GOVERNOR JOHNSON MAKES STATEMENT

Says Ford Company Is Only
one of 5,000 Tax Dodging
Companies

Sacramento, Cal., Mar. 30.—Governor
Johnson issued a statement today
regarding the controversy over the pay-
ment of state taxes by the Ford com-
pany. He said:

"I observed the other night great
head lines about what I was doing to
the Ford Automobile company. There is
a total misapprehension of the sub-
ject. It is the duty of the governor
anxiously, upon the certificate of the
controller, to issue a proclamation in
relation to the corporations who have
refused to pay their taxes. This has
been done regularly for many years
past. There was nothing new or novel
in the proclamation concerning
the corporations who have refused
to pay their taxes this year.

"It happened, however, that the list
included the Ford Automobile company;
but the Ford Automobile company was
one among about 5,000 and the Ford
Automobile company was treated just
exactly as every other tax dodging
corporation was treated. The articles that
have been published upon the subject
would indicate that the Ford Auto-
mobile company was singled out. This is
not so.

"I might remark, parenthetically,
that I am unable to see why the Ford
Automobile company should not pay its
taxes in the state of California just as
residents of the state of California
and other foreign corporations, doing
business within this state, pay their
taxes."

No Ford Sales Recorded

Sacramento, Cal., Mar. 30.—The
state's order closing the Ford Auto-
mobile plants in California, because the
company refused to pay state taxes,
seems to have effectively suspended
the Ford company's business in this
state. This is shown today by the re-
port of the state motor vehicle depart-
ment. Not a single Ford machine was
registered Wednesday or today.

Ford cars will have to be sent direct
from Detroit, put together for action,
unless the company decides to operate
the assembling plants in spite of the
governor's proclamation.

Direct shipping from Detroit will
probably mean that Californians will
have to pay a higher price for Fords.

RAILROAD EMPLOYEES SUBMIT THEIR DEMANDS

Cleveland, Ohio, Mar. 30.—Three
hundred and sixty thousand railroad
employees submitted to the Interstate
Commerce Commission a basic eight hour day and
time and a half pay for overtime
work.

Representatives of the rail-
way brotherhoods notified the
general managers that a written
answer was expected by April
29. Leaders said that strike re-
ports circulated in New York
were merely calculated to affect
the stock market, and that
should the railroads refuse the
demands, arbitration would be
the next logical step.

\$45,000,000 Company To Operate In Oregon

Articles of incorporation authorizing
the Shell Company of California to do
business in this state were filed today
at the office of corporation commis-
sioner Scuderman. The company sells
gasoline and other oil products and is
capitalized at \$45,000,000. The Ore-
gon Logging Railroad company was in-
corporated today at \$100,000 to trans-
act business in Coos county and the
Independent Foundry Company in-
creased its capitalization from \$140,000
to \$200,000.

The Neal-Revens Company, of Buena
vista filed articles dissolving the cor-
poration today at the state house. The
directors of the company were S. W.
Neal, J. K. Neal and W. R. Revens.

Registration Office To Be Open After Hours On April 10

The registration booth at the county
clerk's office will be open from 8
o'clock p. m. from April 10 until the
books close for the primary election on
April 15. Even the noon hour will be
open to those who can call at no other
time and it is estimated by County
Clerk Gehlar that at least 15,000
voters will be registered. Last year
13,700 voters were registered and al-
ready this year 9,513 have signed up
of this number 6,233 are men and 3,280
are women. Last week 532 men and
288 women registered making a total of
760.

Grand Jury Returns Eight More Indictments

The Marion county grand jury reported
to Judge Kelly this afternoon at 3
o'clock, bringing in eight more in-
dictments, seven of which were secret. This
makes in all 12 secret indictments and
two of the defendants are in cus-
todody. Today the grand jury brought
in a joint indictment charging Rex A.
Turner and Cleve Simpkins with misap-
propriation of state funds in connection
with the fair gate scandal of last year.

NO HOPE FOR MINERS

Johnstown, Pa., Mar. 30.—All hope of
saving the eight men entombed in the
industrial coal mine was abandoned this
afternoon. Rescuers wearing oxygen
helmet entered the lower reaches of
the mine but were unable to find any
victims. It is feared that the entombed
workers may not be taken out for sev-
eral days.

BIGGEST TRACK MEET EVER HELD IN STATE

Great Gathering of Athletics
at Corvallis for Tom-
orrow's Meet

Oregon Agricultural College, Corval-
lis, Or., March 30.—(Special)—For the
first time in the history of the United
States the Amateur Athletic Union will
unite with the Interstate Athletic
Association in a track meet, which will
be held in the Armory at Corvallis
next Saturday at 2 o'clock. Railroad
rates at one and one-third may be
secured from home agents and will be
validated at Corvallis by F. E. May,
assistant manager.

T. Morris, chairman of the Pacific
Northwest A. A. U. district, will act
as referee of the meet. Gold medal
emblems will be awarded to the first
place winners of each event, silver
medals to second and bronze medals to
third. The winning relay team receives
a cup.

