A. B. COOK PAROLED FROM STATE PEN

Former Salem Booster Has Learned His Lesson and Proved Good Prisoner

A. B. Cook, who was sent to the penitentiary from this county in March, 1915, has been paroled by Governor Withycombe. Cook was sent up for obtaining money under false pretenses after an extended flight from this city which ended in Brooklyn, New York. Cook left Salem in June, 1914, between dark and daylight one day and forget to leave his address, also neglecting to settle sundry bills that amounted to about \$500 in Salem.

He was convicted in the circuit court of this county upon his plea of guilty and Cook was the first prisoner received at the state pen by the late Harry Minto, as warden. Sheriff Each turned Cook over to Warden Minto and received receipt No. 1 for the prisoner.

Cook has been a good prisoner at the pen and was made a trusty soon after he began his sentence at the pen.

Governor Withycombe today issued a conditional pardon and paroles to the following men who were recommended for such action by the parole board at its recent meeting:

- Stanley Gilbert was conditionally paroled. He was received from Douglas county in May, 1913, for burglary and assaulting an officer. He was seventeen years of age at that time. He is to be returned to his parents in St. Paul, Minnesota.
- The following were paroled: S. C. Thompson, received from Baker county in October, 1913, for larceny. Roy Melanis, received from Multnomah county in April, 1915, for non-support.
- J. M. McCarty, received from Multnomah county in March, 1914, for burglary. Jack Barry, received from Harney county in April, 1914, for larceny in a dwelling.
- Charles Kurts, received from Multnomah county in April, 1914, for forgery.
- John W. Gordon, received from Baker county in March, 1914, for larceny in a dwelling.
- S. W. Hudson, received from Benton county in March, 1915, for larceny.
- Frank Harris, received from Multnomah county in April, 1914, for burglary.
- Harry Bowen, received from Douglas county in November, 1914, for larceny in a store.
- Jack Robinson, received from Marion county in April, 1915, for larceny of a gelding.
- Tom Shafter, received from Multnomah county in January, 1915, for attempting to utter a forged check.
- Henry Schmidt, received from Benton county in November, 1913, for burglary not in a dwelling.
- John Maybrick, received from Washington county in December, 1914, for larceny from an office.
- Henry Schmidt and John Maybrick are being deported.

Dean Alden Tells of Mexico and Mexicans

The Pilgrim's club of the First Congregational church were given an interesting address last evening by Dean Alden of Willamette university. Mr. Alden spoke of "Our Spanish-American Neighbor" and in telling of the conditions of Mexico, told of not what he had read, but of what he had actually seen during his extensive travels in that troubled country.

Mr. Alden saw in his travels what the average reader cannot realize, and that is the abject poverty among the poorer classes and the general lack of education. Also the fact that more than one-half of the people are of Indian blood, uneducated, untrained and practically at the mercy of the land owners and upper class.

The average Mexican citizen does not come up to anything in the line of the American standard, according to Mr. Alden and while there is great possibilities for the country, these will not be realized until the country is properly governed.

An extra attraction for the club was the hypnotic demonstrations of E. Cooke Patton, who unlike others famous in the mystic art, did not carry his troupe with him, but selected his subjects from those Pilgrims who happened to be present. Albert Gille added to the entertainment of the evening, singing two solos.

Moose Lodge Honors Out-Going Dictator

Fred S. Lampert, out-going dictator of the Moose lodge, was presented last evening with a loving cup by his fellow lodgemen, as a testimonial for the work he had done for the good of the order during the two years he occupied the chair.

Charles H. Gies, of Corvallis, supreme dictator for Oregon, was present and officiated at the installation. Accompanying him from Corvallis were Tom Graham, William Richard, D. I. Fendall and Harold Woodcock, who all did their share in the evening's entertainment. Salem orators called upon to talk were Don W. Miles, Walter Toose, George Patterson, Ernest Blue, Benjamin Brick, Fred Lampert and Thomas Brown.

Those who were installed last evening and who will have charge of the affairs of the lodge for the coming year are: Ernest Blue, dictator. Benjamin Brick, vice-dictator. A. J. Baldwin, prelate. Donald W. Miles, secretary. Ed Erock, trustee. W. F. Nelson, treasurer. E. Martin, inner guard. C. D. Shaw, outer guard.

The Law Interfered With Love's Young Dream

Los Angeles, Cal., April 12.—"This little interference won't make any difference," signed Beech A. Russell, through the bars of his cell in the county jail here today following his attempt to elope with fifteen year old Lena Reuther.

Russell, son of a Ventura rancher, drove alongside a bus loaded with school girls en route to Compton yesterday and invited Lena to elope. She accepted.

When the principal of the Compton high school notified the girl's father, Fred Reuther, Sr., wealthy cattleman of Anaheim, a long chase ensued. Officers finally overtook the couple at the home of Russell's brother-in-law, where a wedding supper had been spread. The officers arrived only a few minutes ahead of a minister who had been summoned.

Senator Sherman's Slate Is Broken—Wilson Given All Democratic Delegates

Chicago, April 12.—Incomplete returns today from the Illinois presidential primary showed that, while the slate of United States Senator Lawrence V. Sherman, republican presidential candidate had been broken, John M. Harlan, the only avowed republican national convention delegate pledged to Theodore Roosevelt was defeated. Four minor pledged delegates were elected. Two of them may possibly be Roosevelt men.

All candidates for delegate to the Democratic convention were pledged to Woodrow Wilson.

Twelve thousand Chicago voters inserted the name of Roosevelt in their ballots.

Roger C. Sullivan has retained control of the state Democratic organization and a majority of the delegates to the national convention.

Former Mayor Carter Harrison was defeated for delegate.

Control of the republican state organization was split between the Thompson, Deenen and Brandage factions.

SCHOOL PHYSICIAN'S REPORT INTERESTING

Number and Variety of Cases Treated Shows Need of Such Work

The monthly report of Dr. O. B. Miles, school physician, and Miss Grace L. Taylor, school nurse, shows many interesting things about general health conditions in the schools, and the work that is now being done to bring parents to realize that when a child is defective or in ill health, something must be done. Twenty four of the children were in such condition that they were referred to a specialist, and ten to regular physicians. Three were referred by Miss Taylor to charitable associations.

Lime Starvation Causes Tuberculosis

The Medical Record (New York) of December 18, 1909, contains an article on "The Treatment of Pulmonary Tuberculosis, Based on the Assumption That the Direct Cause of the Disease is Lime Starvation," by Dr. John P. Russell, who says: "The condition which is recognized as preceding the active development of tuberculosis in the adult may be considered as due to lime starvation."

"Among inorganic substances lime salts appear to be of special physiological importance. . . . The condition which is difficult to suppose that the cells can appropriate them for food."

Years of widespread use confirm us in the belief that the success of Eckman's Alternative in cases of pulmonary tuberculosis (consumption) and chronic throat and bronchial troubles is due in large measure to its content of lime, so combined with other ingredients as to be easily appropriated by the cells.

Unless this has had much to do with the results obtained in many cases of these affections, which appear to have yielded to Eckman's Alternative.

As it contains no opiate, narcotics or habit-forming drugs, it is safe to try. Your druggist will order it for you or you can send direct. Eckman Laboratory, Philadelphia.
