**MINISTERS OPPOSED TO EASTER PARADES**

**Extreme Surf Costumes Among Paraders One of Features Condemned**

Santa Monica, Cal., Feb. 24.—Easter parades are not in favor with church people here. The opposition took definite form today, when petitions were presented to the city trustees protesting against the proposed Easter parade, April 23, along the promenade from Santa Monica to Venice.

This parade, as planned, will be similar to the famous style show on Fifth avenue, New York, every Easter and in addition many bathing gals attired in the ultra-extreme surf costumes of the season are going to stroll among the fully attired promenaders. A "bathing suit dinner" is planned as the finale.

Fifteen hundred church people signed the protests. The ministerial union also appointed a committee to ask that the plans be abandoned. Strong pressure will be brought to bear on the Ocean Park chamber of commerce. If it is unsuccessful, the ministers intend to preach on the parade in every church next Sunday, and circulate a big petition protesting against it.

**THE MARKETS**

The following prices for fruits and vegetables are those asked by the wholesaler of the retailer, and not what is paid to the producer. All other prices are those paid the producer. Corrections are made daily.

The local grain market is reflecting the sudden decline in Chicago and Portland and today wheat is bringing 82 cents a bushel. Oats are also weak and 37 cents seems to be the best local price. Twenty-six dollars is top price for bran and 828 for shorts.

Butterfat is off a cent today and is now quoted at 31 cents.

Livestock and other markets remain unchanged.

**SAGE TEA DARKENS HAIR TO ANY SHADE**

**Don't Stay Gray! Here's a Simple Recipe That Anybody Can Apply With a Hair Brush**

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautiful, dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyer's Sage and Sulphur Compound," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.

**"United States Will Be at War In Ten Years"**

Portland, Or., Feb. 25.—"The United States will be at war within ten years."

Major U. G. McAlexander, U. S. A., is on record today with this dire prediction. In an address on preparedness last night he declared there are 110 different places on the Atlantic coast where an invading army could land with ease. The Pacific coast, he said, is in worse condition, and the state of Washington would be absolutely helpless against invaders.

No navy, said Major McAlexander will ever attack modern coast defenses with any degree of success.

The chief menace to the United States, he indicated, is from Japan and England.

**Bethel News**

(Capital Journal Special Service.)  
Bethel, Or., Feb. 24.—At the meeting of the Bethel Literary society last Saturday evening, the debate was on the question "Resolved, That the horse is more useful than the automobile." The speakers for the affirmative were John Clark, John Zak and Paul Baker; negative, Clifford Johnston, Frank Kunciter, and Avis Williams. The debate was mostly extemporaneous but about every phase of the subject was covered. The decision was four for the affirmative and one for the negative. A short program was given.

There was a lively debate in the Bethel school Friday afternoon on the question, "Resolved, that the cow is more useful than the horse." The speakers for the affirmative were Bert Sandberg and Alttie Pstak. Negative, Johnnie Zak and Herman Doney. The decision was three for the affirmative and two for the negative.

The Parent-Teachers meeting at Macleay last Friday night was well attended. The hall was about full. There were several representatives from Fruitland and more than forty from Bethel. There were a few whistling solo by Mrs. Clark of Salem. The feature of the evening was the address by Miss Johnson, a domestic science teacher at the O. A. C. She spoke entertainingly and at great length on the importance of properly feeding the human animal. After the program several money-making schemes were launched. The fish pond seemed to be the most popular; to the tune of five cents per sucker, sandwiches, cake, candy, and ice cream cones sold well.

A fortune telling gypsy was present but her services did not seem to be in great demand. Finally the floor was cleared and "Mary had a little lamb"; after which several other games were played.

There was a valentine box at the Bethel school Tuesday of last week. The box was filled with the festive miseries of the season, many of them being hand made.

**HOT WATER THE BEST LIVER AND BOWEL MEDICINE**

**Says Glass of Hot Water Before Breakfast Washes Poisons from System**

Physicians the world over recommend the inside bath, claiming it is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.

**Portland Woman Is Mysteriously Persecuted**

Portland, Or., Feb. 25.—Three men are under arrest today charged with tapping telephone wires into the office of Dr. Anna Wheeler, the pretty young wife of Dr. Glen Wheeler. Their arrest marks another chapter in a mysterious succession of seeming persecutions against the fair physician. More than a year ago Dr. Glen Wheeler in ill health, boarded the British bark Clackmannanshire for a long tour. Dr. Anna is believed to be interned in some Turkish port.

Two months ago P. D. Stephenson was indicted for criminally libeling Mrs. Wheeler. He had registered at a cheap hotel under a fictitious name and had written the name of Dr. Anna Wheeler beside his. When arrested he said Mrs. Wheeler was with him at the hotel on many occasions as the register showed. Mrs. Wheeler indignantly denied it and demanded a thorough investigation of her conduct. Since then she says private detectives have shadowed her continually.

When the suspected wire tappers were arrested last night they immediately communicated with Stephenson. The trial of Stephenson, who is prominent socially, promises to be a sensational affair.

**AN EASY WAY TO END CATARRH FOREVER**

**Simple Home Treatment Destroys Germs of This Dangerous Disease.**

The reason why so many people who suffer from Catarrh never seem able to get cured is that they are continually seeking the momentary relief of sprays, douching, greasy creams, ointments, etc. Such things do open up the swollen nostrils and clear the head temporarily, besides stopping for a while the disgusting blowing, hawking, spitting and choking, but they never cure. To drive out Catarrh for good you have to get down to its real cause. Catarrh is a germ disease. The air is always full of catarrh germs thrown off by one person and absorbed by another and when the system does fail to throw off such germs they find permanent lodgement in the nose, throat and head and multiply rapidly.

The germs of catarrh can be best destroyed by inhaling the pure medicated air of Hyomei (pronounced High-oh-ey). This splendid and powerful combination of oil of Eucalyptus with other healing agents has a wonderful germicidal action. You breathe its air into your nose, throat and lungs by means of a small hand rubber inhaler which Daniel J. Fry and other leading druggists here in Salem and vicinity supply with every treatment. The medicated air is certain death to the germs of Catarrh and drives them completely out of your system and when the germs are destroyed the catarrh with all its disagreeable symptoms will stop. Even two or three minutes use will give refreshing relief, while, if you will use it two or three times a day for a few weeks it will completely banish catarrh and every symptom of catarrh. As Hyomei is pleasant to breathe and is always sold by druggists everywhere with a positive guarantee of successful results or money back, surely no catarrh sufferer should go long before trying this simple home remedy.
