Work of Repairing Dallas Heating Plant

(Capital Journal Special Service.) Dallas, Ore., Mar. 16.—Repair work was started early Monday morning on a break in one of the steam pipes of the city heating plant. The break was located in the alley south of the central station and resulted from the rusting of the pipe. The south end of the business section has been without heat for the past several days and it is working a hardship on some of the houses as they have no stoves. They can use in cases of emergency. It is possible that the work will have been completed by Thursday evening when steam will be again turned into the pipes.

Judge Grants Divorce. Judge H. H. Belt Monday granted a divorce to Mrs. Mary Jane Bowman from her husband, W. B. Bowman, giving the plaintiff the custody of the children. In her complaint Mrs. Bowman alleged cruel and abusive treatment and gross personal indignities. The couple have resided on a farm near Ballston for a number of years and during most of that time the family relations have been strained. Mrs. Bowman also gets a deed to about 40 acres of land in Umatilla county.

Commercial Club to Dine. The second monthly dinner of the Dallas Commercial club will be held at the Galt hotel this evening. A large attendance is expected at this meeting as there are several matters of importance to be discussed at the business session immediately after the banquet.

Sent to State Asylum. Monroe Burford, of this city, was taken to the state asylum at Salem last Friday following a commitment issued by the county court issued several weeks ago. Mr. Burford had been ill for several months and was confined in the Dallas hospital for a long period. There his physical ailments made him almost helpless. Recently his condition has been improving but the long seige of sickness had a telling effect on his mind and the mental powers have been fast disappearing.

Sheriff Goes After Prisoner. Sheriff John W. Orr left the latter part of last week for Modera, Cal., where Will Klepper, of Independence, is being held by officials of that city pending the arrival of the Polk county sheriff. Klepper is wanted on a non-support charge.

\*\*\*\*\* EAT A SQUARE MEAL AND NOT FEAR INDIGESTION \*\*\*\*\*

There are hundreds of people in Salem who were not the least bit surprised when they read in the Journal that Daniel J. Fry is selling Mi-o-na on a guarantee to refund the money in case it did not relieve. This remarkable dyspepsia remedy will relieve the worst case of indigestion, headache, dizziness, or the general played-out condition that afflicts every one suffering with stomach trouble. Mi-o-na does not simply relieve, it cures.

Daniel J. Fry can tell you of many well known people in this city who this remedy has restored to health, often after they have tried many other methods of treatment with little or no benefit. No other dyspepsia remedy has made so large a percentage of cures as Mi-o-na. It is so large that Daniel J. Fry stands ready to refund the price to any customer whom it does not help. The best kind of advertising is the praise of a pleased customer, and there are hundreds in Salem today praising Mi-o-na because it does what it is advertised to do. A few months ago they could eat nothing without wondering what the result would be. Since using Mi-o-na, they eat what they want and when they want with no fear of suffering. This medicine comes in the form of a small tablet and is very pleasant to take. It speedily and permanently relieves almost all forms of stomach trouble and is the only one sold under a positive guarantee without any restriction, to refund the money if it does not relieve. This is a good time to get well and you ought to take advantage of Daniel J. Fry's offer.

WHY CHILLY WEATHER BRINGS RHEUMATISM

Says Skin Pores Are Closed and Uric Acid Remains in Blood

Rheumatism is no respecter of age, sex, color or rank. It is the most dangerous of human afflictions. It is one of the most painful. Those subject to rheumatism should eat less meat, dress as warmly as possible, avoid any undue exposure and, above all, drink lots of pure water. Rheumatism is caused by uric acid which is generated in the bowels and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate this uric acid which keeps accumulating and circulating through the system, eventually settling in the joints and muscles causing stiffness, soreness and pain called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities. Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia water drink which overcomes uric acid and is beneficial to your kidneys as well.

TURNER DAIRYMEN PROSPEROUS

Turner, Ore., Mar. 16.—The Turner Cream Shippers' association held a meeting at Odd Fellows' hall and heard an address by Prof. E. B. Fitts, expert of the Oregon Agricultural college. His subject was the raising and feeding of succulent feeds. This association has a membership of about 50 dairymen, who by combining their shipments of cream and by standardizing their product have been able to realize three and one-half cents per pound of butterfat above market quotations.

American Army Is Fifty Miles Over the Border

Aeroplanes to Start. The Thirteenth cavalry, Sixth and Sixteenth infantries, a battalion of the Eighteenth infantry, a battalion of the Sixth field artillery and a portion of Fourth artillery are following the trail left by Villa in his retreat from Columbus.

Several army aeroplanes brought from San Antonio are scheduled to fly today from Columbus toward the column of Colonel Slocum. Colonel Dold's force is expected to cut across northwestern Chihuahua and join Slocum. From Guzman the two commands are to spread out in a wide enveloping movement for the purpose of surrounding Villa. Operations are being conducted in the vicinity of Villa's present known whereabouts are dependent on co-operation.

