### HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passages Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, sniffling, blowing, headache, dryness. No struggling for breath at night and your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh.

### Big Reward Offered For Villa's Capture

By H. D. Jacobs.  
(United Press Staff Correspondent.)  
U. S. Army Headquarters, near Dublin, Mex., Mar. 28.—(By aeroplane to Columbus, N. M.)—Venustiano Carranza has offered \$40,000 for Francisco Villa's capture, dead or alive. It was reported today.

"We will outmarch Villa in the next fortnight," said Brigadier General John J. Pershing, in expressing pride in the spirit manifested by his men. "The boys are stepping with such heads up as was never seen in ordinary maneuvers. If Villa holds his men together the expedition has a good chance of accomplishing its object."

Pershing is confident that Villa cannot greatly increase his force, as massing of Mexicans at Carrizito rancho turned his own countrymen against him. The Alvaro of El Valle from his pulpit explained the real purpose of the American expedition. It was reported that one Mexican forced into the Villista army there was a woman.

Pershing indicated that Villa was fleeing the south from El Valle. His exact whereabouts are apparently unknown at headquarters. The Americans have never been in contact with Villistas. A sniper once fired at an American aeroplane, but missed.

### Pratum News Notes

(Capital Journal Special Service.)  
Pratum, Ore., Mar. 28.—Miss Alvin Welby returned home Friday evening from Silverton where she has been assisting her sister, Mrs. Wm. Graham, who has been on the sick list for some time.

Miss Alma Roth, who is employed in Salem, visited with her parents Sunday evening.

Mr. Edward Leiby, of Portland, spent the week end with his parents who reside north of this city.

Mrs. Beanie Rameyer, who attends the Capital Business College is home for a few days.

Congratulations are being showered on Mr. and Mrs. de Vries on the arrival of a son born March 20th. Mrs. de Vries was formerly Miss Lillian Grap.

On account of the bad weather the literary society held Friday evening did not draw as large a crowd as usual. The debate on "Resolved, that Washington was a greater man than Lincoln" was ably handled on the affirmative by North Landon and Melvin Lien and on the negative by Miss Lydia Giese and William Kising.

The judges chosen were: Mrs. O. C. Jermain, Mr. Oscar Meyer and J. J. Crabbe. Their decision was in favor of the negative side.

Recitations by Melvin Lien and William Kising and music by Weldon Leiby were very much enjoyed.

The next meeting will be held April 7th. This will be the last meeting and the society will be adjourned until fall.

The following children were on the Roll of Honor for the past month in the primary department: Alfred Wisner, Weldon Leiby, Edward Rice, Francis Leachy, Ingal Torrealal, Grace Willis, Arthur de Vries, Arvilla Steiner, Ernest Mantle, Helen Leiby, Lorraine Smith, Carl Mantle and Glenn Smith.

### PRactical PRESCRIPTION FOR SOUR ACID STOMACHS

Nine-tenths of all cases of stomach trouble nowadays are caused by too much acid. In the beginning the stomach itself is not diseased but if this acid condition is allowed to continue the acid is very likely to eat into the stomach walls and produce stomach ulcers which may render a radical surgical operation necessary even to prolong life. Therefore, an "acid stomach" is really a dangerous condition and should be treated seriously. The excess acid or stomach hyperacidity must be neutralized by bismarated magnesium taken in teaspoonful doses in a fourth of a glass of water after each meal. Larger quantities may be used if necessary as it is absolutely harmless. Be sure to ask your druggist for the bismarated magnesium as no other form of magnesium is as effective as the bismarated.

### Bachelors Organize Club Against Girls

The high cost of living has driven the young men and old bachelors of Athol, Kan., to the extreme of organizing a club against scheming, mercenary femininity.

The by-laws strictly forbid any member from keeping company with a young lady or treating any of them to bonbons, pop, ginger ale, near-beer, ice cream, or being seen in company with any of them on joy rides or at dances.

Such drastic action was deemed necessary by the eligibles when they discovered their savings bank account was overdrawn almost the year around, and the demands of their "steadies" constantly growing for more expensive and better entertainment. For the violation of the by-laws, a member will be fined \$10, and a second offense will mean prompt expulsion.

The young ladies have already shown strong resentment, and threaten to give a series of lavish entertainments at which only the young men from adjoining towns will be their guests, and the boys will be taken to impress them with the economical and thrifty virtues of the Athol girls.

### Hayesville Sunday School Convention

(Capital Journal Special Service.)  
Chenawa, Mar. 26.—The Hayesville District Convention met here today with 500 present. A much larger attendance would have no doubt greeted the excellent program but for the rains which fell constantly. The numbers were heard with the deepest interest. Rev. C. A. Blyss with the Harvest Field, scoring an unquestioned success. Rev. Harry Marshall supplied for Prof. M. S. Pitman in an acceptable manner. Rev. John O'Fall, of Portland, made some original remarks which were well received. Rev. Harold C. Stover presented a thoughtful and well prepared address. Rev. G. F. Halt on Teacher Training gave evidence of careful preparation. Rev. B. H. Kennedy led the Devotional Service and evidently a general favorite at Chenawa.

The singing was unusually good, both the double quartets calling for much favorable comment. Miss Alma Nelson scored a decided success with sweet singing and was repeatedly applauded.

