Counterfeiting Plant Located In Mountains

Tacoma, Wash., April 12.—Hoping to uncover a big counterfeiting plant that is believed to be located in the foothills of the Olympic mountains, United States government secret-service operatives are on their way to Aberdeen today. Large numbers of spurious dollars and half dollars are declared to have been floated recently in all northwestern cities, particularly in the Gray Harbor country. The counterfeiters are exceptionally good imitations. Captain Thomas B. Foster, head of the United States secret service in this district, recently ran down a gang of counterfeiters near Concrete, capturing several. At that time it was believed other bad money plants were still operating in the northwest, and recently government operatives while at Aberdeen discovered certain facts that led them to believe the location of one of the plants was in the mountains near that place.

Eugene Register's contribution to the lion-lamb symposium: 'With frost at night and bright, warm sunshine in the daytime, it must be said that March is going out like a lamb in cold storage.'

All Around Town

NO SILVER IN RUSSIA. San Francisco, April 12.—Scarcely a silver coin is left in Russia. The people have returned to a strange currency method, because all the silver has been called in, according to G. Loupsky, one of 25 Russian refugees who arrived in San Francisco today. 'They now have a kopeck bill worth about three tenths of a cent and they have ten kopeck pieces in perforated sheets like postage stamps,' he declared. One sweetly solemn thought that must occur to everybody: The strawberry shortcake season is fast approaching.
