The Oregon Social Hygiene society is made up of thoughtful business men, educators, clergymen and men from the professions. The purpose of the society is to spread general information regarding facts of life that are generally known but overlooked and to teach in a dignified way that which all men should know. It endeavors to arouse parents to the need of proper instruction for their children telling them things that generally come to them in an improper way. In other words, the society urges fathers and mothers to do their own educating instead of trusting to luck and also generally to improve themselves. The meeting for men, at which Governor Withycombe will preside, will be held at 3 o'clock Sunday afternoon in the armory.

### Champion Bankers To Play All League Team

The Capital National Bank basketball team, champions of the Y. M. C. A. Commercial Basketball League has accepted a challenge to play an all league team to be picked from the other seven teams of the league. Utter and McIntire have taken the responsibility to pick the all league team and have given the lineup for the game, which will be played in the association gymnasium tonight, the following:

All Stars	Cap. Ntl. Bank
Utter	Carver
Ackerman	Price
McIntire	Baker
Seamster	Zosel
Radeliffe, G.	Williams
Whitney	Jensen
	subs

The purpose of the game is to test the strength of the bank team which team went through the entire schedule of fourteen games with but two games in the last column. It is generally conceded that the bank team played a phenomenal game and that from all angles the critics have given the bank team credit for being the best all round team in the league and that they were entitled to win.

### Recognition Services In Honor of New Pastor

Recognition services in honor of the new pastor of the First Baptist church were held last evening in the auditorium of the church. The exercises of the evening were opened in short address of greeting by T. R. Kay followed by greeting from the ministerial union of the city represented by the Rev. P. T. Porter of the First Christian church. Words of greeting from the church and congregation were given by Albert Copley. The recognition sermon was preached by the Rev. A. M. Petty of Portland, a personal friend of Mr. Holt with whom he had worked in southern California.

After the sermon Mr. Holt was given an informal reception in which members of the church and congregation were given an opportunity to meet the new pastor.

Mr. Holt is recently here from Riverside, Calif., where he was pastor for eight years of the First Baptist church. His family will remain in Riverside until the close of the school year.

The Civic department of the Commercial club at the meeting last evening adopted resolutions of appreciation for the gift of the Bush pasture and instructed Fred E. Mangus as chairman of a committee, to communicate with Mr. Bush and notify him of its action.

Cheap enough. The first crate of strawberries arrived in the city this morning from Florian, Cal., and they are retailing at 25 cents a box. This harbinger of spring is encouraging, especially as the fruit men tell us that strawberries will be a trifle cheaper within a few days.

The committee appointed at the meeting of the city council March 27 to take up the question of a public comfort station has been making considerable investigations but as yet has arrived at no definite conclusion as to what would be best adapted to the needs of the community. It is probable that by next year the city or county will build a comfort station, to be located at some central point. The committee is composed of N. D. Elliott, Frank S. Ward and Glen Unruh.

August Hucklestein, director of the industrial department of the Commercial club, has called a meeting of his department for Friday evening of next week for the purpose of electing a director for the coming year. Mr. Hucklestein announces that he positively will not be a candidate as he feels that he cannot give the time the office demands and, anyhow, there is a generation of brilliant young men coming on and it is about time some of them give more attention to civic matters, and assume some of the responsibilities of citizenship.
