Banker's Predictions Proved to Be True

London, April 17.—An English army officer was starting for the front today. He called at his bank to settle up certain affairs before departing.

"You'll be back soon with a wounded hand," said the bank manager. He was.

His wound healed, the officer made ready to go back to the front. Meeting the bank manager, he inquired: "Any more predictions?"

"You'll be gone longer this time," said the manager, "and when you do return, it will be with quite a bad wound in the leg."

This also happened. The officer was much surprised. Hunting up the banker, he inquired: "Since you know so much, why can't you tell me when the war will end?"

"It will end," said the manager, "on June 17, 1916; but I shan't live to see it. I'll just about live until New Year's day, and not much more." He died January 2.

The London Financial News, a very sober, unimaginative reliable newspaper, vouches for this story.

Market Is Inactive Prices Fluctuate Little

New York, April 18.—The New York Evening Sun's financial review today said: The market continued under the same uncertainties which have restrained dealings for a long time.

The market continued under the same uncertainties which have restrained dealings for a long time. The hysteria prevailing yesterday among holders of industrial specialties was absent however.

While irregular, the list displayed a better undertone. Dealings were professional and activity declined after the first hour.

The market reopened into apathy awaiting definite developments with regard to the outcome of the submarine controversy, the reported death of Francisco Villa and the future Mexican course.

Although Baldwin locomotive, Crucible Steel and Westinghouse declined, the early losses for the most part did not exceed one point. Steel receded fractionally, and was largely neglected.

Copper stocks and railroads were quiet, but railroads were steady, excepting New Haven, which lost a point on account of its latest disaster.

Former Senator Burton To Be Guest at Banquet

Plans have all been carried out and everything is now satisfactorily arranged for the dinner to be given at the Marion hotel tomorrow evening in observance of the anniversary of the battles of Lexington and Concord by the Sons of the American Revolution and those interested.

After the dinner and subsequent addresses, the party will adjourn to the armory, where Senator Burton is to deliver an address. Senator Burton is a bachelor, lives in Cleveland, Ohio, is considered a wealthy man, and has given the last 20 years of his life to the study of national problems.

Suit Against Spreckles Over Coos Bay Railroad

Portland, Ore., April 17.—The suit of R. A. Graham against J. D. Spreckles and brothers and the Southern Pacific began in federal court here this morning. Graham is suing for an accounting of the affairs of the Coos Bay, Roseburg and Eastern railway and the Beaver Hill Coal company, and for an interest which he claims in both companies.

The Spreckles brothers financed Graham when he was promoting the railroad from Marshfield to Myrtle Point about 1890. For his sagacity, the Spreckles finally took over all the property without the legal action of foreclosure.

The transaction included the steamers Breakwater and Carina, later the Spreckles Brothers sold the property to the Southern Pacific for \$1,500,000. Graham's suit is based on the contention that Spreckles didn't bring a foreclosure suit in taking the property.

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy.

Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever.

Many cases of deafness are caused by earwax, which is an inflamed condition of the mucous surface. Hall's Catarrh Cure acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Cure. Circulars free. All Druggists, 75c.

Burton's Visit Sets Republicans Buzzing

San Francisco, April 17.—The flying visit here of Theodore E. Burton, former United States senator from Ohio, caused quite a considerable "buzzing around" in the republican camp today.

Burton is en route to Portland, Oregon. He stopped here five hours, conferred with G. O. P. leaders, received newspapermen and ran for his train.

According to Burton, who will be a contestant for the republican nomination for president next June, most of the eastern progressives have re-entered the old party, and he expects to see a republican executive in the White House next March.

Burton denounced the democratic administration, charging that President Wilson had changed front on the tariff by advocating a tariff commission and by his attitude in the matter of free sugar. The Mexican policy was also condemned by Burton.

Held Up Cashier and Got Away With \$1800

Oakland, Cal., April 17.—Three masked men early today held up Albert E. Woodruff, cashier of the San Francisco Oakland terminal railway Richmond station, bent Woodruff into unconsciousness and escaped in an automobile with \$1,800 in gold and silver.

The robbers made off in the direction of Oakland and the police here and in other Alameda county cities are on the lookout for a wine colored touring car in which the trio disappeared.

Woodruff had opened the safe at 7 a. m. to check up the night returns. One of the men returned and grappled with him. Woodruff was rapidly getting the better of the intruder when his two confederates entered. Together they threw the cashier to the floor, beat him on the head with the butts of their pistols, secured the loot and disappeared.

THE MARKETS

The following prices for fruits and vegetables are those asked by the wholesaler of the retailer, and not what is paid to the producer. All other prices are those paid the producer. Corrections are made daily.

Nothing new today in the markets. Portland advices are to the effect that the butter market is overstocked and that lower prices are to be expected within a day or so.

Eggs are firm and the general impression is that the bottom price was reached last week and from now on, better prices may be expected.