The following are the Oregon schools
which are represented and their num-
ber of entries: University of Oregon,
ten; O. A. C., ten; Willamette Univer-
sity, four; McMinnville, two; Chemawa
Indian school, four, and Corvallis High
school, two. Some of the prominent
Oregon men are: Murphree of Oregon
U., Pacific Northwest A. A. U. cham-
pion in high jump—six feet and one
and three-fourth inches. Kaderly of
O. A. C. coast indoor champion in 220
and 440 runs. Cole of O. A. C. is Pond
A. champion Pacific Northwest discus
one hundred and forty feet and one
and one-half inches. Fee of Oregon U.
Northwest champion in javelin one
hundred and seventy-nine feet.

This will be the biggest track meet
ever held in the Pacific Northwest and
the biggest indoor meet staged west of
the Mississippi.

SALEM GIRL GETS POSITION

Oregon Agricultural College, Corval-
lis, Mar. 30.—(Special)—Miss Gene-
vieve Potter, of Salem, has recently ac-
cepted the position of dietitian in the
Boys' and Girls' Aid society, of Port-
land. She will instruct the girls in
cooking and they will prepare the meals
for about eighty boys and girls. Miss
Potter is a senior in Home Economics
at O. A. C. and will be graduated with
her class in June.

TO EDUCATE THE CHILDREN

Douglas, Ariz., March 30.—Governor
P. Elias Calle issued an order today
that every Mexican child in Sonora
must go to school. He will leave
Agua Prieta within a few days to per-
sonally conduct the mobilization of
three hundred war orphans. They will
be taken by special train to Hermosillo,
and put into state schools.

TWO EARTHQUAKE SHOCKS

Nogales, Ariz., March 30.—Two dis-
tinct earthquake shocks were felt here
early today. Half the citizens of the
town rushed into the streets, fearing
an attack had been made from across
the border.

Rev. A. A. Winter Gets Position In the East

The Rev. A. A. Winter, pastor of the
United Evangelical church, on North
Cottage street, was recently elected su-
perintendent of the United Evangelical
home at Lewisburg, Pa., and will leave
Salem to take up his new work about
the middle of April.

Mr. Winter will preach his farewell
sermons next Sunday, as his successor
will be elected at the United Evangel-
ical conference to be held in Portland,
April 6.

The election as superintendent of the
home for the church is one that is es-
pecially appreciated by Mr. Winter
from the fact that his work will be near
his former home in Pennsylvania, where
his father and mother are living and
also near the home of his four sisters
and four brothers. His new work will
also take him within a few miles of the
college from which he was graduated.

Mr. Winter has acted as pastor of his
present charge for the past three years
and has been active in the church work
on the coast for the past 17 years. His
church here is in a flourishing condition
and had under headway plans for the
erection of a larger building on ac-
cordion of the increased membership.

Western Pacific May Get Rid of Receiver

San Francisco, Mar. 30.—An ending
of the Western Pacific railroad's re-
ceivership is in sight today as a result
of the appellate court's order over-
ruling Federal Judge Van Fleet's re-
cent decision, which tended to delay
further proceedings.

The reorganization plan which was
fully prepared last year will soon be-
come effective and the \$50,000,000 cor-
poration will be placed on its financial
feet again, according to the belief of
the reorganization committee and the
Equitable Trust company of New York,
trustees. More than \$10,000,000 is made
available at once under the terms of
the plan. This will be used in con-
structing a system of branch lines in
northern California.

Fifty Are Injured In Street Car Collision

Chicago, Mar. 30.—Fifty persons
were injured here today in street car
collisions, due to a dense fog. At
Cicero 35 were hurt, while 12 were
wounded at Lyons. Both places are su-
burbs.

Twenty were reported injured today,
some seriously, when two street cars
met in a head-on collision. Police re-
serves were rushed to fight back the
crowds and clear paths for the many
ambulances summoned. Numbers of
wounded were taken to hospitals.

MARTIAL LAW IN CANTON

San Francisco, Mar. 30.—Martial law
has been proclaimed in Canton, China,
as a result of bomb throwing activities
on the part of rebel sympathizers, ac-
cording to a cablegram received from
Shanghai today by the China World.

The cablegram said revolutionists
touched off the bombs in the homes of
Yuan Shi Kai men. Buildings were par-
tially wrecked, but no person was hurt.
Hundreds of suspects were arrested and
jailed. Government troops are patrol-
ling all streets.

BURIED IN COAL MINE

Johnstown, Pa., Mar. 30.—Ten or 12
men were believed entombed today in
the Robinsdale coal mine, ten miles west
of here. The explosion knocked the
main ventilating fan out of commis-
sion and the inner reaches of the mine
are probably on fire.

When A Hospital Looks Like Heaven to Wounded Soldier

(Continued From Page One.)

more than a British quartermaster's de-
partment or an automobile repair shop.
It's purpose is to repair soldiers and
officers and make them useful again,
fit for the firing line. Theoretically,
an army hospital is a place to which
you send broken down men to have
them fixed up in much the same way
that an officer sends his horse to the
company farrier to have it shod. That
is, it works that way, theoretically. But
human nature overcomes theory, now
and again. I don't believe there was a
single nurse of the seventy-five in that
hospital who did not take care of at
least one German soldier. Several had
cared for whole wards full of them.

