

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a yellow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, is gentle in its action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

High School Notes

A class motto and the right kind of a yell for the Senior class is now occupying part of the time of the soon-to-be graduated ones. Following the example set by all associate bodies, after talking it over, the matter was referred to a committee.

The platform activities of the seniors will be in charge of Oral Lemmon. Activities of this nature are new this year and will include declamatory speaking, extemporaneous and impromptu addresses. For the declamatory work, one member from each class will be chosen for a selection of oration, humor and dramatic work.

For extemporaneous speaking, three members from each class will be appointed and given a subject to discuss, after two hours' preparation. For impromptu debate, three members from each class will be chosen and given the subject on which they are to speak when they go on the platform.

Since the cleanup committee has been appointed, the building has taken on a new appearance. Very little paper is to be seen laying loose and members now are not so anxious to carve their names or initials on the chair arms. Punishment has been meted out to but few pupils. Knowing that students are on the look-out for offenders, there is practically no violation of the rules.

Since the members of this year's debating team have been awarded the official debaters, gold pin "S" they are acting as if they were really proud of themselves.

In the inter-class debate this spring the seniors class will be represented by Edward Rauch, Mary Findley, Carlton Savage and Oral Lemmon.

A QUICK, SURE WAY TO END CATARRH

Catarrh Glands Breed By Millions In Air Passages of Nose and Throat. Just One Way to Drive Them Out.

To stop catarrh for good you must drive from your system the germs that cause catarrh and that are now feeding and growing fast upon the swollen inflamed mucous membranes of your nose and throat.

A splendid means of destroying catarrh germs and overcoming catarrh has long been recognized by physicians in the well known oil of Hyomei (pronounced High-mey) and it is now a very simple matter for any catarrh sufferer to use it with splendid results at home, by breathing its air through a little hard rubber inhaling device which leading druggists are supplying with each large complete treatment.

Just pour a few drops of the oil of Hyomei into this inhaler, place it between your lips and then breathe naturally and the pleasant smelling antiseptic, germ killing air will penetrate deep down into every fold and crevice of your raw, sore, throat and lungs and give you quick certain relief, opening up the air passages, making you breathe easily, stopping the inflammation and discharge and driving from your system every catarrh germ that has found lodgement there.

If you want to be free from every symptom of catarrh, are tired of trying one thing after another without being fit to go to Daniel J. Fry or any other reliable drug store luncheon and get a complete Hyomei inhaler outfit, use it every day for a few minutes and if it does not drive the catarrh germs out of your system and give you real lasting relief from Catarrh your druggist will give you your money back.

Bomb Plotters Attack Providence Newspaper

Providence, R. I., March 3.—Investigation of a fire and explosion in the Providence Journal building last night convinced authorities today that anti-social agents were victimizing the paper for its recent exposure of Austrian and German activities. The damage was comparatively small. John E. Rathbone, editor, was struck by flying wreckage but not hurt in any extent.

FOR SOUND NAVY YARD

Washington, March 3.—The senate naval committee today unanimously reported a bill to appropriate \$2,005,000 for equipping the Puget Sound navy yard for battleship construction.

SUGAR PRICES SOARING

Little Mamie Campi

Brave and Cool Headed

San Francisco, March 3.—Mamie Campi is the heroine of old Telegraph Hill today.

Not a kid in the tenement district there but looks with awe at her; not a ragged man or woman who does not put her on the head and tell her in broken English that she is a "fine little girl."

Mamie rescued her brother and sister last night from their burning home on top of the hill. Everybody was excited except Mamie. She dashed into the burning basement, risking her own life, and dragged them from their beds. Then she wanted to help out others.

Firemen had a hard fight to drag their hose up the hill, and before they succeeded a few people were hurt, though not badly, and Telegraph Hill, the landmark of the old days, was more excited than it had ever been before.

Rich Strikes Reported

In Coeur d'Alenes

Wallace, Idaho, March 3.—Miners are stampeding to the Pine Creek section of the Coeur d'Alene district today, following reports of several rich strikes. The high price of metal has encouraged development of many mines, with the result that new bodies of ore have been uncovered in several places.

On receipt of these reports prospectors flocked to the district. Today the creek has assumed the proportions of a stampede.

TOO WEAK TO FIGHT

The "Come-back" man was really never down-and-out. His weakened condition because of over-work, lack of exercise, improper eating and living demands stimulation to satisfy the cry for a health-giving appetite and to refreshing sleep essential to strength.

Look for the name GOLD MEDAL on every box. They are the pure, original, imported Haarlom Oil Capsules.

GOT SOME ALIMONY

Boise, Idaho, March 3.—Alimony in the sum of \$175,500 was granted to Mrs. Isabel Lederich Kerl in a decree handed down today by Judge E. L. Bryan, granting her a divorce from Thomas T. Kerl, wealthy resident of Coeur d'Alene. The decree provides that \$7500 shall be paid in cash for the purpose of providing a home for Mrs. Kerl and her minor child, of whom she is given custody, and \$10,000 for support of her child, to be secured by mortgages due in two, four and six years.

Mrs. Kerl formerly lived in Memphis, Tenn.

SNAKES MUST BE GOOD

Portland, Ore., March 3.—Snakes must be properly introduced or they cannot appear on movie screens in Portland. Also they must not perform any terrifying movements or tongue dartings while the camera has its eye on them. The board of censors issued this decree today.

"Properly introduced," explained the board, "means that a caption should be flashed on the screen giving the audience due warning that snakes are about to be shown."

