AFTER CARRANZA—WHAT?

Now Carranza's government is reported to be crumbling. His difficulties may be exaggerated by his enemies, of whom he has plenty in this country, as well as at home, but there is no questioning the fact that the First Chief is seriously handicapped.

He needs money to complete his work and he can't get money. To re-establish a properly-functioning government and redeem the nation's shattered credit, it is said, he must have \$350,000,000. Wall Street has the money but flatly refuses to lend it to him, and he can't at present borrow anywhere else in the world. So Carranza's hands are tied. He would be better off if he could trade his recognition by our government for recognition by our financiers.

Just why Wall Street withholds credit from Carranza isn't plain. It is argued that his government isn't stable enough, yet a couple of hundred millions might make it stable. Wall Street lent Huerta money, and it was said to be willing to lend him more when he was outside looking in. It may prefer to finance some other revolutionist, more tractable than Carranza.

But is it really necessary that there should be another revolution in Mexico, opening anew the interminable vista of anarchy? If there is another, the United States may be compelled to intervene.

Maybe that is what Wall Street wants.

When one reads of vessels carrying munitions of war for the Russians, to Vladivostok, and of the ice-bound conditions at that harbor for nearly half the year, one naturally pictures the place as being in the far north. Yet ships sailing from the Columbia for that port would have to direct their course, south of west, as it is due west from Roseburg, where Spring lingers in the lap of winter practically all the time the old man is handy to linger on.

While the administration is insisting Germany does not carry out her threat to attack armed merchantmen. It might also get busy and compel England to cease attacking unarmed American ships and taking passengers therefrom. It looks as though our British neighbors had forgotten the little affair of 1812 and needed a forcible reminder.

American born Japanese in Hawaii declared recently through the president of their society, their loyalty to the United States, saying: "We must stick to American ideals even if we should have to fight our parents in case of war." This is a spirit of patriotism that should shame some whose great grand parents came to this country.

Oregon leads the world in about everything. In Marshfield it has the largest city in the United States without railroad communication, and it also has the only town that is the terminus of a railroad that has no wagon road connecting it with any place, and that is Detroit, up on the Santiam, a lively little city too.

It may be Salem is to have another railroad added to its list. The surveyors starting from the electric depot a few days ago are evidently still going though no one seems to know in which direction. There is a rumor they were headed for Stayton, and they surely cannot find a better little city to steer for.

The Portuguese have gone far toward getting into the European Tong war. Their deliberate act in taking possession of Austrian and German ships interned in their harbors, practically an open act of war, shows that the latter half of their national name is appropriate.

Three weeks ago all the talk was about snow and the winter of "steen something," but for the last week Salemites have been making garden, while violets, jonquils and other early flowers are proving Spring has tripped one trip up this way.

Miles City, Montana, must have a pretty bad jail. A traveling man kept in it for two days has sued the company causing his arrest, and says it is worth \$12,500 a day to stay in it.

"What's in a name?" Well do you suppose "Hi" Gill would have received more than half the votes in Seattle under any other name, than that friendly, everyday, handle, "Hi"?

Burton, La Follette and Cummins all shied their castors into the political ring Wednesday and became prominent candidates for the position of "also rans."

Portland is getting busy and arranging for a campaign to secure preferential rates on freight from the Inland Empire to terminal points. She needs to.

The Chinese Tongs have declared a thirty day armistice. Thus do the heathen set an example to their be-nighted Christian brothers in Europe.

STOLEN OR STRAYED

What has become of the maidens fair, who pleased the eyes of the old time swells, who made the dresses they used to wear, and looked as smooth as the modern belles?

