion for telephone luncheons and teas has become a habit, and one is always ready to invite or accept an invitation on the spur of the minute.

One of the prettiest luncheons of the week was that presided over by Mrs. Milton Meyers today, her guests being the maistress of the Thursday luncheon club. Luncheon was followed by bridge.

Mrs. Jacob Kamm, of Portland, is the guest of Mr. and Mrs. W. Connel Dyer.

Miss Barbara Steiner entertained a group of university friends very informally at her home Saturday afternoon, her guests being Miss Evelyn Cather, Miss Myrtle Albright, Miss Gertrude Cunningham, Miss Mary Findley and Miss Vesta Mulligan.

Mrs. Jasper Connel, who has been the house guest of Mr. and Mrs. George Palmer Putnam left today for Portland where she will visit Mrs. Stanley Jewett.

Mrs. Chester Moores who is the guest of her parents, Judge and Mrs. J. C. Moreland, will return to Portland Friday.

An enjoyable party was given Tuesday evening by Mrs. R. H. Varley in honor of Mrs. Mary Varley.

Tables were arranged for progressive book in rooms effectively adorned with flags, red hatches and brilliant carnations.

Circling the tables were: Mr. and Mrs. George W. Johnson, Mr. and Mrs. R. H. Varley, Mr. and Mrs. T. B. Woodward, Misses Alice and Ruth Hollister, Miss Mildred Earley, Misses Vorah and Daisy Nebergall, Misses Mary and Bell Varley, L. C. Newsome, J. C. O'Riley, Sidney Jones and J. C. Morris, of Portland.

The Lutheran Junior society gave their monthly social meeting recently at the school house, Sixteenth and A streets.

An enjoyable programme was given by the members of the society as follows: Song, Gesangestue, choir; recitation, "Some Reasons," Sophia Lane; dialogue, "Sell was a hard case," by boys; duet, Bertha Propp and Edna Meyer; selection, Professor Schaback, orchestra; a con minstrel, Ernest and Arthur Hoffman; song, choir.

Mrs. William Daney and Mrs. W. A. Jones have had as guests for several days their sister, Miss Madie Croighton, and A. R. Bodner, of Joseph, Oregon.

The ladies aid society of the First Presbyterian church will meet tomorrow at 2:30 in the church parlors. The ladies are requested to come prepared for work.

THE date for the grand military ball to be given by the Cherrins as a compliment to Company M, Third Regiment of O. N. G., at the armory has been changed from Monday, March the sixth to Friday, March the third. Several more matrons have been added to the list of patronesses, including: Mrs. Captain Frank P. Tehbits, Mrs. Captain B. E. Bowman and Mrs. Captain G. P. Blair, all of Portland.

Bannagarter hall was the scene for a gay informal George Washington dancing party, given by the Perrizo orchestra Tuesday evening.

About sixteen couples spent the evening stepping to special music. Indicative of George Washington the decorations were flags and national colors.

A Valentine party was recently given by Miss Leona Widmer and Miss Fabian Roche at the home of the former on Cottage street.

The decorations were all appropriate of the occasion and the young people enjoyed an evening of games.

Those participating in the gayeties were: Misses Esther Cox, Erna Davenport, Lucie Jackson, Olive Roche, Marie Campbell, Leonida Eckerlin and the Messrs. Andrew Castle, Roger Lyon, Paul Miller, Don Fletcher, Roy Nadon, Harvey Wilson, and Leland Austin.

Mrs. G. N. Thompson will entertain the Ladies of the G. A. R. and Comrades at her home, 265 North Commercial street, at a George Washington party, Friday evening.

Mrs. Otto Schellberg was hostess for an afternoon Wednesday, her guests being the members of the Marigold club. The afternoon was spent with needlework. Later the hostess served delectable refreshments assisted by Mrs. St. Helens. The additional guests were: Mrs. Charles Gibbons, Mrs. Nellie Knox and Mrs. Ray Clark. The club will hold its next meeting at the home of Mrs. Clara Stinson, 517 North Court street, March the eighth.

