that blessed pipe with good old "Tux" and knock the daylights out of care and woe and trouble and all the rest of that tribe. So fresh, cheerful, sweet, mellow and mild is "Tux" that it makes you feel care-free and cheery all the live-long day!

# Tuxedo

The Perfect Tobacco for Pipe and Cigarette

D. S. GORDON  
Brigadier General, U.S. Army  
"Tuxedo tobacco gives a mild, cool and soothing smoke. I would not use any other tobacco."

Why have so many thousands of men forsaken all other smokes for Tuxedo?

Because they tried Tuxedo and found it the one tobacco with all the essentials of a perfect smoke—supremely mild, sweet, fragrant and without a particle of bite or irritation.

No such tobacco was ever known until the "Tuxedo Process" was invented by a doctor to refine and mellow the natural leaf and remove every trace of bite.

Other tobaccos make big claims about so-called processes—but the fact remains that none of these imitations has ever equalled the original "Tuxedo Process." That's why Tuxedo is the most wholesome tobacco—no other can be made by the "Tuxedo Process."

One week's trial will make you a permanent Tuxedo smoker.

## PORTLAND WILL NOT PLAY BALL TODAY

Game and Parade Postponed --Will Play Tomorrow, Weather Permitting

\*\*\*\*\*  
GAMES POSTPONED  
\*\*\*\*\*  
Portland, Ore., April 18.—After alternate rain and sunshine had kept the hopes of baseball fans bubbling up and down all morning, J. Plovius finally got the upper hand, and W. W. McCredie announced that the opening game on the home grounds between the Beavers and Salt Lake Bees would be postponed until tomorrow.  
The parade and other demonstrations scheduled for today will be staged tomorrow, providing the weather does not again interfere.  
\*\*\*\*\*

Portland, Or., April 18.—Before the Portland Beavers and the Salt Lake Bees do their turn at the Vaughn street grounds this afternoon, they will have a little altercation to settle with one Jupiter Plovius, rain maker. Jupe is the official killjoy whose activities have rudely dashed the hopes of many a Duck city ball game.  
Even if it does rain, a mile-long parade with six bands and a bunch of floats, Governor Witzycombe and Mayor Albee and several thousand lesser lights will march to the grounds. The parade began forming at noon and was scheduled to reach the ball grounds an hour ahead of the game.  
Half holidays were declared in many business houses, but no school boys will go unless they play "hooky."

The game will start at 3:00 p. m. About one o'clock the ground keepers will burn a lot of 19 cent gasoline on the grounds to dry up the field.  
Weather permitting all previous attendance records probably will be smashed. W. W. McCredie announced an unprecedented sale of box and reserved seats. Speculators who tried to buy up the blocks of tickets were rudely squelched.  
Mayor Albee will pitch a baseball supposed to have been used in the first game under organized baseball rules, way back in 1862.  
The probable batteries for today are Hughes and Hannah for Salt Lake and Noyes and Fisher for Portland.

## SALEM MAY ENTER INTER-CITY LEAGUE IN WOODLAND'S PLACE

League Magnates Will Meet in Portland to Confer--First Game April 30

Secretary Gen. Grayson, of the inter-city baseball league, came to Salem last evening to interview the new management of the Salem Senators about Salem entering the league. A meeting was hastily arranged at which it was practically decided that Salem should have league ball. A meeting of the league managers and officials will be called for Thursday evening at Portland and Salem has been requested to have a representative at the meeting at which time the final arrangements will be completed if Salem enters.  
At present there are eight teams in this league, viz.: Bradfords, Gresham, Montaville, St. Helens, Woodland, Kirkpatrick's, Baby Beavers Woodburn.

According to Secretary Grayson, if Salem should enter they will probably take the place of Woodland. Woodland's schedule consists of eight games at home in the next 13, one at Portland on Vaughn street east league grounds, two at Woodburn, and two at Gresham. This is only the first half of the season and on the second half the schedule is so arranged that Woodland plays the same majority of games at home.  
In case it is decided to enter the league the opening game will be played at Woodburn, April 30. The following Sunday Salem will have their opening game at home against the Baby Beavers.

Of course it depends to a large extent on what the baseball fans of Salem do for the team whether or not Salem enters the league. The team was organized only a week ago on a pro rata basis among the players and they have no finances back of them. To go into this league will take considerable money and if the fans of Salem want to see high class ball and are willing to support the team sufficiently to get started there is no reason why Salem cannot put an exceptionally fast team in the field.  
The matter will be laid before the Commercial club at their regular meeting this evening in the hopes that they will give their moral as well as financial support.  
Some of the fans who have witnessed the three games played at Woodburn will vouch for the statement that the teams in this league are made up of the best semi-professional and amateur players in this part of the country and Salem will see some of the best baseball outside of organized league ball that they have seen since the old days of the Tri-City league.  
This year Salem has an exceptionally strong bunch of players from which to pick a team, among whom are Proctor, Humphreys, Hauser, Adams, Jones, Miller, Gill, Cole, Tasto, Mickel, Bell. The big star pitcher of Salem high school and Salem Senators, Time, Roy, Keene, and big leaguer Abraham, of Dallas, and the young phenom Cole, of upper valley fame.  
Otto Klett as manager and former Manager C. Fisher as secretary and treasurer, and John Humphreys as captain, were chosen at the meeting last week to handle the affairs of the team. All are thirty-first degree fans and players as well some of the best in the town fair and square and business like manner for sometime past, and that it should prove the most successful season Salem ever experienced.

