Your spark plugs will keep cleaner if you use a straight-distilled, refinery gasoline. A mixed or imperfectly refined gasoline breaks up and deposits carbon instead of exploding completely.

Dallas Monthly Sales Have Been Discontinued

(Capital Journal Special Service.)
Dallas, Ore., April 13.—At the last meeting of the Dallas Commercial club it was decided to discontinue the monthly sales that have been held for the past several months under the auspices of the club. The attendance at the sales at first was large but they have gradually decreased until when the last sale was pulled off on the 25th of last month there were hardly enough buyers for the articles put up for sale. It is the opinion of Secretary U. S. Loughary, who has had charge of the sales that interest in the proposition is on the decline so the club decided to abandon the undertaking. It is possible that at a later date the sales may be taken up again by either the Dallas Merchants' association or the Polk County Farmers' Union.

Mrs. Minnich Adjudged Insane.

Mrs. Ida Minnich, divorced wife of Charles Minnich, a former business man of this city, was adjudged insane by Justice of the Peace Hardy Holman last Saturday, who acted in the place of County Judge John B. Teal, after a thorough examination by Dr. B. H. McCullon. Mrs. Minnich showed no radical symptoms of insanity in the examination made by Dr. McCullon but he gives the opinion that family troubles causes her to be mentally depressed and unbalanced at times. A sanatorium suffered by Mrs. Minnich several years ago is also thought to have some bearing upon her mental condition. The complaint was made by her father-in-law, J. J. Minnich.

May Open Dallas College.

At the annual meeting of the conference of the United Evangelical church held in Portland last week it was unanimously decided to re-organize the Dallas college and establish a Bible training school in connection with some educational institution of the state. The trustees were authorized to organize a corporation to take over the property of the college and proceed to organize a school with some educational institution that promises the best opportunity.

Smiths Found Guilty.

The first case to claim the attention of the circuit court for the April term was the case of the state against Cliff and Frank Smith charged with maintaining a public nuisance in Independence in that they allowed gambling in their pool and billiard hall in the above city. After listening to the testimony of a number of witnesses the jury retired and after being out about two hours brought in a verdict of guilty. The case came up in the February term of court but the jury failed to agree and the case was carried over to the present term.

MOTORMAN FAINTED AND FELL FROM CAB

Seattle, Wash., April 13.—Motorman John Moland looked out of the vestibule of an Alki Point car, lost consciousness and fell to the street late yesterday afternoon while his car, full of passengers sped toward the city. The pilotless carrier had gone more than a block when a passenger in the front seat noticed the absence of the motorman, ran to the controller and shut off the current. Moland was found lying unconscious with concussion of the brain, where he had fallen from his speeding car.

Country to Honor "Bill" of the Play

In all colleges and literary centers in the United States, plans are under way for the observance of the tercentenary of the death of Shakespeare. While history is somewhat uncertain as to the exact date of the birth of the poet, there seems to be a preponderance of the district guesses for the death occurred on the 23rd of April, 1616. For the students and scholars living in Salem who are interested, the public library has prepared a special shelf of the works of Shakespeare and has also added many volumes of interest. The most important as well as expensive addition to the Shakespearean literature, is the collection of six volumes of the Variorum Shakespeare, edited by Henry Furness. These volumes are of great interest to the student of Shakespeare as they contain notations on many of the disputed passages and references to the many historical points and grammatical phrases that have been under dispute. A special Shakespearean bulletin has been prepared by Miss Swezey.

WILLAMETTE NOTES

Eight candidates will participate in the annual silver medal contest which will be held in the chapel of Waller hall on the evening of April 22. The silver medal is offered by the local prohibition society; the contestants are not required to write their own orations but select them from pamphlets sent out by the W. C. T. U.

The winner of the contest will be eligible to take part in the gold medal contest which will be held next year; the gold medal is only offered once in seven years as there is considerable honor attached to the winning of it. Those who will enter the contest are: Leslie Bailey, Louis Stuart, Harry Bowers, Mae Thompson, Josephine Troy, Grace Sherman, Mabel Boughey and Mrs. Roxanna McCain.

President Doney will preside at the meeting and the ladies' glee club will give several selections. Harry Mills will also give several instrumental solos. The judges for the occasion are to be: Mrs. Sarah Brown Savage, Miss Ida B. Davis and Rev. Carl H. Elliott. Miss Gladys Carson, a junior in the college, is the president of the local college organization and she has been largely responsible for so many entering the contest.