How To Get Rid of a Bad Cough

A Home-Made Remedy that Will Do It Quickly, Cheap and Easily Made

If you have a bad cough or chest cold which refuses to yield to ordinary remedies, get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour into a pint bottle and fill the bottle with plain granulated sugar syrup. Start taking a teaspoonful every hour or two. In 24 hours your cough will be conquered or very nearly so. Even whooping cough is greatly relieved in this way.

The above mixture makes a full pint—a family supply—of the finest cough syrup that money can buy—at a cost of only 54 cents. Easily prepared in 5 minutes. Full directions with Pinex.

This Pinex and Sugar Syrup preparation takes right hold of a cough and stops the formation of phlegm in the throat and bronchial tubes, thus ending the persistent loose cough. Excellent for bronchitis, spasmodic croup and winter cough. Keeps perfectly and tastes good—children like it.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, rich in gualacoi, which is so healing to the membranes.

To insure the best results, ask your druggist for "2 1/2 ounces of Pinex," do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Candidates Numerous In Polk County Just Now

(Capital Journal Special Service.)

Dallas, Ore., Feb. 24.—The political pot in Polk county is beginning to boil. Candidates for the several offices to be filled this fall are becoming numerous and hardly a day goes by that does not see one more new name added to the already long list of aspirants. Among the interesting candidates cast his hat in the ring is Attorney Walter L. Toose, Jr., who announced his candidacy Tuesday for the republican nomination of county attorney. Mr. Toose has for an opponent B. F. Swope, of Independence. Toose has had experience as a public prosecutor having at one time been deputy district attorney in this county. He has a large circle of friends in the county who already are beginning to boost for him for the office.

Mose Manston, of this city, has also entered the political game and has announced his candidacy for county commissioner on the republican ticket.

Carl S. Graves, of Ballston, is being induced by his many friends throughout the county to become a candidate for assessor on the republican ticket. Mr. Graves held the office prior to the present incumbent, Frank Meyer, and was one of the most efficient officers the county ever had. He has not yet decided whether to run for the office or not but the chances are that he will be persuaded to do so.

New Main Street Building. A corrugated iron building is being erected on the Fineth property on South Main street for H. H. Rich, the plumber. The old building has been moved out into the street until the erection of the new building is finished when the contents will be moved into it. The store room will be 20 by 60 feet and will give ample room for the increased business enjoyed by Mr. Rich.

Court Asks for Bids. The county clerk is advertising for bids operating a free ferry at Independence. The equipment, which is owned by the county, will be put in first class condition and must be kept so by the contractor at his expense. Heretofore the ferry has been operated by the county but the commissioners thought that it could be done cheaper by contract.

Annual Meeting. The annual meeting of the Polk County Poultry association will be held in the court house Saturday at which time officers for the ensuing year will be elected. Plans for holding a poultry show will also be discussed. It being impossible to hold an exhibition at the time of the county fair.

W. V. Fuller and F. J. Coad left Monday afternoon for Seattle and other Puget Sound cities to look after business matters.

Mrs. Winnie Braden was a Falls City visitor this week.

H. C. Seymour, of Corvallis, was a Dallas visitor the first of the week.

Attorney John R. Sibbey is in Salem today trying a case before Judge Galloway.

Carl Graves, of Ballston, formerly assessor of this county, was a Dallas visitor Monday.

Mr. and Mrs. H. B. Cosper are in Portland this week visiting at the home of their daughter, Mrs. Elmer Strayer.

BOYS AND GIRLS WHO WON PRIZES TELL OF DIFFICULTIES FOUND

Jackson County School Girl Raises Brood of Motherless Turkeys

A number of interesting letters from the boys and girls who won prizes in industrial club work are given in a booklet reviewing the work which has been issued by Superintendent J. A. Churchill.

