19. 18,30 growing associations was one of the advocacies mistakenly attributed to me. have started a campaign of education among the growers to persuade them that the auction system in these largest

3.81 apple shippers.

'I explained that there was no effort being made to have the apple that the vitality of the prone frees will growers break away from their organizations and ship independently to the auctions; but that the endeavor of the auctions; but that the endeavor of the local results of the property of th

auctions; but that the endeavor of the auction houses is to persuade the northwestern fruit shipping organizations themselves, to follow in the well beaten path of the California Fruit Growers Exchange and the California Fruit Distributors as well as the California Fruit Distributors as the California Fruit Distributors as tributors, as well as the Florida Citrus eral passenger department of the South-Exchange. The auctioneers realize that unless

25 or 30 per cent of the apples supplied to a city are sold at the daily auctions, that the public sales system will not bring the fullest success, as it is necessary to have steady supplies of first grade offerings in order to attract the buyers from the stores of the "I also outlined to the students the

plan proposed by the officials of the office markets and rural organization to incorporate the shipping organizations of the northwest into the North-western Fruit Shippers' Agency. One of the purposes of this organization will be to furnish a clearing house of information for the shippers of Oregon, Washington, Idaho and Moutana; but the officials from Washington, D. C., into a national clearing house for all the associations of the country."

Southern Pacific Issues Book On Walnut Culture NO OTHER CHEW EQUALS IT

J. Lewis, chief division of horticulture, Oregon Agricultural College, Corvallis, of Spear Head is a revelation to the The book is compiled for the purpose of giving accurate information on walnut culture in the western part of Oregon and to aid the prospective purchaser in arieties of trees.

As to location and advantages of this Head. elimate, the booklet claims that western and southern Oregon is ideal as it approximates the climate of Europe and Asia where the nuts produce abundant-