GRAY HAIR BECOMES DARK, THICK, GLOSSY

Grandma's Recipe of Sage Tea and Sulphur Darkens So Naturally That No Body Can Tell

Almost everyone knows the Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray. Try it! No one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

NO MORE BACKACHE

NO MORE MISERY

Hundreds of people have been relieved of the agonies caused by weak, diseased or clogged-up kidneys by using Solvax, the new remedy that quickly reaches the source of all kidney complaints.

If you suffer with pains in your back and sides or have such signs as kidney or bladder trouble such as rheumatic pains, painful swellings under the eyes or in the feet and ankles, if you are nervous, tired and run-down, or bothered with urinary disorders, Solvax will quickly and surely relieve you of your misery.

Solvax is probably the most potent remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It neutralizes, dissolves and kills the kidney salts, cuts off all the uric acid and poisons left by the blood, and renders the kidneys and urinary organs clean, vigorous and healthy.

Many of the best druggists say that no medicine ought to be paid for unless it does the user some good. Solvax therefore sells under a positive guarantee to quickly relieve the worst cases of kidney trouble or your money refunded. Try Solvax today and if you cannot see and feel a decided change for the better just go to the druggist from whom you bought it and tell him you want your money back and he will return it without question. This is the strongest argument that can be offered in behalf of any medicine. Solvax is sold in Salem and vicinity by Daniel J. Fry and other leading dealers.

WILL HAVE SMELLY TRIAL

Los Angeles, Cal., Mar. 3.—Bouquets of fragrant onions, bunches of violets and delicate handfuls of limburger are to be flourished under the nose of Miss Edith L. Early in Judge Wicks' court today to prove she has no sense of smell.

Miss Early is to be blindfolded during the trial, and if she guesses: "Ah, violets!" while the limburger is wanted, her attorneys will demand \$10,000 damages from the Los Angeles railway. It is alleged she lost her sense of smell in a street car wreck.

Company Incorporated to Handle Mexican Trade

San Francisco, March 3.—That a new fleet of ships will soon ply out of here for Mexican and Central American ports was believed today to be probable as the result of incorporation of a new company here—the Southern Pacific Steamship company. SOLVED THE PROBLEM

Redwood City, Cal., Mar. 3.—Thelma Neal's parents instructed Raymond Buchanan of San Francisco not to keep her out after 11 o'clock at a dance here. The hours sped so swiftly that it was midnight before he realized it. Then he decided to wed the girl, so the parents would have no objections.

MADAM MELBA IS MAD

San Francisco, March 3.—Madame Melba, prima donna, was mad, just plain mad today, when she learned that a Nevada man is claiming to be her son and thus gaining social benefits in his state. As proof that the man is an impostor, she pointed proudly to her son who is accompanying her. She plans to sail March 8 for Australia.

AMBASSADOR TO CHILI

Washington, Mar. 3.—President Wilson today nominated Joseph Shea, of Indiana as ambassador to Chili.

SQUANDERED HIS MONEY

San Francisco, March 3.—Complaining that her husband, though drawing a \$250 monthly salary, squandered only two bits a day upon her, and told her he would provide only bread, butter and shelter for her, Mrs. Evelyn Murdock sued George L. Murdock for divorce.

SALTS IF BACKACHE AND KIDNEYS HURT

Drink Lots of Water and Stop Eating Meat for a While If Your Bladder Troubles You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and clogged. When your kidneys get sluggish and clogged you must relieve them, like you relieve your bowels; removing all the body's uric waste, also you have backache, sick headache, bady appetite, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water seals and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

Oregon Flax Praised

By National Expert Who Visits Pen Plant

Not only is Oregon flax of an excellent quality but the pen plant is going to be a business like basis with every prospect of success according to Frank C. Miles, of the bureau of fibre investigations who visited the pen flax plant with Dean A. B. Cordley, of Corvallis, yesterday. Mr. Miles stated that the flax that was not retted would keep for any length of time and that the profits from this would pay for any that might be lost or damaged by over retting. He advised the dew retting process in place of tank retting.

Mr. Miles stated that the pen flax plant was equipped with good machinery for a plant of this nature where labor saving devices were unnecessary.

Mrs. W. P. Lord and Mrs. Edith Tozier Weathered called a meeting of the Salem members of the Oregon Women's Flax Fiber association yesterday afternoon to confer with Mr. Miles and Dean Cordley. The adaptability of the Willamette valley to flax production was discussed informally.

Mr. Miles and Mr. Cordley went to Portland today where they will meet the flax committee of the Portland Chamber of Commerce.

AN ADVERTISING SCHEME

Portland, Ore., March 3.—Here's a new Wallingford scheme the police have unearthed:

"Doctor" C. Howard Childs, they allege, employed pretty girls to inquire at drug stores for a certain patent medicine, manufactured only by himself. Thus he created a false demand it is charged, induced druggists to buy large orders of the medicine at a fancy price, and varied far on the proceeds.

"Dr." Childs is in the county jail.

THE MARKETS

The following prices for fruits and vegetables are those asked by the wholesaler of the retailer, and not what is paid to the producer. All other prices are those paid the producer. Corrections are made daily.

Although the Portland wheat market was stronger yesterday, the slight ups and downs of that market do not affect Salem prices. The average price for wheat in Salem seems to be about 75 cents, although one mill claims to be paying 80. But possibly, like in all lines of merchandise, the quality is responsible for the range of three cents in prices.

Although sugar advanced 10 cents yesterday, there is no standard price with the grocers this morning. Formerly, the retailers were generally together on an established price for sugar, but these are not today and each dealer is making his own quotations.
