AN EVENT IN OREGON'S HISTORY

Passenger service between Eugene and Marshfield was begun yesterday over the Willamette-Pacific railroad now completed with the exception of the Umpqua bridge...

There was no celebration over the opening of the new road, that being reserved until the bridge is completed and through service begun...

Southwestern Oregon has heretofore been cut off from communication with the balance of the state, a stage line over none too good roads...

It means much not only to Marshfield and Eugene but to the whole state. A vast section rich in timber, with an abundance of coal—and bearing veins of copper, lead, zinc, and the precious metals...

Another far-reaching feature is that it gives Oregon another seaport, another shipping and receiving point. That it will be the main port of entry for all southern Oregon cannot be doubted...

One of its most important effects will be the stimulus it gives to the mining industry and the assistance it will give in opening up, of what is considered by expert mining men, the greatest mining field in the United States...

It is known that great copper deposits exist in Curry and Josephine counties, as well as Coos. The black sands along the beaches rich in both platinum and gold tell the story of hidden wealth in the hills from which they came...

The new railroad will have a greater effect on Oregon's mining industry than any other thing that has been done in the state. "Watch southern Oregon grow" is the slogan...

Fourteen hundred employees of the New York Central went on strike yesterday, in the Matt Haven yards, demanding the reinstatement of several discharged men. It is said that if these demands are not complied with 8,000 men employed on the lines between New York and Buffalo will be called out...

Major C. Darnley Stuart-Stephens is the latest blue-print army officer to lick the United States. The worst and most humiliating feature of the matter is that this big country should be so unmercifully walloped by a man who parted his name on the side and hyphenated the hind end of it...

The Oregonian's straw vote indicated that President Wilson is very likely to carry this overwhelmingly republican state. It has required several columns of heavy editorial matter on part of that paper to figure out that even Hughes has a fighting show in Oregon against Wilson.

Rodman Wanamaker will soon renew his attempt to fly across the Atlantic ocean, which he abandoned in 1914. A new machine is being constructed by Glenn Curtis and C. Starling Burgess which is to be equipped with six motors of 300 horse power each and will have a speed of 100 miles an hour...

The taking of German passengers from an American ship flying the American flag was the same as an invasion of American territory by an armed British force, and the removing therefrom of those beneath the flag's protection. Sir Cecil Rice called at the state department yesterday to "discuss" the matter...

The naval committee is agreed to a continuous building program, the only question being as to the number and character of warships to be built. The advocates of a bigger navy want four dreadnaughts and four battle cruisers the first year, and four first line warships yearly for five years...

As the Capital Journal predicted a short time ago, Portland's demand for preferential rates would open the gates for a rearrangement of the rate system, and might do away with the big differential in favor of terminal points. Now comes Spokane asking the same rates as Sound points and Astoria...

A Pittsburg man, J. G. Vogle, has leased Sand Island in the Columbia between Portland and Vancouver and announces that he will build the biggest summer resort in the Northwest. Workmen will begin clearing the island of underbrush Monday, and it is promised the season at "the great Sand Island Resort" will be opened formally, July 2...

Will Portland get its 20,000 attendance April 18, baseball opening day, or will it bust? The fans declare they will do one or the other and it looks like a bust. Los Angeles had 14,500 at its opening game and San Francisco 13,000. It looks very much on this showing as though the Portland fans had bitten pretty deep into the pie...

The result of recent elections is not calculated to cause Justice Hughes to change his sphynx-like attitude. The Chicago election was indeed enough to dampen the ardor of even the strenuous one, and make him almost willing to allow someone besides himself to make the race against President Wilson...

J. P. Morgan & Company drew a check for \$70,703,600 yesterday and the paying teller of a New York bank paid it without batting an eye. It seems that member of the firm had been out shopping that day and finding a block of Canadian bonds that looked good to him had drawn the aforesaid check to cover the purchase.

Rippling Rhymes by Walt Mason. Illustration of a man and a woman. Text: This is the age of youth. Gray-haired, unattractive folks aren't wanted around...

A man grows sick of the walls of brick, and the city's endless roar, when old winter goes, with its frosts and snows, and the springtime's at the door. His soul rebels at the city's smells, and he says to himself, says he, "There are banks of thyme with a scent sublime, and the woodland's calling me!"...

QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take Tablespoonful of Salts If Back Hurts or Bladder Bothers--Drink Lots of Water

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine...

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent bita-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

Educational Conference at High School Saturday

An educational conference of all the school teachers in Marion county will be held in the auditorium of the Salem high school Saturday, April 8. Dr. H. D. Sheldon, of the University of Oregon, J. A. Churchill, state superintendent of public education, Prof. A. L. Peck of the Oregon Agricultural College and Dr. Carl Gregg Doney of Willamette University will deliver addresses.

The program of the day is as follows: 10 a. m.—Music by Salem high school. 10:30—Address by Dr. H. D. Sheldon of University of Oregon. 11:15—Address by J. A. Churchill. 1:30 to 2 p. m.—Opening exercises. 1:50—Address by Prof. A. L. Peck of the Oregon Agricultural College. 2:30—Address by Dr. Carl Gregg Doney of Willamette University.

SAGE TEA BEAUTIFIES AND DARKENS HAIR

Don't Stay Gray! Sage Tea and Sulphur Darkens Hair So Naturally that Nobody Can Tell

You can turn gray, faded hair beautifully black and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days. This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

President's Vacation Will Be Minus Quantity

Washington, April 6.—President Wilson is confronted by a vacationless or nearly vacationless summer in Washington. Excepting a few week-ends the magnificent mansion arranged for at Long Branch, N. J., will have only the

Convalescent

after a bad cold or a spell of the grippe? You need a safe tonic to help Nature bring back your health and strength, assist the digestion and keep the bowels regular. This suggests a fair trial of

Ask local agent for further information or write John M. Scott, General Passenger Agent Portland, Ore. Southern Pacific Salem to Los Angeles and Return

COMBING WON'T RID HAIR OF DANDRUFF. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips. Do this tonight, and by morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have. You will find, too, that all itching and itching of the scalp will stop at once, and your hair will be fluffy, lustreous, glossy, silky and soft, and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts on the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c. F. J. CHENEY & CO., Toledo, O.

Introduced the Girls to All the Druggists. Portland, Ore., April 6.—To be known to every druggist in the city—that is the municipal court sentence under which three girls, known as Lena, Bessie and Irene, gained their freedom today. They had been drinking alcohol which they secured at drug stores, the police testified. "Take these girls," said Judge Langhuth, "and show them to every druggist in the city, so that they will not sell them any more alcohol." Public Defender Robinson spent all day yesterday afternoon executing the court's order.

ADVERTISED LETTER LIST. Advertisers April 5, 1916. Bailey, Oscar. Beau, Mrs. A. Bowles, Mr. and Mrs. J. Brown, Mrs. A. B. Brown, Miss Marjorie. Burns, Mr. W. Cassett, W. B. & Co.