Ether Miller, of Jackson county, tells how she raised fifteen turkeys, and although the mother turkey was killed by a skunk, the little girl made a profit of five dollars, after paying for all of the feed and allowing 10 cents per hour for her own time.

Leland Charley, of Jackson county, tells how he raised 57 bushels of corn on one acre of such a quality that he took the state prize. Leland is a brother of Claus Charley, who won the state prize in corn raising in 1914.

Florence Arton, of Douglas county, in a most charming way, recounts how she happened to visit the Baking Club of a neighboring school, and become so interested she enrolled in the club. As a result she won first prize at the Douglas county fair, then entered the Baking contest at the state fair and won the state prize. Each letter is an inspiration and will be of great help to the boys and girls just beginning the work.

Warren McGowan, in his letter to Superintendent Churchill, writes, "Mama and Mamma and my sisters and brothers all went to the coast in July, but I stayed at home to take care of my new pig, so I could say I did all the work myself. I lived at the home of Mr. Dorsey, a neighbor."

Warren, by his perseverance, won the state prize. All the boys and girls winning first in the project work will be sent to the Oregon Agricultural college next summer for a six weeks' course. These trips are made possible by donations from public spirited men and women of Oregon who are anxious to assist in this work. They send the money each year to the superintendent of public instruction who holds it in trust for the boys and girls. Last year the ten children receiving the highest prizes were all sent to the Panama-Pacific exposition for a two weeks' trip.

Each of the donors wrote for the bulletin a brief letter by way of encouragement to the boys and girls engaged in the club work.

A. C. Ruby writes, "Learn to love live stock and to take good care of it."

M. L. Kline, "Success can only be accomplished by being prompt in everything you do."

Mrs. Clara H. Waldo tells the children, "I place self control as the foundation of all lasting success."

O. M. Plummer reminds them to "always be a gentleman or a gentlewoman."

The booklet will be sent to all of the children's clubs throughout the state. "The club work is revolutionizing the work of our rural schools," said Superintendent Churchill in speaking of the great interest being aroused in all parts of the state. "The two field workers which this department employs for this work are already scheduled for every day up to the first of May, and I am still receiving requests for their services in helping to organize the children's industrial clubs. Another most encouraging feature of the work is that the boys and girls who are taking part in this work are doing excellent school work. This is clearly shown by the letters received from these children in acknowledging the receipt of the prize money won at the state fair. Nearly 200 of them wrote letters to the secretary and president of the fair, and these letters, in penmanship, spelling, form and punctuation show most excellent training in their regular school work."

was in the city last Saturday looking after business interests.

C. H. Warren, of The Dalles, was a business visitor in this city the first of the week.

Backache Just Like a Toothache!

Dear Mr. Editor—Sometime ago I had backache very bad; it would ache just like a toothache. I tried a new discovery of Doctor Pierce's, called "Anuric." This is for kidneys and backache. I soon felt relieved of all backache and had no more pain, and I hope others troubled in the same way will try this wonderful new remedy.

Yours sincerely,
MRS. LINCOLN STEARNS.

NOTE: It is now asserted with confidence that these painful effects due to uric acid in the system are entirely eradicated. A new remedy, called "Anuric," has been discovered by Dr. Pierce, and is the cause of a drainage outward of the uric acid with which it comes in contact within the body. It will ward off backache, headache, and the darting pains and aches of articular or muscular rheumatism—of those diseases which are caused by too much uric acid, such as gout, sciatica, neuralgia, renal calculus. "Anuric" prolongs life because old people usually suffer from hardening and thickening of the walls of the arteries, due to the excess of uric acid in the blood and tissues.

Dr. Pierce, who is director and chief physician at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., has been testing this wonderful medicine for the relief of over-worked and weakened kidneys. The relief obtained by sufferers has been so satisfactory that he determined to place "Anuric" with the principal druggists in town where people could get this ready-to-use medicine. "Anuric" is not harmful or poisonous, and aids nature in throwing off those poisons within the body which cause so much suffering, pain and misery. Scientists assert this remedy is 37 times more potent than lithia.

