

# Such a shape!

Know this square-end OWL. Then get this about cigar shapes!

An even-burning cigar, like this, gives you its best. Of all cigar shapes the square-end cigar is your surest even-burner. The Owl proves it.

A cigar which burns unevenly, like this, gives you its worst. The Owl practically never burns unevenly because its hand-made in the square-end shape.

Shape alone will never make a cigar. But add to this square-end shape, 18 months of curing, long leaf filler, and hand workmanship—all features of the Million Dollar OWL, and you see why it is such a smooth-and-even-burning, satisfying smoke.

### CHAMPION WILLARD MAY RETIRE NOW

Intimates That He Has Fortitude of Sufficient Size to Quit Ring

New York, Mar. 27.—Champion Jess Willard who defeated Frank Moran in ten rounds at Madison Square Garden may never fight again, according to a statement today by Dave Lewiston, a Chicago business associate of the title holder. He said Willard told him:

"I will never enter into any more bouts."

It was pointed out that Willard is now quiet, that he loves his home and that his present snow contracts are sufficient to double his wealth.

His manager, Tom Jones, does not agree with his reported resolve to quit the ring. Jones is willing to take on Moran again or to meet other fighters for a "suitable consideration." Moran is asking for a 25 round return match.

### Bob Burman, At Fair, Wins 50-Mile Race

San Diego, Cal., Mar. 26.—Bob Burman, driving a foreign-made car, won the 50-mile automobile race for the Panama-California International exposition cup here yesterday, leading Teddy Tetzlaff, in an American-made machine, in a sensational finish by 40 seconds. Burman's time was 57:30.45, greatly exceeding the expectations of race followers, who predicted the two dangerous curves on the 44-lap exposition course would make real speed impossible.

Tetzlaff followed Burman over in 58:20.25. Barney Oldfield was third in 59:15, and Cliff Durant fourth, in 1 hour and 2 minutes.

Burman took the lead in the third lap and never was headed. The four drivers got away from a standing start with Oldfield in front. Tetzlaff went into second place, with Burman third. Durant continued in fourth place and at no time during the race could he better his position. Burman, by driving into the curves in what appeared to be an exceedingly reckless manner, shot ahead of Oldfield on the third lap and by the same daring driving, maintained his lead until the finish.

Durant was forced to the pit during his third lap because of tire trouble and lost so much time that his chances of finishing above fourth place were shattered. Durant, however, was credited with driving the fastest lap, in 1:13. Nearly 15,000 persons witnessed the contest. In addition to the exposition cup, the drivers competed for a purse.

### Six Persons Burned In Texas Country Club

San Antonio, Texas, Mar. 27.—Identification of six persons burned to death when fire destroyed the fashionable San Antonio country club was completed today, and funeral arrangements were made. When first taken from the ruins, the remains were so badly burned it was difficult to ascertain who they were. Following are the persons who perished: Mr. and Mrs. J. B. Walthall, Judge J. E. Webb and Homer Jones, of San Antonio, Mrs. Mace Stewart, of Galveston and Helen Lockrell, maid. Originating among points in the basement, the fire spread with such speed that those who escaped had to jump from second floor windows.

### Capital Journal, As Usual, Gave First News of Willard-Moran Fight

Not only was The Capital Journal the first to give the news of the fight between Jess Willard and Frank Moran, but it was also the first to give the news of the fight between Willard and Moran.

Salen showed more enthusiasm than is usual in a prize fight and both places at The Capital Journal office went steady until long after 9 o'clock and the great question was "Who won?" The Willard-Moran fight has passed into history but The Capital Journal's efforts to give its readers up to the minute news will continue, not only in prize fights but in all other events of general interest.

The Capital Journal's extra edition, with a complete report of the fight was on the street, in less than ten minutes after the decision was rendered.

### Far Western Meet Attracts Attention to Corvallis

Corvallis, Ore., Mar. 27.—Scores of noted athletes of the Pacific coast country have entered for the big Far Western indoor track and field meet to be held in the O. A. C. armory at Corvallis, next Saturday. Among them are men who have held world records for such events as hundred yard dash, pole vault, and similar thrills. A number of new men will be on hand to dispute the title with such renowned stars as Howard Drew and Sam Hellah.

Officials have been carefully selected. T. Morris Dunn, chairman of the Pacific Northwest A. C. district has been appointed referee, and Peter Grant, of Portland, starter. Field judges, judges of finish, inspectors and all other officers of the meet will be selected from competent men, largely of the college faculty.

Events will be staged in quick succession. Ten lanes have been laid out for the foot dashes and hurdles, so that all heats and finals will have to be run. All distance runs will be of single runs only, while the longer dashes will be run in four-competitor heats. Pits for the jumps and pole vaults have been made to fit the occasion, and the discussion and javelin events will be put last on the program.

Beautiful medals, gold for the first, silver for the second and bronze for the third in each event, will be given all winners.

