Other articles too numerous to mention

Owing to limited space I am able to mention but a few articles of the many I carry in stock, so ask you to pay us a visit and see for yourself the genuine bargains offered.

HOBSON'S 5, 10 and 15c STORE, 254 North Commercial Street

STATE NEWS

Portland, Ore.: Sheep shearing operations are getting well started in the Pacific northwest, and the quality of the initial shearing is much better than the normal. While holdings of sheep in the Pacific northwest are less than a year ago, the fleeces are heavier than normal this season, indicating that the total clip will show little decrease, if any. Market for wool is quiet but very firm at the moment. Eastern mill interests are trying to force selling by appearing to have plenty of wool on hand for their immediate requirements.

Gold Hill News: That the tungsten ore deposits found at Sylvanite, three miles from Gold Hill, are very valuable, cannot be doubted as the extensive assay test made by E. W. Liljergren, of Medford. He says that the ore runs from eight points, 15 per cent. This ore will concentrate very readily to from 50 to 75 per cent tungsten acid, which will yield on the latter per cent, \$4.90 per ton. The discovery of tungsten near this city by Messrs. G. L. Haff and Henry Ray is a big find. The tungsten is mostly in the form of scheelite, of a yellowish white color, in a quartz gangue; also minute particles of wolframite are found in places.

Albany Herald: Poultry raisers, of whom there are hundreds in the vicinity of Halsey, shipped a ton of eggs from there March 30 through merchants. The shipment goes to Seattle for cold storage purposes. Halsey ships more poultry, eggs and livestock than any other point on this division of the Southern Pacific. The White Leghorn is the predominant breed in that section. It is not an unusual sight to see a thousand White Leghorns in a flock.

Corns Gone!
By jimmies! I'm happy—feel like a young colt—here I've been worrying about that hard, painful corn for months and months without knowing that I could be cured almost instantly. Comfort Corn Plasters did the work—and did it well—the old troublesome corn comes out with the root—no cutting—no dangerous drugs or acids—just a wonderful medicated plaster that does the trick—easy to put on—and the corn's gone before morning. Why continue to suffer—just ask for Comfort Corn Plasters—guaranteed to give absolute satisfaction or money back. Only 25c the package.
J. C. Perry, Drussist,
115 S. Commercial Street

BISURATED MAGNESIA

For sour acid stomachs, gas and fermentation of food. A teaspoonful in a fourth of a glass of hot water usually gives INSTANT RELIEF. Sold by all druggists in either powder or tablet form at 50 cents per bottle.

Almost every farmer in that section keeps a flock of fowls, and most of them pure breed males. The shipment is not unusual for Halsey. Throughout the heavy laying season the shipments are heavy.

Ashland Tidings: Engineer J. W. Bull, from the office of the public roads and rural engineering of the federal department of agriculture, is preparing to begin the work of survey of the Medford-Crozier Lake highway. Field work will begin on April 10, with a crew of about 12 men. The work will cover a period of probably five months. The route will, in all probability, follow the course of the Rogue as nearly as possible, but that, of course, is among the official details to be worked out in preliminary surveys. The scenic value of the highway will be taken into account. Engineer Bull began the organization of his forces last Monday.

Concerning the prospect for a fair, the Burns News says the fair committee has done some effective work and the Harney county court has signified a willingness to give all aid possible. This, the News believes, "insures a splendid affair of this occasion next fall."

F. Wallace Sears, now owner of the Gold Hill News took charge of that newspaper last Saturday. In his salutatory Mr. Sears says, among other things: "We hope to live here for the balance of our natural life."

"If anyone should want an inspiration for industrial activity," says the Astorian, "he should take a trip to the McEachren shipbuilding site on Youngs bay at the foot of Seventh street. They're doing things over there."

The Bend Bulletin boasts that "even with Jefferson cut off, Crook county is larger than the states of Rhode Island and New Jersey combined."

PAIR OF PUP WONKS
Los Angeles, Cal., April 13.—To the local canine population has been added a pair of pup wonks. The wonk is a rare Chinese dog, and the pair was brought here by V. L. Roock, a wealthy plantation owner in the Philippines. The wonk pups are valued at \$2,000.

SENDS LEAP YEAR PROPOSAL TO KING OF STANDARD OIL

Mrs. Hermis J. Thress, a divorcee of Oakland, California, has sent a leap year proposal to John D. Rockefeller, Standard Oil magnate. "Some love you for the enemies you have made," she wrote in the proposal. "I love you for the money you have made."

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

BATTLESHIPS COLLIDE
Washington, April 13.—The battleships South Carolina and Michigan collided while they were cruising north of Guantanamo, the navy department announced today. Neither of the war vessels was seriously damaged and no sailors were injured.

Seattle Wants to Row the Big Eastern Crews

Seattle, Wash., April 12.—Every effort will be made to have the winners of the Poughkeepsie and Yale-Harvard eight come west this year, by Seattle business men, interested in aquatic sports, particularly rowing at the University of Washington. Following yesterday's meeting of the faculty of the university which sanctioned both plans offered—to bring the winners west, or if this was unsuccessful, to send the Washington eight east—the Businessmen's Rowing club immediately got busy and will start correspondence at once.

The plan in favor here is to have the two winning crews come to Seattle. This would cost in the neighborhood of \$7,000, while the trip east by the locals would cost \$3,500 less.

