

# LISTEN! Don't You All Want to BLOSSOM OUT

## On Easter Morning?

Certainly you do, then make tracks to the Chicago Store. Grab up these specials that I have made for Saturday's selling. Think! Stop and consider what you can save on Easter apparel during this sale. New Spring Suits, Coats Silks, Wool Dress Goods, Millinery, Domestics, etc. You are hereby requested to lay aside all business and excuses during my stay at the Chicago Store and appear here every day between the hours of 9 a. m. and 6 p. m. and ascertain the price reductions on all merchandise. If you fail to do so you will deem your self loser of good hard cash that otherwise you could have saved. REMEMBER that Easter is only a few days off.

### The Shoe Situation

What would you do if no Shoes could be Had? The situation has not reached that stage but is such that one stops to think.

Last year the U. S. exported \$119,000,000 worth of shoes and the pace continues.

Leather has advanced from 18c a square foot to over 40 cents.

Heavy Leather is in great demand for saddlery and war uses.

Hides are becoming very scarce.

The killing of small goats and lambs has been prohibited by Austria, Bulgaria and other countries that formerly furnished large quantities of such hides.

Leather formerly used in shoe tonques and of the cheap variety is now used in ladies' shoes and the price is three times as high as formerly.

The biggest shoe factory in Chicago using millions of dollars worth of leather annually, has leather enough for six weeks ahead. When exhausted they don't know where their further supply is to come from.

Many shoe manufacturers have called their traveling men back home as the situation is so uncertain as to supplies, and every merchant is eager to buy.

These are a few facts facing the merchant and it is right the consumer should understand the situation.

We handle the Florsheim Shoe which is generally acknowledged among the trade to be at the top for quality and value.

The popular price is Five Dollars and we have special leathers and makes at six and seven dollars.

In a measure we have anticipated the present situation and bought freely when placing our orders last Fall for this Spring delivery.

Up to the present time we are giving the same high quality of leather and workmanship as in the past and at no increase in prices.

We could not replace our present stock of Florsheims for less than a dollar a pair advance.

At present we have a very large and beautiful stock to select from and we admire the financial sagacity of several of our customers who have recently been buying two pairs instead of one. It shows they are posted on the conditions East.

LEAP YEAR IS DEADLY  
Berkeley, Cal., April 14.—Cupid has been making hay around the University of California campus. It was learned today that 40 engagements had been announced this spring among the students and graduates, and that 20 weddings of California men and "co-eds" had already occurred. The class of 1916 holds a record for engagements. It is planned to announce many more at the social events during commencement time.

DALLAS MAN KILLED WHILE HUNTING ON SALMON RIVER  
Dallas, Or., April 14.—Mr. and Mrs. A. J. Winters, of Ballston, received word yesterday of the death of their son, Del Winters, on Sunday. The young man was killed by the accidental discharge of his shotgun while hunting in a remote part of the Salmon river. He lived near Rose Lodge, and leaves a wife and four small children.

NOTICE TO SUBSCRIBERS  
The Daily Capital Journal will still send the Western Farmer to those subscribers who pay a year in advance and desire to receive it.  
Solicitors for that publication, no doubt without authorization, have told people in this territory that the Capital Journal is no longer clubbed with the Western Farmer. A misstatement we desire to correct.