## Watching the Scoreboard

Jack Noss, our P. O. L. world's champion batsman late of Oakland, may not have voltage enough for the White Sox, but the fact remains he saved the inning for them yesterday.  
When the pale faced regulars had just about made the game a gift to St. Louis, Noss appeared as a pinch hitter and singled, scoring the tying run in the sixth and enabling Chicago to win.  
Boston plans realize that Walter Johnson is only human. The Red Sox chased the Washington superman off the hill yesterday, whacking him for a double and four singles all in a row and scoring four runs in his moment of weakness.  
Boston had slaughtered Washington to a hamburger condition and was getting ready to hash the hamburger when providence took pity on the Senators and started a large sized rainstorm that ended their cruelty.  
Cunningham of Detroit had his career breaking so simply that the Cleveland batsmen frequently slunk back to their pit whispering sweet nothings after a brief session at the rubber.

## Fruitland News

(Capital Journal Special Service.)  
Fruitland, Ore., April 18.—The Zigler place has been rented to Edward Branson for the coming year.  
Carl Stebbins was home for a short stay Sunday. He is working on a ranch near Independence.  
Mr. John Minger went to Jefferson Sunday evening to do a few days of walnut grafting.  
A nice sized crowd gathered at the home of Mrs. Baker for the month Y. P. A. business and social meeting. A nice program was rendered and a thoroughly good time was enjoyed. Miss Hester Davidson was appointed secretary to fill the vacancy of Miss Lucille Zigler.  
Carson Standifer went to Eola Sunday to visit his newly wedded sister, Mrs. Harry Lundee.

## Ponce de Leon Failed; His Prize Is Found

Ponce de Leon, the daring explorer, searched among the swamps of Florida for the Fountain of Youth, which the Indians said would restore power and make people young. He did not find it.  
Thousands of chronic intestinal, bowel and stomach sufferers have written to Geo. H. Mayr, 154 Whiting St., Chicago, in quest of health. They have found it. His remedy, composed of healing vegetable oils from France, has indeed given them back the health of youth.  
Why suffer from indigestion, gases on the stomach, fainting spells, torpid liver, constipation and all the evils of a disordered stomach when there is permanent relief here? Mayr's Wonderful Remedy is sold by leading druggists everywhere with the positive understanding that your money will be returned without question or quibble if ONE bottle fails to give you absolute satisfaction.

## California vs. Stanford

Berkeley, Cal., April 18.—California will receive Stanford with open arms next Saturday, will attempt to scalp the cardinals a number of times and send them back to Palo Alto dejected of athletic glory. This is rather a large order, the strongest campus enthusiasts admit, but every California supporter is out to fill it if possible.  
In the morning on Oakland estuary the annual intercollegiate regatta takes place. California will meet Stanford in three eight oared races, the freshmen, the second varsity, and the varsity. In the light of Stanford's sensational showing at Poughkeepsie a year ago deponents were figuring that the bears hardly stood a chance on the water, but judging from what Washington did to the Pow-Alto aggregation recently the Cardinal outwmen have possibly seen better days in which case California, which has not won the regatta for 10, these many years, may surprise itself.  
Saturday afternoon the third and deciding game of the Stanford-California baseball series will be played.

## Not to Fight Each Other

Cleveland, Ohio, April 18.—The Covaleski brothers will not pitch against each other if Brother Harry can prevent it.  
This became clear today following Harry's refusal to take the mound for Detroit yesterday when it was announced that his brother Stanley would twirl for Cleveland his first appearance in big league company.  
As that, Stanley pitched a fine game, holding the Tigers safe until the 12th when they bunched enough hits to get two runs and win.

## Women to Take up Wrestling

San Francisco, Cal., April 18.—Wrestling is the latest sport for women.  
Miss Duclie Hall, an Australian woman wrestler of considerable renown, has arrived here and announced today that she expects to appear in various parts of the country introducing the new idea. She believes American women will take to the sport, just as many Australian women have.

## Wright to Box Trambitas

Portland, Ore., April 18.—Billy Wright of Seattle will give away about ten pounds tonight and box Valley Trambitas, the Portland middleweight, over the six round route. The Hippodrome, heretofore the ice rink, has been converted into an athletic club for the spring and summer months.  
Other contestants on tonight's card are Muff Brown and Leo Honek, 125 pounds; Walter Kowloon and Al Mosler, 132 pounds; Tommy Clark and Chas. Neff, 135 pounds; Billy Nelson and Joe Farrell, 125 pounds; Touhy Wingo and Frank Phalls, 115 pounds.