For Diabetes and Bright's Disease this remedy is building up a reputation as good as Dr. Pierce's other well-known medicine. It has been proven reliable during nearly fifty years, such as Doctor Pierce's Favorite Prescription for the ills of women, Doctor Pierce's Pleasant Pellets, the liver regulator, and Dr. Pierce's Golden Medical Discovery for red blood.

COURT HOUSE NEWS

Judge Kelly opened court in department No. 1 of circuit court today to hear the arguments of the attorneys in the famous Stool damage case against the Southern Pacific. The suit asking \$30,000 was brought by the widow of Olaf Olson Stool who was killed at Turner in 1913 by a Southern Pacific train. On account of the illness of three of the jurors the case was continued after the evidence was heard earlier in the present term.

John Lakusky was arrested yesterday on a charge of stealing a dog belonging to Frank Gleason, a farmer residing about five miles south of this city. Gleason charges that Lakusky took the dog, which was a valuable animal, tied it to a peach tree and killed it with an axe on Washington's birthday. Lakusky is said to have a prison record and has served time at the Oregon state pen on a charge of rape upon one of his own daughters.

A marriage license has been issued at the office of the county clerk to Frank Kerber, a laborer of Stayton, and Marie Frank, a Stayton dressmaker. The date of the marriage is given as March 7.

She is survived by a son, George Elmer Farnsworth, of St. Helena, Ore., her mother, Mrs. Frances E. Bailey, a brother, Fred W. Bailey and a sister, Miss Bess E. Bailey, all of Salem, and a sister, Mrs. Ada Bailey Taylor of Alberta, Canada.

Mrs. Farnsworth had done considerable literary work, having been on the staff of the Nebraska State Journal. From childhood she was a member of the Congregational church. During her long illness she manifested wonderful patience in her extreme suffering.

Relief Promised on Shortage of Cars

The public service commission today received a telegram from Secretary McGinty, of the Interstate Commerce Commission, in which it was stated that the national body was doing all in its power to relieve the national car shortage. It appears that this state is from 1900 to 1200 cars short today but the shortage is caused by the great preponderance of east bound freight. Much of the freight is for export and no demurrage is charged for leaving the cars loaded where the freight is for foreign shipment. Also the east lacks adequate warehouse facilities and the cars are left standing on the side tracks while the western shipper bowls for more cars.

HAS MANUSCRIPT OF GOSPEL
San Francisco, Feb. 24.—"I wish you would save your children, like Abraham, from this blooded land. Your daughter, Saporra."

This appeal from far away Persia, telling a story of death and desolation, caused Rev. L. E. Newsomy, a Persian pastor, to decide to sell an ancient manuscript of the four gospels, now in his possession, that he might bring his family to the land of the free.

In Building a Highway

you would build for efficient service now and for generations to come.

The "Road to Wellville" is built that way. And the password to that road is "right living," in which food and drink play such a big part.

More and more people are waking up to the need of banishing from the dietary heavy, indigestible foods, and food deficient in the vitalizing mineral salts. Food scientists now hold that the lack of these elements is one of the chief causes of a long list of ills, including anemia, constipation, nervous prostration, kidney trouble, and so on.

Long ago a food—now famous—was devised to make up for this lack, and it does it admirably.

That food is

Grape-Nuts

Made of whole wheat and barley, it contains all the nutrition of the grain, including those vital elements—phosphate of potash, etc.—which are indispensable for perfect balance of body, brain and nerves, and for warding off disease.

This food comes ready to eat, is economical, and delicious. Digests quickly—generally in about one hour—and is full of health-making goodness.

A ration of Grape-Nuts along with other food has started thousands on the "Road to Wellville."