News of troop movements continued to arrive only by automobile parties which traveled in the wake of the expedition and arrived from Columbus. Accredited press association correspondents have left Columbus, and it is believed they are with Colonel Slocum.

No Report of Clashes. Strict military censorship at Columbus was continued.

There were no reports of clashes with Mexicans in the barren stretches from which early rumors of skirmishes were received while the soldiers were passing over them. No further reports of Mexican raids on American property or upon American soil were to be heard.

Troop trains passed through El Paso all night from the east, but railroad officials refused to reveal the identity of the units aboard, or their destination. Trainloads of equipment and supplies passed en route to Columbus.

Sightseers returned from Columbus praising the spirit of the American

BRIGHTER CHILDREN. Children are probably brighter today than a generation ago—but are they stronger? That's a grave question. So many pinched faces, dulled eyes and languid feelings make us wonder if they will ever grow into robust, healthy men and women. If your children catch colds easily, are tired when rising, lack healthy color, or find studies difficult, give them Scott's Emulsion for one month to enrich their blood and restore the body-forces to healthy action. Scott's Emulsion is used in private schools. It is not a "patent medicine," simply a highly concentrated oil-food, without alcohol or harmful drugs. It cannot harm; it improves blood; it benefits lungs and strengthens the system. Your druggist has it—refuse substitutes. Scott & Bowser, Bloomfield, N. J. - 15-24

forces. They said the men appeared eager to face hardships. As they marched away the town turned out and followed them, cheering. Bringing up the rear of the advancing column moved a line of rumbling wagons guarded by armament. They carried enough rations for both man and beast to carry them to their permanent base.

Many Villistas Wounded. El Paso, Texas, Mar. 16.—After having bivouacked over night near Palomas lake, nine miles from the border, the main American detachment hunting Francisco Villa was reported arching deeper into the landit country today.

Cavalry is scouting ahead of the following infantry column. Bringing up the rear comes a long train of army wagons, escorted by horsemen. Colonel Slocum's men were reported this afternoon crossing the Chihuahua desert, following the line of Villa's retreat from Columbus. The trail was much less than the one followed by the main column, and the men who were reported to accompany their comrades. When they weakened they were abandoned.

An army wagon train returned to Columbus last night bringing ten Villistas wounded who were caught in the scout's dragnet. Colonel Dold's column which crossed the border yesterday or today from Culberson's ranch, Arizona, was said to be proceeding southeast along the Sierra Madre foothills. Their march is forced, as they are endeavoring to relieve the town of Dublin, where a colony of American Mormons is believed to be holed up.

Mormons who left their families in Dublin are acting as guides and scouts for Colonel Dold. El Paso Mormons fear the expedition will reach Dublin too late, as the Villistas are said to have announced their intention last Tuesday of immediately destroying the colony.

A son of the Mormon bishop, Hurst, arrived at Juarez on a Mexican and Northwestern freight from Casas Grandes with the first definite news that 500 Mormons reported threatened there were safe. They had not heard of the American expedition against Villa.

Only True Names May Be Put On Ballot

Secretary of State Elliott has informed all prospective candidates that only their true names can appear on the ballot and if they suffer from a nickname they are not allowed to insert this name in parenthesis as "James R. (Terrry) Brown." Oregon has a number of prominent men in politics who are familiarly known by names that have never given them by their mother as Congressman Clifton N. (Pat) McArthur, John P. (Jerry) Bush, and Ransome (Joe) Woolley.

15 SCHOOLS HOLD RALLY

Turner, Ore., Mar. 16.—The Turner high school student body held a successful rally and reception March 10, when 15 schools were represented. The events consisted of class songs, yells, a mock trial, readings, speeches, band music, yard games, tennis and baseball, followed by a dinner at 6 o'clock.

Among the speakers were County Superintendent W. M. Smith, Supervisor John W. L. Smith, Principals Godward and Albee, of Marion, and Shaw, Elizabeth Cornelius, Dr. G. A. Maysie and C. A. Bent, chairman of the school board.

T. E. Wilson, principal of Turner school, welcomed the visitors, and spoke of the moral standard of the school, declaring that not one boy smoked, and that the entire student body was practically self governing.

STAYTON HOPES FOR LINE. Stayton, Ore., Mar. 16.—More and more it seems to be becoming the popular conviction that at last this city will be connected with the outside world by rail.

Grant Dinkel, president of the W. F. Hamette Valley & Southern, is expected soon in this neighborhood. This fact coupled with the popular expectation that the line would build through Mount Angel to Salem and Stayton, revives interest. Another reason for the predilection to that a company of surveyors has been here for some time mapping out a line to Mill City, 15 miles east thence through to Bend.