## High School Seniors to Put On "Green Stockings"

The seniors of the high school, under the direction of Miss Ethel Benton, head of the English department will put on the play, "Green Stockings" in the auditorium of the high school Wednesday evening, April 26.  
The play is a high class English comedy and is perhaps the most ambitious effort that has ever been made by any senior class in Salem. It was made famous through the acting of Margaret Anglin and is considered one of the standard comedy plays of the present day. Rehearsals have been in progress several weeks and it is the intention, not only of Miss Rigdon, but of those taking part, to show the people of Salem that a high school class can produce the best there is on the English speaking stage.  
The plots to be given to secure funds for the high school paper, "The Clarion." The cast is as follows:  
Admiral Grace ..... Robey Ratcliffe  
William Faraday ..... Edward Rauche  
Colonel Smith ..... Allan Carson  
Robert Tarver ..... Conrad Jones  
Henry Steele ..... Harry Hampton  
James Raleigh ..... Carlton Savage  
Martin, a servant ..... Victor Taylor  
Coil Faraday ..... Beatrice Walton  
Madge (Mrs. Buckingham) ..... Madge (Mrs. Buckingham)  
Evelyn (Lady Treachard) ..... Evelyn (Lady Treachard)  
Phyllis ..... Carolyn Dick  
Mrs. Chisholm (Aunt Ida) ..... Mrs. Chisholm (Aunt Ida)  
..... Vivian Beck

## Losses of Livestock Show Moderate Decrease

Washington, D. C., April 18.—Losses of live stock from disease and exposure during the past year were moderately smaller than the ten year average of such losses, and the condition as to health and flesh from animals on April 1 was slightly better than the average, according to estimates based upon reports of agents and reporters of the Bureau of Crop Estimates, U. S. Department of Agriculture.  
The epidemic of hog cholera seems to be on the wane; for the total losses of hogs from disease last year is estimated at 6.6 per cent of the total supply, as compared with about 10 per cent a year ago, 11.9 per cent two years ago, 11.0 per cent three years ago, 8.9 per cent four years ago, 4.5 per cent five years ago, and 4.5 per cent six years ago. The development and decline of the epidemic may be observed from these figures. During the past year losses still amounted to or exceeded 10 per cent of the supply in Ohio, Indiana, Arkansas and Florida.  
One important reason for smaller losses of live stock from exposure is the increasing practice on the ranges of feeding hay, generally alfalfa, to the sheep and cattle, when the winter is severe and grazing difficult. Stock is thus kept in better condition, and losses from exposure become less.  
For the entire United States the losses of horses and mules from disease during the past year are estimated at 1.75 per cent, compared with a ten year average of 1.95 per cent of the supply; losses of cattle from disease, 1.96 per cent, compared with the ten year average of 2.01 per cent; losses of cattle from exposure, 1.97 per cent, compared with the ten year average of 1.56 per cent; losses of sheep from disease 2.16 per cent, compared with the ten year average of 2.48 per cent; losses of sheep from exposure 2.17 per cent, compared with the ten year average of 2.11 per cent; losses of lambs from disease and exposure, 5.22 per cent compared with a five year average of 5.99 per cent; losses of swine from disease

6.63 per cent compared with a ten year average of 6.62 per cent.  
The condition as to health and flesh on April 1, 1916, and the average on April 1 of the past ten years, are relatively as follows: Horses and mules, 96.7 and 96.2; cattle, 96.0 and 95.9; sheep, 95.1 and 95.4; swine 94.2 and 94.0.  
The number of breeding sows in the United States is estimated to be about 1.6 per cent more than on April 1 last year. The increases are mostly in the southern states.  
It's a poor seed that isn't stronger than the soil.

## NOTICE OF IMPROVEMENT OF CHURCH STREET.

Notice is hereby given that the Common Council deems it expedient so to do, and hereby declares its purpose and intention to improve Church Street from the South line of State Street to the North line of Mission Street at the expense of the abutting and adjacent property, by grading, curbing, and paving said portion of said Street with a six-inch two-course Bituminous Concrete pavement, consisting of a one and one-half (1 1/2) inch Bituminous Concrete wearing surface laid on a four and one-half (4 1/2) inch Bituminous Concrete base in accordance with the plans, specifications and estimates for the improvement of Church Street from the South line of State Street to the North line of Mission Street, adopted by the Common Council on the 3rd day of April, 1916, and now on file in the office of the City Recorder, which for greater certainty and convenience are hereby referred to and made a part of this notice, being that character or kind of improvement known and designated in said plans, specifications and estimates as "Bituminous Concrete Pavement No. 5."  
The Common Council hereby declares its purpose and intention to make the said above described improvement by and through the Street Improvement Department of the City.  
By order of the Common Council.  
CHAS. F. ELGIN, City Recorder.  
Dated this 18th day of April, 1916.  
Apr. 29