I asked my nurse about it one after-
noon when she was sitting sewing in
the tent.

"Many and many a German I've
nursed in France," she said. "They
always used to be so frightened at first,
no matter how they suffered they seem-
ed to be afraid to complain or to even
tell of it. We used to try to win them
over by extra care and kindness. Our
orders were to treat them just as we
treated our own British Tommies. Some
of them were very young and, after
they got acquainted and saw that the
British were going to be kind to them,
they were the happiest patients we had.
Sometimes they used to laugh at the
high school German I had learned in
Toronto."

"But the Tommies were just as kind
to them as we were. Of course the
German patients were always under
guard. There was always a Tommy
with a rifle in the tent. One young
German in my ward had lost the lower
part of his jaw and I always had to
feed him soup. One day I wasn't in
the tent when his soup was brought and
when I did get there I saw the British
Tommy who was on guard holding up
the German boy with one arm and feed-
ing him his soup with the other. His
rifle lay on the floor. The Tommy did
not see me come in. Another German
patient beckoned me to come to him
and when I did, he pointed over to the
Tommy and said, 'Look at that. There
were tears in his eyes and I guess
they came into mine, too. For that
one little minute, the war looked
silly.'"

"So did the Tommy," she added,
when he saw me. He tried to get out
of it by blaming the German. 'Higater
felt a bit peckish and tried to feed
himself,' he said smiling at the prison-
er."

Society Will Hold Meeting For Men Only

A meeting for men only, one that will
be entirely different from the usual
"men only" meetings, will be held at
the armory on the afternoon of Sunday,
April 9, under the auspices of the Ore-
gon Social Hygiene society. Addresses
will be made by Dr. L. F. Griffith of
the Oregon state hospital, Dr. Calvin S.
White of Portland, and J. E. Snyder,
of Pendleton. Governor Withycombe
will preside.

It is hoped by those interested, to
make this meeting one of the largest of
its kind ever held in the state. The ob-
ject of the Oregon Social Hygiene so-
ciety, and through its meaning at the
armory, is to urge the education of the
boy and girl in regard to the facts of
life, through their fathers and mothers.

The following committee met yester-
day in the office of the governor and
arranged the program: Governor
Withycombe, Judge William Bushy,
Mayor Harley O. White, J. A. Churchill,
O. M. Elliott, Dr. Carl Gregg Doney,
Rev. A. A. Winter, president of the
ministerial union; Joseph H. Albert,
W. M. Hamilton, president of the Sa-
lem Commercial club, and Dr. R. E. Lee

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief
from Head-Colds. It's Splendid!

In one minute your clogged nostrils
will open, the air passages of your head
will clear and you can breathe freely.
No more hawking, snuffling, blowing,
headache, dizziness. No struggling for
breath at night; your cold or catarrh
will be gone.

Get a small bottle of Ely's Cream
Balm from your druggist now. Apply
a little of this fragrant, antiseptic
healing cream in your nostrils. It pe-
netrates through every air passage of the
head, soothes the inflamed or swollen
mucous membrane and relief comes in-
stantly.

It's just fine. Don't stay stuffed-up
with a cold or nasty catarrh—Relief
comes so quickly.

BANDIT ROBBED BANK

Norfolk, Cal., March 30.—Entering
the Ojai state bank here at noon today,
a lone bandit covered Miss Mabel
Isenberg with a revolver and fled with
\$3,000 in an automobile. Posses are
scouring the country for him.

The man was masked and further in-
timated to the girl cashier by stating
that he had confederates outside. The
girl was overcome with fear and it was
many minutes before she notified au-
thorities of the robbery.

REPORT MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry;
Avoid Exposure and Eat
Less Meat

Stay off the damp ground, avoid ex-
posure, keep feet dry, eat less meat,
drink lots of water and above all take
a spoonful of salts occasionally to keep
down uric acid.

Rheumatism is caused by poisonous
toxin, called uric acid, which is gener-
ated in the bowels and absorbed into
the blood. It is the function of the
kidneys to filter this acid from the
blood and cast it out in the urine. The
pores of the skin are also a means of
freeing the blood of this impurity. In
damp and chilly, cold weather the skin
pores are closed, thus forcing the uric
acids to do double work, they become
weak and sluggish and fail to elimi-
nate this uric acid which keeps accumulat-
ing and circulating through the system,
eventually settling in the joints and
muscles causing stiffness, soreness and
pain called rheumatism.

At the first twinge of rheumatism
get from any pharmacy about four
ounces of Jad Salts; put a tablespoonful
in a glass of water and drink before
breakfast each morning for a week.
This is said to eliminate uric acid by
stimulating the kidneys to normal ac-
tion, thus ridding the blood of these im-
purities.

Jad Salts is inexpensive, harmless
and is made from the acid of grapes and
lemon juice, combined with lithia and
is used with excellent results by thou-
sands of folks who are subject to rheu-
matism. Here you have a pleasant ef-
fervescent lithia-water drink which
overcomes uric acid and is beneficial
to your kidneys as well.
