

About Ourselves

IN any talk about OWL, the Million Dollar Cigar, we believe that we can fairly claim a little place for ourselves. The OWL is our child, so to speak. We have fathered it here on the Coast for 20 years or more. And we are proud of it.

The OWL'S solid value

For the OWL, as for our other famous brands, we have always had but one policy.

Years ago, the OWL had to satisfy us before we offered it to smokers on the Coast. We had to be completely sold on its mellowness, fragrance, free drawing and even-burning properties before we were willing to put our organization and reputation behind it.

We have tried to keep faith with the nickel smokers on the Coast by making sure that this nickel cigar, sold with our name behind it, has been and will continue to be *solid value*.

The OWL'S fresh condition

Have you noticed that when you get an OWL it is usually in a nice, fresh condition?

This is due to a close study of demand and distribution, and to factory production; also to friendly cooperation between the retail trade and ourselves to prevent overstocking.

We consider this an important feature of our service to smokers.

Easily Obtainable

In building up a business on the OWL Cigar we have felt that we could not ask a smoker's loyalty to the brand unless we made sure that he could get the OWL conveniently.

The OWL is sold practically everywhere on the Pacific Coast. For this we thank the retail trade who have met us half way in our efforts to achieve a thorough distribution of this cigar.

Hayesville News

(Capital Journal Special Service.)
Hayesville, Ore., Mar. 21.—Miss Ida L. Denny came home from Sublimity Saturday for a short stay and returned to her school Sunday p. m.
The Barrow class entertained the Philanthropy class of the Sunday school and a number of other young people at L. T. Reynolds' opera house on Saturday evening. Refreshments were served.
Bruce Willis will leave Tuesday evening for Dorchester, Neb., having secured work there.
The pupils of the advanced room of the Hayesville school gave an excellent

program before a large and appreciative audience of parents and friends Friday evening. The Hayesville school has recently been placed on the list of standard schools and this fact was announced by Superintendent W. M. Smith, who was present and gave an address in which he spoke of the value of the co-operation of parents with the teachers and also urged industrial work and exhibits by the pupils. Prof. E. S. Botson, principal of the Park school, Salem, gave an interesting talk about the American flag. The pupils' part of the program has received much favorable comment on the manner in which they carried it out and also on the interesting numbers given. The dramatization of Longfellow's poem, "The Birds of Killingsworth," by the fifth grade, was especially attractive. The characters were as follows: Squire Pouspous, Clair Turner; Deacon Knowlton, Walter Fuhrer; Parson Jacobs, Dwight Hill; Prof. Jamison, Galen Siddall; Farmer Haywood, Arthur Jones; Farmer Cheerful, Carl Stettler; Mrs. Cheerful, Ruby Brennen; Mrs. Adams, Pearl Brown. The fifth grade also amused the audience by their song in which they acted as the Board of Health of Cleanly Town. The dialogue by the older girls

was very well received and the individual numbers were also good.
The program was as follows:
Song—"Soldiers Who Don't Wear the Blue."—School.
Recitation—"Things Worth While."—Carmen Kuhn.
Song—"Weaving of the Green."—Hazel Kiser, Hilda Gruenfelder, Winnie Ritchey.
Recitation—"Stolen Custard."—Clair Turner.
Dialogue—"Sylvia's Aunts."—Eight girls.
Recitation—"Story of Augustus."—Ruby Brennen.

Get, at any drug store, a bottle of Zemo for 25c or \$1.00 for extra large size. Use as directed. For it does the work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is sure and safe. It is not greasy, is easy to use and will not stain. Soaps and shampoos are harmful, as they contain alkali. The best thing to use is Zemo, for it is pure and also inexpensive.