Willamette university debate teams are spending a great deal of time in preparing for the coming debate between Willamette and Pacific which will be held in the chapel of Waller hall on the evening of April 21. Mr. Harry Savage and Mr. Harold Eakin, who are on the team went to Portland the latter part of last week to hear a debate at Reed college on the same question which they will debate Pacific in the near future. Two teams will debate the question the same evening, one going to Forest Grove, the other remaining here to meet a team from Pacific.

Willamette has beaten Pacific in every contest in which the two schools have participated in this year and expects to keep up its enviable record throughout the year.

Herbert Blatchford, accompanied by Manager of Forensics Smith and the Misses Fae and Fern Wells will leave Friday morning for Forest Grove where Blatchford will represent Willamette in the inter-collegiate prohibition contest in the evening. There will be five colleges represented in the contest, Pacific university, Pacific college, McMinnville college, Eugene bible university and Willamette university.

The annual W. C. A. convention will be held at Corvallis this year, beginning April 11, and lasting to the 17. Delegates from four other colleges will be present namely, Albany, Oregon, A. C. McMinnville and Willamette. A number of high schools will also attend the convention so there will probably be a large crowd present.

Who are planning to go from Willamette are: Misses Acton, Emmel, Rosamond Gilbert, Edith Bird, Aldie Tobie, May Thompson, Flora Hessel, Ruth Green, Mildred Wiggins, Isabel Garrett, Fannie McKeown and Lynn Miles. The semi-finals in the tennis tournament were played off yesterday afternoon and resulted in Paul Smith defeating Earl Fliegel and Howard Jewett winning from Athill Irvine. The scores for the first match were: 4-6, 7-6, 6-4, in favor of Smith. The scores for the second match were: 6-0, 6-3.

This year's game against Jewett in the final, which will be played tomorrow afternoon. Both of yesterday's games were well played and the winners had to play at all times during the game to win.

The Willamette Alumni association is offering a prize to the students of the university, who shall receive the highest grade in Latin and History of the Constitution of the United States. The prize consists of \$20 in cash, to be divided equally between the two who receive the highest marks in these two subjects, or in case the winner happens to be one and the same then he shall receive the entire amount. The examination will be held each year at least 10 days before the commencement exercises, under the direction of the heads of the departments of Latin and History. The prize will be awarded publicly at the commencement exercises. No person will be allowed to compete in the examinations who has previously won a prize in this contest. The prize is to be known as the Alvena P. Waller prize, the alumni committee who were the means of establishing the prize were: Miss Sophia Townsend, Tacoma, Washington; Mrs. I. H. Van Winkle and Burgess Ford. It is expected that this will be the means of stimulating to some extent more interest in those two subjects in the years to come. The board of trustees of Willamette university recently decided that the system of awarding scholarships adopted last year would be retained again

this year as they feel the results were such as to justify its retention. About 40 high schools throughout the state will be given the privilege of sending a graduate to Willamette next year, each student to have received the highest standing in his scholastic work while in high school. The scholarship pays the student's tuition for the entire year. This year there are 18 who were granted scholarships and the trustees in considering the matter decided that it was one of the best methods of advertising the university that could be found.

Not only was last night one of our known deals but it was one of our known ones as well, it seems that a number of the academy students were discussing the matter of holding a separate commencement exercises for the academy and one of their number was strongly opposed to the idea and in order to secure a unanimous decision it was decided to toss the objecting member in to the mill race and accordingly he was introduced to the cool inviting depths of the said amphibian abode. Although the deed is known to have taken place no one seems to know who was the cause or the means. It is said however, that a Stout man was the victim of the plunge.

The Y. W. C. A. will be led by the freshmen girls today. Their discussion will consist of talks on college as seen through green goggles. Today was also sandwich day and a number of young ladies stood at the entrance of Eaton hall and sold sandwiches to the students that stood about, having nothing to do for the time being.

Tomorrow the two young ladies societies will meet in joint session at which time Mrs. Alice Dodd will give a talk on art.

Miss Dorothy Jeffries will sing and Miss Lucille Ross will favor the assembly with an instrumental solo.

Following the program refreshments will be served and a social hour will be spent in visiting and discussing topics of general interest.

RUMOR HIITS MARKET

New York, April 13.—A rumor that German Ambassador Von Bernstorff would be handed his passport with a fortnight caused a drop in the stock market today. Though the story was unconfirmed and without basis except the word of Washington brokers, it gained general circulation. Leading stocks dropped from one to three points.