They made their gowns and they made their hose, they made their hats with a right good will; they made their quilts and such things as those, they sewed and darned with the darnedest skill. They made good bread and they made good pies, they made good jam and they made good tarts; their doughnuts gladdened our weary eyes, and put new vim in our jaded hearts. They took blue ribbons at county fairs, for fragrant butter in golden rolls; a noble pride in their skill was theirs—but now they're vanished, God rest their souls. They're past and gone to the brighter spheres, and no successors they left below; about one time in a hundred years you'll see a girl who can cook and sew. I like eggs soft and I get them hard, I like tea strong and I get it weak, the toast is burned and the steak is charred, and tears are gimmering on my cheek.

Building Airship To Fly Around the World
San Francisco, Feb. 25.—An air trip around the world is planned to start from here within the next four months. Porter H. Adams, of Boston, is here to day, arranging for construction of a \$170,000 hydroaeroplane in which he DeLoyd Thomson of the Aero-Club of America, Donald W. Douglass and a navy representative probably Lieutenant H. B. Douglass, plan to make the flight.

A CLEAR COMPLEXION
Ruddy Cheeks—Sparkling Eyes—Most Women Can Have
Says Dr. Edwards, a Well-Known Ohio Physician
Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women, as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition. Dr. Edwards' Olive Tablets, the successful substitute for calomel—10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

Woman Stripped and Waded to Her Death
San Francisco, Feb. 25.—Life savers of the Golden Gate station patrolled the beach today on the watch for the nude body of Mrs. J. Kirkpatrick, who drowned herself last night as an automobile party looked on. It was her second attempt within the week. Calmly stripping off her clothes, while the autoists thought she was merely preparing for bathing, she waded out until the waves engulfed her. The watchers realized after a time that it was a tragedy they had watched, and told the police. No reason is assigned for her deed.

Negro Woman Holds Up and Robs Tacoma Man
Tacoma, Wash., Feb. 25.—"You holter and this here knife goes into your meat, man."
With this admonition, Martin Sather was stopped by a negro woman as he was passing an alley just before midnight. Sather saw a long, wicked looking hunting knife in the hand of the woman.
"Come down the alley," said the female holdup, and Sather obeyed. In the dark she snatched his pockets, getting \$5. Sather notified the police and they arrested Annie Nash.

German Commerce Raider Prowling Along Coast
New York, Feb. 25.—A German commerce raider is prowling along the United States coast, according to a wireless message the Italian liner Goussape Verdi received before arriving here today, from Genoa.
Captain Maggi said that a Canadian wireless station sent out the warning two days ago, presumably intending it for British vessels entering or leaving American ports.
The Verdi carries two three-inch guns in keeping with the Italian policy of arming merchantmen, and it is expected she will keep them when she sails out of here.

Backache, Swelling of Hands and Feet
Dear Editor:
I appeal to those of your readers who are bothered with backache and a constant tired, feelings to give "Anurie" a trial. It is a remedy recently discovered by Dr. Pierce of the Invalids' Hotel, Buffalo, N. Y. I suffered from backache, swelling of hands and feet, too frequent excretion from the kidneys and many other symptoms. Was unable to work, but after taking just one box of "Anurie" according to directions I am again able to perform my daily duties.
(Signed) W. R. BRAY.

TO GET LIFE SENTENCE
Baker, Ore., Feb. 25.—James McComb will be sentenced to life imprisonment tomorrow for killing Leonard Gould, his cousin, November 18. After deliberating 25 minutes a jury last night convicted McComb. He had pleaded insanity.
Ambassador Gerald broke his collar bone while shing in Germany, but his backbone remains unimpaired.

Military Training To Be Available for the Young
Washington, Feb. 25.—Persons not desirous of entering the militia, or too young to do so, will be enabled to gain military training if provisions to be included in the senate military bill become law.
The committee proposes a system whereby army officers and government training would be used in drills in high schools, universities, patriotic societies and volunteer organizations.
The Wyoming plan of preparing school boys in military lines will be encouraged.

