PUT CREAM IN NOSE AND STOP CATARRH

Tells How To Open Clogged Nostrils and End Head-Colds.

You feel fine in a few moments. Your cold in head or catarrh will be gone. Your clogged nostrils will open. The air passages of your head will clear and you can breathe freely. No more dullness, headache, no hawking, snuffing, mucous discharges or dryness; no struggling for breath at night.

Tell your druggist you want a small bottle of Ely's Cream Balm. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, and relief comes instantly. It is just what every cold and catarrh sufferer needs. Don't stay stuffed-up and miserable.

PAPER AND PENCILS DEARER

It is a long way to Tipperary and a much longer way to the wages of war in Europe. And yet what is now going on in Europe will soon indirectly affect every child of school age in the United States from the fact that materials that enter into the manufacture of tablets also enter into the manufacture of gun powder. And any material that enters into the manufacture of munitions for the warring countries of Europe is sure to advance and finally become scarce.

Hence, the school children who want the biggest tablet on earth for five cents, will soon find that tablet gradually growing smaller and those who look for a nice ink tablet with the number of pages so common a year ago, will also look in vain.

Several of the tablet factories in the east have been compelled to close down. Others are notifying their trade that the advance of at least one third may be expected in the wholesale prices.

The story in lead pencils is about the same, yet it is not so noticeable, as five cent pencils are still in the market. A few of the better grades that formerly retailed for five cents are now selling for ten.

THE MARKETS

The following prices for fruits and vegetables are those asked by the wholesaler of the retailer, and not what is paid to the producer. All other prices are those paid the producer. Corrections are made daily.

Everything is nice and quiet along Market street. Wheat is strong in Portland but not strong enough to pull up the quotations in Salem. Eggs are also strong and holding their own and the situation is general that right now is the best period for eggs, and with a cash price of 16 cents now, the chances are favorable for an advance.

Green peas are now quoted at 7 cents, turnips are out of the market and strawberries have dropped from \$1 a case to that of \$3, which permits the to be sold at 20 cents a box.
