SOCIETY

ALINE THOMPSON

It is the "between seasons" when society is a little weary after the strenuous months of social gaiety is anxious for a rest and relaxation from the continued round of dinners, luncheons, bridge parties and dances.

This week has been very quiet, there were a few smart affairs, but most of these were of a very informal nature. The annual disturbance which is not yet pronounced enough to be termed an exodus, has begun and hurried trips are being planned north and south. A little later in the year there will be a general departure for the sea shore when the smart set, having said farewell to the winter proceeds to seek rest and quiet and other diversions in the informality of the country life.

Those who remain at home retire into a convenient period of dullness that is relieved only by very informal affairs.

Society will miss the next few weeks, Mr. and Mrs. Henry Meyers, who left Friday for California. Mr. and Mrs. Meyers are expected to be joined in San Francisco by Mr. and Mrs. Frank Jordan, of Seattle. The Meyers will devote much of their time motoring as they have taken their car with them. They will drive as far south as San Diego before returning.

Monday evening was a gala one for the members of the Monday Dancing club. Merriment reigned supreme making their last party one of the most thoroughly enjoyable of the entire season.

GET RID OF HUMORS

Hood's Sarsaparilla is the Medicine to Take—Makes Pure Blood.

Dry, moist, scaly tetter, pimples, boils, and other eruptions come from humors, which may be either inherited, or acquired through defective digestion and assimilation.

To treat these eruptions with drying medicines is dangerous.

Hood's Sarsaparilla, the old reliable medicine, helps the system to discharge the humors, and improve the digestion and assimilation.

Get Hood's Sarsaparilla from your druggist. It may be confidently relied upon to do its work. It purifies the blood, tones the stomach, and builds up the whole system. It goes to the roots of disease, and its beneficial results are permanent. It sets things to rights in the system. Remember to ask for Hood's Sarsaparilla, because nothing else acts like it and nothing else can take its place.
