He comes from Riverside, California where he has been pastor of the Baptist church for the past eight years. Since entering the ministry he has been associated with but three churches. His first pastorate was in Minneapolis. From that city he went to Waterloo, Iowa, and from there to Riverside. Regarding his work in Riverside, in writing to a friend in this city, a member of his church refers to Dr. Holt as follows: "You will find him a splendid organizer. Every department of the church sought his counsel, the Sunday school, the young peoples' society, ladies' aid and missionary societies, the Men's Brotherhood, the board of trustees and the different committees organized to carry on the work. In Church Federation work his fellow pastors acknowledged him as a leading spirit and sought and accepted his wise counsel. In the Southern California convention work since his coming here, Dr. Holt has almost from the first, taken a very active and prominent part in the different committees. In educational work he is on the list of Board of Regents of the University of Redlands. The Holt family consists of Mr. and Mrs. George F. Holt, four boys and one girl. Polk Streams Open April 1

Phil Begin received a letter from the state fish and game commission Monday informing him that that body had decided to grant the petition of the anglers of this county for the opening of the streams for fishing on the first of April. Last fall the streams were closed upon a petition from the fishermen so as to allow the fish that had recently been placed in the streams to attain some size. Heretofore a large number of the small fish have been caught during the winter months and as a consequence very few fish of any size could be caught during the spring and summer. About 25,000 trout fry were planted in the Polk county streams last fall.

Lots of New Books for the Public Library

The new books coming into the public library are not entirely for the older folks, by any means. Children are now getting their full share of attention in the public libraries as well as elsewhere and even the babies are having books written about them and their care and stories for them as soon as the age of understanding arrives.

The following books were placed on the shelves this morning, all for children: Brooks, In Leisler's times, a historical story of Knickerbocker New York. Colum, Boy in Erian. The boy is Finn O'Donnell, and his story is full of interesting things. Denton, Little people's dialogues, designed for young people of ten years. Dodge, Baby days, a new selection of songs, stories and pictures for very little ones.

Hammer, Little folks' book of wonders. Some of the wonders are animals that lived thousands of years ago. Others are things men are doing now. Harrison, Making wireless outfits, a simple explanation of the construction and use of an inexpensive wireless equipment. Murai, Kibum Daizin, or, From shark boy to merchant prince. A Japanese story written by a Japanese.

Smith, Boys of the border. One of the "Old Deerfield" series. Steadman, Story of Mereward, the champion of England. In part fancy and in part reality, the story of one of England's heroes is full of interest. Wood, Children's first story book. An easy book for the little ones.
