PORTLAND HAS SHOW FOR CHAMPIONSHIP

Ties With Montreal In Hockey Games—Joe Stecher Does Fast Work

Montreal, Que., Mar. 29.—Following the victory of Portland over the local Canadians by a score of 5 to 5 in last night's hockey game here, the coast champions and the Montreal seven to day were tied for the championship of the world.

goals. Eugene of the Canadians, featured for his team with two dents in the net.

The fifth and deciding game will be played tomorrow night, the team coming out on top retaining the Stanley cup for the next year.

The Canadians and Portland will play two games in New York April 4 and 5.

over Touhy Winger; George Sommers stopped Will Fletcher in the third period and Ike Cohen of San Francisco got a draw with Joe Clifford.

Weak With the Stick.

San Jose, Cal., Mar. 29.—Temporary weakness of his team with the stick was the only thing which worried Manager Harry Wolverton today when the Seals went on the field for a game with the St. Mary's college team. Bill Stoen was expected to pitch for the San Francisco.

Fitzgerald, Schaller and Bodie, the relatives of the Seals, have not been connecting with the sphere with any degree of regularity lately. In the game with Agnews yesterday, the Seals got only six hits to seven for the enemy, although the Seals succeeded in winning.

Claim the Decision.

New York, Mar. 29.—Batting Levin's backers today claimed the decision for their man over Jack Dillon in the 10-round bout the two men fought last night. This is the eleventh scrap in which Levin has participated in this month.

Oaks Ready for Game.

Oakland, Cal., Mar. 29.—The Oaks would be ready for the fray if the umpires "play ball" should be shouted

this afternoon. Manager Elliott declared today that his entire squad was in first class shape and that he expected to see them fighting among the league leaders from the beginning of the race.

Elliott has decided that "Jap" Barbean, the third sacker, will lead the batting order, with Rossy Middleton coming second. It is believed that Klavitter or Beer will pitch the opening game for the Oaks.

Billings, Mont., Mar. 29.—Walter Miller and Mike Yokel wrestled three hours and three minutes here last night without a fall. The match was even as to aggressiveness and ability to stimulate punishment. Yokel weighed 158 and Miller 154.

Tacoma, Wash., Mar. 29.—With business conditions improving throughout the Pacific northwest, wages are on the increase, according to figures given out today by the joint federal and city free employment agency here.

Business Conditions Improving On the Coast

The Board of Directors of the Commercial Club is of the opinion that now is the time to build. In a resolution passed by the board at the meeting Tuesday noon, it was suggested that a joint committee of the Portland Chamber of Commerce and the Salem Commercial club confer with the officials of the Southern Pacific and bring to their attention the fact that about two years ago, the Southern Pacific secured the right of way for an electric road from Portland to Salem and that owing to unfavorable financial conditions, nothing had been done.

Commercial Club Wants Electric Road

The fact that the Oregon Electric is surviving for a road from Salem to Bend rather indicates, at least to the Board of Directors, that railroad construction work is again to begin in the state.

In other words, the Southern Pacific is to be given the hint that we want that electric road built to Portland and if other lines are getting ready to make extensions, why not the Southern Pacific?

Prof. Sherman acted as a representative of New York university, having taken his master's degree at that place. The meeting was the greatest that educational circles has known of; many presidents of universities and leading men were present in all 100 institutions were represented.

President Nicolaus Murray Butler, of Columbia university, New York, made the principal address. In it he made the statement that the three greatest institutions were: The church, the state and the university.

The baseball diamond is again dry enough for practice and Coach Mathews is putting his men through systematic practice every day. He hopes to have a nine that will form a perfect machine and when the first game has been played he will be able to further complete plays he is now working out.

Track work is likewise showing up well. Coach Mathews will send four representatives to the Northwest Conference meet at O. A. C. Saturday. Those to represent Willamette will be Benzer Small and Bert Ford, in the sprint; Rein Jackson, in the quarter and half miles, and Paul Brown in the weights and javelin.