IF BACK HURTS USE SALTS FOR KIDNEYS

Eat Less Meat If Kidneys Feel Like Lead or Bladder Bothers You—Meat Forms Uric Acid

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flesh clogged kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Will He Far Away From the Irresistible Yvonne

New York, Feb. 25.—Prince Miskinoff, he of the olive complexion, chocolate spots, perfume and jewels, is going far, far away from entrancing Yvonne Gouraud, whom he called his own "little kid", who was irresistible in "hit-thee", he announced today.

This all happens because of the virtual breakdown of his separation suit against Princess Miskinoff, the former Yvonne Crocker, foster mother of Yvonne.

Now, says the prince, he plans to join the czar's army—the next heard of him may be that he is a hero in a charge around Mash.

He admitted that the separation suit is about off, and it is believed that a formal dismissal will be registered tomorrow as Mrs. Crocker, too, is willing to call it quits, now that she has proved to the prince's satisfaction that she was not the mother of a child, as he believed, and that the babe was only adopted.

Meantime, Yvonne remains with her foster mother.

AFTER SIX YEARS

Salem Testimony Remains Unshaken.
Time is the best test of truth. Here is a Salem story that has stood the test of time. It is a story with a point will come straight home to many of us.

P. W. Brown, farmer, 1399 State St., Salem, says: "Three years of mill-wright work in a damp atmosphere disordered my kidneys. I often had lameness and soreness across the small of my back. When having an attack, I heard of Doan's Kidney Pills and got a supply. They removed the backache and soreness, together with other symptoms of kidney trouble." (Statement given Jan. 31, 1906). After a lapse of more than six years, Mr. Brown said: "All I said recommending Doan's Kidney Pills when I publicly endorsed them before, holds good. I use them occasionally when I have symptoms of kidney complaint and I never fail to get quick relief. Another of the family has also used Doan's Kidney Pills for kidney weakness and has had the best of results."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown has twice publicly recommended. Foster-Milburn Co., Props. Buffalo, N. Y.

Feature No. 6. MOOSE LODGE ALL STAR VAUDEVILLE SHOW THURSDAY, MARCH 2. GRAND OPERA HOUSE

TOM ORDEMAN

Tom Ordeman, baritone singer famous throughout the Pacific northwest, and one of J. Ross Fargo's most promising students, will appear for the Moose Big Night.

Mr. Ordeman will sing songs that are entirely new to Salem theatre goers, and at the same time will sing by request any song which he so ably rendered all last summer when he sang at the park concerts, and was so much appreciated.

Mr. Ordeman would now have been either in Paris or Germany finishing his studies had it not been for the war, as Mr. Ordeman already had passage reserved for Paris just as the war broke out.

Mr. Ordeman possesses a well trained baritone voice, and sings with the ease that comes after many years of thorough training.

The Moose committee has ordered special arrangements for Mr. Ordeman, and feel certain that Mr. Ordeman will prove a feature appreciated second to none on the program of all star cast for the Big Moose night. The next feature will appear here tomorrow.

Dr. J. O. Van Winkle to Locate at Jefferson

Dr. J. O. Van Winkle, who has been practicing in the city for the past five years, will move with his family tomorrow to Jefferson to take up the practice of medicine at that place.

The doctor considers this move as an opportunity in a professional way as he will take up the extensive practice of Dr. W. W. Allen of Jefferson who goes to Mill City.

Dr. Van Winkle was county physician in 1911 filling the unexpired term of Frank E. Smith. Later he filled for three years the position of health officer. For the past few years he has been serving on the U. S. board of pension examiners as secretary and is at present examining physician for the Knights of Maccabees, Ladies of Macabees, Foresters of America, Woodmen of the World and Royal Highlanders.

He held a chair in the Willamette University Medical school during its last year.

The doctor has also been prominently associated with the Foresters and Macabees, having held all the offices within the gift of these two lodges. Mr. and Mrs. Van Winkle have both been active in the Methodist church in both church work and musical circles. During the past winter Mrs. Van Winkle has been a student of the college of music of the University.

They will move to Jefferson tomorrow and the doctor will at once take up the established practice of Dr. Allen.
