And mel-
Low, rich TUXEDO!

Get yourself properly Tux-ified and you'll make all rivals look as though they were tied to a post—'cause there's no tobacco made that rivals Tuxedo for speeding things up.

You just can't taste the savory flavor and whiff the snappy fragrance of "Tux" without feeling the spirit of hustle shooting through your whole system.

PROF. WILLIS L. MOORE
Esq., Chief of the United States Weather Bureau
"Tuxedo appeals to me because it is fragrant, without being heady; mild, but not tasteless. A thoroughly enjoyable, satisfying pipe tobacco that affords substantial relaxation."

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

And no wonder! For there's no tobacco leaf in the wide world so rich as the choice, ripe Burley that Tuxedo is made of. When this wonderful leaf is mellowed to perfect mildness and every last bit of bite taken out by the original "Tuxedo Process" you have a smoke that's packed full of life and joy and satisfaction. Try Tuxedo for a week.

THE AMERICAN TOBACCO COMPANY

"PREPAREDNESS" SPIRIT BRINGS HOST OF RECRUITS TO ENLIST IN CO. M, O. N. G.

Last night the Army had the appearance of a miniature concentration camp. The new recruits who answered the call of preparedness swamped the quarter master's department and many were unable to be fitted with the service equipment, prior to the hour of drill.

The Annual Federal Inspection will be held tomorrow night and every member is working hard to maintain the ranking position as the banner company of the state on the records that will go back to the War Department.

The company has finally secured permission of the General Staff to recruit up to 100 men. Notice was received from headquarters yesterday by Captain Max Gohler that in case 100 men were present for the inspection tomorrow, additional equipment including clothing, rifles, lockers, and all other military paraphernalia would be forwarded immediately. The company

unanimously agreed last night to accept the recruits. About 15 vacancies exist under the new proposition, provided they can be secured before the inspection. The recruiting office will be open all day and tomorrow, at the Army.

All applicants must be over 18 years of age, of good moral character, and of permanent residence, or occupation, so that they will be in a position to attend the drill regularly every Tuesday night.

CHAMPION WILLARD IS TAKING IT EASY

Says He Is In No Hurry—Joe Howard Says "The Spirit Moved Him"

New York, Mar. 7.—Boer Rodel today joined the corps of ring veterans aiding Champion Jess Willard to round into shape for his fight with Frank Moran. He donned the gloves and exchanged a few blows with the champion, but the workout was brief and light Willard refused to work hard. He said:

"Why hurry? I'm in good condition now and we still have nearly three weeks before the fight."

It is understood that Al Reich, another old timer at the padded mitt game, will enlist in the champion's training squad within a few days.

While Willard was buffeting Rodel and doing a bit of gym work, Frank Moran was floundering in the gymnasium Westchester country. He plodded more than 10 miles through heavy going and trotted back to his camp flowing a bit, but still strong.

All Stars Beat Portland.

Portland, Ore., Mar. 7.—Playing the first half under Pacific coast rules and the last half according to the National association style, the All-Star hockey team last night trounced the Portland champions, 6 to 2.

Not a Vandeville Stunt.

Portland, Ore., Mar. 7.—Joe Howard, vandeville star, and musical comedy composer, may find a court judgment for \$50,000 hanging over his head unless he presents some reason to the contrary before next Saturday.

Mrs. Edith Witherspoon has sued Howard for breach of promise. Papers were served on Howard when he was in Portland in January. He did not answer them. The time limit has expired. Yesterday Mrs. Witherspoon asked for an order of default, and the hearing was set for Saturday.

Mrs. Witherspoon says Howard made violent love to her when he was in Portland two years ago, and promised to come back and marry her. Howard said he jokingly proposed to the widow at a dinner after he had drunk considerable wine.

Welsh Refuses Wolcott.

Millauke, Wis., Mar. 7.—Ad Wolcott, only a shell of his former self, was easily defeated by Freddie Welsh in a 10-round no decision bout last night according to the unanimous verdict of local sporting writers today. Welsh was much too fast for Wolcott and did not have to exert himself.

Berkeley Poor Tacklers.

Berkeley, Cal., Mar. 7.—Tackling practice featured today's workout at the University of California oval by the Blue and Gold football squad under direction of Andy Smith, the new coach. The first spring practice yesterday was satisfactory to Smith, although he believes the men are woefully weak in tackling. More than 50 men were on today.

JUDGE GALLOWAY TO BE CANDIDATE FOR CIRCUIT COURT BENCH

His Honor Makes No Promises Except To Do His Best As In the Past

Judge Galloway, who presides over Department Number 2, of the circuit court of this district which comprises the counties of Marion and Linn, today filed his declaration of candidacy for the Democratic nomination for reelection. During his sojourn on the bench Judge Galloway has had some knotty problems to settle in the equity department and has won a host of friends by his impartial decisions and fair honest dealings in all cases that come before him.

There are two judges elected in this district but there is no judge elected for the equity department nor for the criminal department, the two successful judges simply settle the questions themselves as to what division of the court business can best be maintained in the interests of economy and justice in the courts. Reports that certain candidates are running for the office in the criminal department and that others are candidates for the equity judgeship are erroneous and all of the candidates will find that they are running for the office of circuit judge alone and that the two highest candidates will settle the heads of the department themselves.

In an interview today Judge Galloway stated that he had no slogan and no promises to make except that if elected he would give the best in him to the service of the people irrespective of party, politics or other considerations. If he was not elected the judge said he and Mrs. Galloway would return to their Vanhook county ranch. The judge also added that the days which he and Mrs. Galloway spent on that farm raising peaches, pigs and babies were the happiest of their lives.

WORLD'S LEADING TOBACCO TOWN

Winston-Salem, N. C., Manufactures More Tobacco Than Any Other City

Following are extracts from an address delivered by Col. A. D. Watts, collector of internal revenue, for the Fifth district of North Carolina, at a smoker given by the Twin City Club, Winston-Salem, February 4, 1916:

"Some Comparisons."

"Winston-Salem is supplying one-fourth of all the chewing and smoking tobacco consumed in the United States, besides exporting vast quantities to foreign lands. This statement is taken from the report of the commissioner of internal revenue for the first quarter of the present fiscal year and from private advices from Washington, as to the second quarter, which ended December 31, last.

"Your city is making one-seventh of all tobacco products—chewing and smoking tobacco, cigars, cigarettes and snuff—manufactured in the United States. Your manufacturers are paying on an average about \$37,000 a day revenue taxes to the government and the amount is increasing from month to month. When your government building, much the handsomest in the state, was completed last July at a cost of \$270,000 your newspapers made the statement that the taxes paid in your city to Uncle Sam for the first eight days of its occupancy would pay for it. Since September, it has taken only a fraction over seven average days collections here to equal its cost. So far this week, Mr. Crawford has taken in \$206,125.50. I recollect that before 1915 shall have ended your average weekly payments to the government on tobacco will more than pay for this magnificent building, leaving the collections for the other fifty-one weeks as clear profit to the government."

"Tobacco Shipments."

"Winston-Salem is shipping on an average each week day to all parts of this country and to foreign lands at least \$150,000 of tobacco products. "In conclusion, Winston-Salem manufactures more tobacco, all tobacco products are taken into this statement, than any other city on earth, little or big. Industrially, she is easily first in North Carolina, population considered, first in America and I believe, in the world; socially, a never failing delight to her friends."

E. M. Reagan, publisher of the Albany Herald, as in Salem, returning from a business trip to Portland.