JUST TRY THIS WHEN HAIRY GROWTHS APPEAR

(Modes of Today)
A smooth, hairless skin always follows the use of a paste made by mixing some water with plain powdered delatone. This paste is applied to the hairy surface 2 or 3 minutes, then rubbed off and the skin washed, when every trace of hair will have vanished. No pain or discomfort attends the use of the delatone paste, but caution should be exercised to be sure that you get real delatone.

PUT JOHNNY TO SLEEP

Portland, Or., April 13.—A swig from a flask of alcohol which contained a dram of ether put John Osterberg to sleep in the gutter. He awoke in the police station several hours later. On their own initiative many Portland druggists are denaturing their alcohol with camphor or ether before selling it for any purpose.

AH! HOW "TIZ" HELPS TIRED, ACHING FEET

Instant Relief For Sore, Swollen, Tender, Calloused Feet And Corns.

"Pull, Johnny, Pull!"
You're footsick! Your feet feel tired, puffed up, chafed, aching, sweaty, and they need "Tiz." "Tiz" makes feet remarkably fresh and sore-proof. "Tiz" takes the pain and burn right out of corns, callouses and bunions. "Tiz" is the grandest foot-gladdener the world has ever known.
Get a 25 cent box of "Tiz" at any drug store and end foot torture for a whole year. Never have tired, aching, sweaty, smelly feet; your shoes will fit fine and you'll only wish you had tried "Tiz" sooner. Accept no substitute.

Waconda News

(Capital Journal Special Service.)
Waconda, Or., April 13.—Victor Taylor, of Salem, was the week end guest of Mr. Carlton Savage.
Mr. L. A. Jones was a Portland visitor Thursday.
Miss Gladys Humphrey attended the teachers institute, which was held in Salem Saturday.
Mrs. E. M. Palmer spent Tuesday and Wednesday in Salem with her daughter, Alice Palmer.
Miss Maule Jesse, of Salem, spent the week end with her mother, Mrs. Jesse.
The baseball game which was played at Waconda Sunday with Quinby was triumphantly won by the home team.
A surprise party was given on Opal Loren, Saturday afternoon in honor of her birthday. The children amused themselves by playing games, after which luncheon was served. They then departed for home wishing Opal many more happy birthdays.
Miss Young, of Salem, was a visitor at the Palmer home last Sunday.
Miss Eileen Savage was the guest of Mr. and Mrs. Dr. B. P. Pound, Saturday and Sunday.
Mrs. E. P. Habert was a Salem visitor Wednesday.
Those visiting at the home of Mr. and Mrs. Theodore Loren Sunday were Mr. and Mrs. H. J. Winter and two children, Mrs. Joseph Winter, of Hult, and Mr. and Mrs. Lawson Hadley, of Silverton Hills.
The wood axe of Boss Martin was heard humming in his neighborhood this week.

Public Library Shows Gain In Circulation

The public library has made a considerable gain this month in the number of volumes, as 163 adult books and 25 juvenile have been added, according to the monthly report submitted by Miss Anne D. Swezey, librarian. The month of March was also a prosperous one from the viewpoint of circulation, as in this record, the total of 5,343 was the largest of any March in the history of the library.

The library now contains a total of 11,804, assorted as follows: Adult books, 9,203; adult pamphlets, 155; juvenile books, 2,419; juvenile pamphlets, 27. No books or pamphlets have been withdrawn during the month. A little over 30 per cent of the library reading is done by children. The circulation for the month was, adults, 3,048; juvenile, 1,695. The adult readers carried out 2,331 volumes of fiction, 972 of other books and 15 magazines. The children were not so strong for works of fiction, as their per cent of fiction reading was 57, while the adult readers preferred 72 per cent.

The best day's business during the month was when 395 books were checked out and the smallest day's work, when only 121 were called for. This brings the average circulation to 193 daily.

While the circulation was 158 less than the preceding month, yet March was a banner month, as 322 more volumes were circulated than March of one year ago and the total showing the largest month's business in the history of the library.

The extra number of books added to the library during the month was due to the fact that the Shakespeare collection has been added to generously, in honor of the tercentenary of the death of the great poet, April 23, 1616.

DANDRUFFY HEADS BECOME HAIRLESS

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't. It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.
By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.
You will find, too, that all itching and itching of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need no matter how much dandruff you have. This simple remedy never fails.

A RAW, SORE THROAT

Eases Quickly When You Apply a Little Musterole

And MUSTEROLE won't blister like the old-fashioned mustard plaster. Just spread it on with your fingers. It penetrates to the sore spot with a gentle tingle, loosens the congestion and draws out all soreness and pain.
MUSTEROLE is a clean, white ointment made with oil of mustard. There's nothing like it for quick relief for Sore Throat, Bronchitis, Tonsillitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chills, Frosted Feet, Colds on the Chest (it often prevents Pneumonia). Nothing like MUSTEROLE for croupy children.
At your druggist's, in 25c and 50c jars, and a special large hospital size for \$2.50. Be sure you get the genuine MUSTEROLE. Refuse imitations—get what you ask for. The Musterole Company, Cleveland, Ohio.

High School Notes

At a tryout of the sophomores Tuesday evening the following boys were chosen: Dewey Probst, John Scottfield and Ralph Barnes, with George Dorst as alternate. The boys have chosen Rev. Robert S. Gill, rector of St. Paul's Episcopal church, as their coach.
A movie survey of the schools of the city is being taken with the expectation of bettering the movie and of seeing what the prevailing favorites of the children are.
The German club is practicing a German play entitled "Eginund," which will be given soon at the school.

Catarrhal Deafness Cannot Be Cured by Local Applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c. P. J. CHENEY & CO., Toledo, O.