One of the never-to-be-forgotten numbers was the violin solo by Alex McQuoid of Chenawa. This exquisite melody was composed by Ruthen Turney, Oregon's noted composer and is one of Mr. Turney's finest efforts.

Hayesville secured the honor for the greatest attendance at convention.

Pratum M. E. secured banner for the highest average attendance during past quarter.

Quinaby will be favored with the next convention June 25.

The Rev. Harry E. Marshall revisited Chenawa on Sunday evening, March 26, and will continue two weeks.

### Willamette Notes

The spring vacation which Willamette students have been enjoying for the past 10 days closed yesterday, and tomorrow morning classes will be resumed in their regular order. Most of the students took advantage of the vacation and made visits to their homes in various parts of the state.

With a whoop that could be heard all over the campus the color of the Willamette Collegian returned to his office this morning and immediately set about to scoop up all the news that had been gathered during his sojourn at home in Portland.

Professor Wallace MacMurray on his return began immediately to assemble the junior play cast and will hold a rehearsal this afternoon. The junior play, "Sherwood," will be staged at the Grand during the May Day festivities. From advance reports from Prof. MacMurray it is to be the best play that Willamette talent has ever staged.

Prof. Florian Von Eschen enjoyed his vacation by working all the time analyzing gas and by-products.

Joseph Gerhart, one of the popular men of the senior class, was taken ill during vacation and is now at the Willamette Sanatorium. It is thought his sickness developed from an internal injury received some time ago in a run-away in which he had a rib fractured. It is doubtful if he will be able to complete the school year on account of the attack.

### Quinaby News

(Capital Journal Special Service.)  
Quinaby, Ore., Mar. 28.—Rain fell continuously for 48 hours, ending Sunday evening, causing a greater amount of standing water in the old lake Lahish than has been seen for 17 years. Some garden and onion land are under water and there are many lakes upon grain fields.

Mrs. Bean, of Salem was stricken with paralysis Saturday morning while returning to her home on an Oregon Electric car, after a visit to her daughter, Mrs. D. F. Braun, at this place. She was taken to the Salem hospital by two ladies who were on the train and who

## MEXICAN AFFAIRS ARE BADLY MIXED

### All Employes of De Facto Government Are Paid and Discharged

Douglas, Ariz., Mar. 28.—Americans arriving today from Hermosillo, capital of Sonora, declared that Minister of War Obregon had issued an order discharging all employes of the de facto government who are paid in gold.

The action is regarded here as an indication that the Carranzistas are preparing for any possible exigency which might result from the presence of the American forces in Chihuahua.

All Americans in the de facto army, and department of munitions, supply are paid in gold. They have been forced out, according to Americans who came up from Hermosillo today. It became known today also that Americans were in grave danger from an anti-American outbreak the latter part of last week. The ill feeling was incited by the Cientificos element, it was reported.

General P. Elias Calles, military governor of Sonora, today accompanied Sheriff H. C. Wheeler to Cabilloana, Mexico, on a tour of inspection. It had been persistently reported that large de facto forces were concentrated at Cabilloana menacing Douglas.

D. A. Richardson by telegraph requested federal investigation of the charges of Mayor Ellis that he sent alarmist reports of border conditions to senators at Washington.

### District Attorney Scores Defendant Minister

Oroville, Cal., Mar. 28.—Picturing Gertrude Lamson as a "plastic bit of clay in the hands of a human monster," District Attorney Leonard today demanded that the jury convict Rev. Madison Slaughter of attacking her. Jones, who is Deputy Attorney General, today declared he was "prosecuting for the preservation of the morality of little children."

Jones asserted that Mrs. Lamson, mother of Gertrude, had testified with "dramatic maliciousness." He claimed Slaughter was her god, and that in going against her daughter she obeyed the law of "my country right or wrong."

The letters Gertrude wrote admitting she had charges against Slaughter were also extracted from her "by a cruelly staged plot," according to Jones. He scored defense attorneys for violating the confidence of Gertrude in this matter.

"Is a little girl vicious who brings all her money home to mother, wears rags of clothes and lends little babies for other mothers?" demanded Jones.

"Gertrude was just a lonely, normal child, looking for help—she was the handiwork of God, whom Slaughter set out to destroy."

Juries fumbled for handkerchiefs as they drew the pathetic picture.

"The hand of God is in this case; you will look for it," continued Jones. "God seeks to save other children from a similar fate at the hands of human monsters."

Jones will argue all day. The case may close by tomorrow night.

### WAITING FOR LAND

Portland, Ore., Mar. 28.—Sixty-four weary waiters stood in line before the government land office today waiting for the opening of Siletz Indian reservation lands on April 1.

They cannot leave their numbers and were believed to be from Waconda. Mrs. Bruus is very anxious to know who they were that she may thank them for the assistance rendered her mother. The Bruus family, who have lived here for the past two years, are removing to Salem today.

Frank Harold is ill at his home near Quinaby.

### THE MARKETS

The following prices for fruits and vegetables are those asked by the wholesaler of the retailer, and not what is paid to the producer. All other prices are those paid the producer. Corrections are made daily.

Everything is quiet in the markets this morning. Wheat is showing some strength, but it requires considerable effort to effect the local market. This is accounted for from the fact that Portland prices are often speculative and a sudden advance or decline of a few cents soon rights itself.

Storage houses are keeping the prices of eggs to the 10 and 15 cent basis. Live stock is strong.