Special one and one-third round-trip fares have been granted by all railway lines in Oregon, Washington, Idaho and California. Tickets must be validated at the office of the manager. Athletes may secure reduced hotel rates at either of the local hotels.

### TRAINING SEASON ENDS

Modesto, Cal., Mar. 27.—Their training season practically at an end Cliff Blankenship's Salt Lake Bees trained here today for Salt Lake where they will put in a few days practicing on the home field before beginning the fight for the coast pennant.

The Bees wound up their California preliminary work Sunday by winning two games. Modesto was first defeated 2 to 1 and then the Stockton who was put down 3 to 1.

### WILLARD WILL NOT QUIT

Chicago, Mar. 27.—Reports that Champion Jess Willard would quit the ring were denied by him when he arrived here today. With regard to David Lewisohn's assertion that the title holder would retire, Willard said: "Lewisohn doesn't know about my affairs. I will fight again all right, if I can." He was accompanied by Walter Monahan and Jack Hemple, sparring partners.

### Democratic Secretary Dies In Washington

Washington, Mar. 27.—Thomas Pence, secretary of the democratic national committee, died at 2:30 a. m. today at his home here, following a lingering illness.

Thomas J. Pence was a newspaper man, born March 28, 1873, at Raleigh N. C. He graduated from Wake Forest college with a degree of A. B. and after newspaper work in the south, joined the Washington staff of the New York Sun in 1908. He was in charge of the publicity bureau of the democratic national committee in Chicago. ### Trying to Discover Waite's Accomplishes

New York, Mar. 27.—(Associated Press.) John E. Peck was only one of perhaps several intended victims of Dr. Arthur Warren Waite, his son-in-law, District Attorney Swann today was trying to find the accused man's suspected accomplices. Tending to confirm police suspicions, it was learned that Dr. Waite was a student of virulent disease germs. Detectives are questioning Margaret Weaver Horton, who had a room at Waite at the Plaza hotel under the name of Mrs. A. W. Walters.

Relatives admit that the case against Dr. Waite is certain to convict him. They are trying to have Swann prosecuted on a second degree murder charge, and so save Waite from the electric chair. Miss Catherine Peck agreed to furnish money for his defense, provided he confessed all his misdeeds.

Dr. Waite has fully recovered from the effects of a narcotic drug which he took just before police entered his Riverside Drive apartment to arrest him. He constantly repeats the phrase: "Why don't they go ahead and have the thing over with?"

Get the drift of the world's doings by reading The Capital Journal.

### SPORT GOSSIP

Young Kramer, McGraw's big right hander from the Pacific Coast, looks like big league timber. He has a beautiful pitching style, with a fine body swing. He lets the ball go late, with a decisive motion. It is on top of the batter before he realizes it.

Roy G. Melling, a Lancaster twirler, went to Philadelphia on March 7, to join Connie Mack's Athletics on the southern trip. Melling has been with the Cedar Rapids team for the last two seasons, but had been drafted by the Savannah club, of the South Atlantic league, and was expecting to report there when he was notified by Manager Mack to join the squad at once. Last season he won a double-header of 24 innings for Cedar Rapids, and four days later landed a 15-inning game.

Lee Magee is making quite a hit at Macon. He is the life of the New Yorks' practice games and is displaying the ability which he has been given credit for having. So far as Joe Gaden is concerned, he has not done anything as yet to attract attention of the critics who are watching the Donovan team in action.

Fletcher Jones has decided to keep Bob Groom, although he at first was planning to send the former Washington pitcher to the minors. Jones evidently figures that Groom will be the same terror to the Detroit Tigers that he was when he wore a Washington uniform.

Sam Crane says that he has it straight that Connie Mack received \$25,000 for J. Franklin Baker, which is \$10,000 more than was first credited.

Sam Crawford has a cast-iron contract that does not expire until the end of 1917. If the veteran should fall down in his work in the meantime he would get his money just the same, but Sam has not shown any signs of old age yet.

Fritz Maisel, generally rated by the critics last season as the most valuable third baseman in baseball, has settled down to the task of developing into an outfielder. The shift entails a lot more hard work than is generally supposed.

Joe Jackson, White Sox outfielder, has purchased a home in Savannah, Ga., and will spend his winters there. His mother will occupy the house. He paid \$7,000 for the property.

An influence that is bound to be of value to the New Yorks is "Germany" Schofer. Schofer is a dispeller of gloom, a joy producer of the highest type. There is no chance for any sullenness or dreariness or moodiness to assail a squad with "Schofer" injecting the old pep into the situation and loosening up the lough.

MURDERER FIGHTS  
Seattle, Wash., Mar. 27.—James Marzano started fighting extradition today after San Francisco detectives had identified him as Pietro Torturici, by a scar on his knee. He is wanted in San Francisco for the murder of R. Vilano, in April, 1905.

Sergeant Conlan and Detective Evans obtained an affidavit from a San Francisco laborer, before coming to Seattle for Marzano, in which it was sworn that Torturici had a pronounced scar on the knee. The detectives identified the scars today.