BILLY MASCOTT WINS SIX ROUND GO FRO VERNON AT PORTLAND

Capital City Smokers Show As Classy Cards As Those In Metropolis

Some of Salem's most enthusiastic boxing fans went to Portland last night and saw Billy Mascott win a six round decision from Tex Vernon in the main event at the Rose City Athletic club. The heavy weight in an 122 which is about six pounds over Billy's best fighting weight but the little French-Camolin administered a sound thrumping to the Vernon boy and the decision was received with popular applause. The first three rounds were about even but the last three were Billy's all the way and he had Vernon wobbling in the last round. In an eight round go the Texan boy would have left the ring a badly beaten man. Billy reached Vernon's eye with a wicked left jab in the first round and continued to slam the damaged optic throughout the match to the evident distress of the owner.

In a semi-windup Joe Benjamin and Bert Forbes boxed a draw at 125 pounds for the championship of the Pacific coast which Benjamin claims by virtue of his victory over Jimmy Fox. It was reported that Benjamin and Mascott were to be matched in the near future but Benjamin outweights Mascott by about 10 pounds and could not make 118 ringside without losing considerable strength. Muff Bronson charged the winner of the Mascott-Vernon bout but Bronson says he can not do better than 125 pounds ringside which puts him out of Billy's class. Mascott's backers in Portland will wager that he can best the best boys in the world at 116 ringside but the average fans give him no credit for winning from a man 10 pounds overweight yet they criticize him if he loses.

George Sommers, a younger brother of Al Sommers, stopped Will Fletcher in the third round of a scheduled six round bout. George Sommers is taller than his brother and carries a wicked whip. He knocked Fletcher down in the third round with a solid punch on the nose and Fletcher was willing to admit that the stalling was a bit too rough for comfort.

George Sommers is only 17 years old but appears to be one of the most promising boys in Portland and should be met with no bad luck will be meeting the best of them when his frame is well upholstered with beef.

Abie Gordon, the paperweight champion boxed eight rounds with Touhy Winger and when Referee Jack Pratt called the game off, Gordon plied part of the fans howled their disapproval while others cheered. It was a close decision at that but Gordon landed more clean blows and must be given credit for fighting a man several pounds heavier.

The Cohen and Joe Clifford, heavies, boxed a six round curtain raiser at each weight.

A few more trips to Portland to witness the smokers in that city which draw from 1200 to 1500 people at 22 and the Salem fans will be convinced that they were seeing some classy goes in Salem when Manager Evans was putting on smokers here. The same boys who box head liners in Portland were being matched in Salem and the cards at the Capital City club were a treat with the Portland shows.

Al Sommers, who has been training in Portland by his bout tonight with Billy Weeks, left for Centralia, Washington, yesterday. Manager Bobby Evans left for the Washington city this morning.

Willamette Notes

Chapel hour was an interesting one this morning. Governor James W. W. Cobb addressed the students for a few minutes. He said that America had been indeed fortunate in keeping out of the world conflagration.

"Now if ever we need red-blooded men and women, who are strong, loyal patriotic citizens, I believe the trouble in Mexico will involve the U. S. more than is anticipated."

In speaking of America's mission in regard to the European conflict, the governor said he believed that America with intelligence and education, would solve the problem of international peace.

Speaking of the opportunities of students who will soon be leaders among the citizens of the commonwealth of Oregon, what must be needed of them is the highest type of citizenship based on a good Christian conscience. We must show to the people of the United States that the products of the northwest are as keen in judgment and ability as any other leading men of the country.

Oregon is the greatest state, said the governor, in point of resources, climate and all conditions being considered.

Prof. C. L. Sherman was present at the installation of the new president of Washington university, Dr. Henry Suzzala.

President Nicolaus Murray Butler, of Columbia university, New York, made the principal address. In it he made the statement that the three greatest institutions were: The church, the state and the university.

The baseball diamond is again dry enough for practice and Coach Mathews is putting his men through systematic practice every day. He hopes to have a nine that will form a perfect machine and when the first game has been played he will be able to further complete plays he is now working out.

Always "On the Job"

The right kind of Clothes at the right prices are almost enough to sell themselves. But there's another factor—the personal element.

Lots of people come here to buy because they're sure of going away with a smile. And a customer's smile is worth as much to us as our profit on the goods he buys. The satisfied person comes back.

The size of a purchase is only an item. We figure that a ten-cent sale and a pleased customer are more valuable in the long run than a ten dollar sale and a "never come back."

Make us prove our willingness to serve. Our stocks are especially attractive right now.
