WAS WITH GENERAL LEE

Portland, Or., April 24.—J. L. Edwards, age 81, who was a lieutenant under General Lee in the army of Northern Virginia during the civil war, is dead here today, leaving a widow, six daughters and four sons. Edwards came to Oregon in 1872.

DANGERS OF A COLD
Salem People Will Do Well to Heed Them.

Many bad cases of kidney trouble result from a cold or chill. Congested kidneys fall behind in filtering the poison-laden blood and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Donan's Kidney Pills at the first sign of kidney trouble. Follow this Salem resident's example.

J. H. Penton, 1415 Lee St., Salem, says: "A cold settled on my kidneys, causing pain through my back. I knew that my kidneys were to blame, and, hearing several local citizens endorse Donan's Kidney Pills highly, I began using them. They were just what I needed to relieve the pains and other kidney troubles. Whenever I have taken Donan's Kidney Pills since, a few doses have brought me relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Donan's Kidney Pills—the same that Mr. Penton had. Foster-Milburn Co., Props., Buffalo, N. Y.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They ease the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Would Reduce Taxation By State Organization

Officers Elected by State Taxpayers' League of Oregon Yesterday.

President, Walter Pierce, Union County.
First vice-president, C. W. Hawley, Polk County.
Second vice-president, J. A. Westerland, Jackson County.
Third vice-president, A. M. La Follette, Marion County.
Secretary-treasurer, Robert E. Smith, Douglas County.

Portland, Or., April 24.—Organized effort to reduce taxation in the state at large and in the individual tax-receiving districts of the state is the object of the State Taxpayers' League of Oregon, which was formed at an all-day session in the Imperial Hotel Saturday.

Mainly, more or less disagreement exists among the members of the organization as to how this reduction can be effected, but the desire to reduce seems to be held by all.

Delegates representing 32 of the 35 counties of the state attended the convention, and plans for economizing were almost as numerous as delegates.

However, with a prevailing unanimity of sentiment in favor of the main idea of reducing taxes some substantial progress was made toward this end.

Further Meeting Arranged.

For instance, tentative plans were laid for another meeting of the league at Salem next winter while the Legislature is in session; a committee was named to cooperate with the county officials of the state in working out a uniform system of road legislation; preliminary steps were taken to effect an elimination of some of the useless boards and commissions now serving the state, and numerous other constructive suggestions were put forth, which, if carried out, will result in material savings to the taxpayers.

The convention goes down to business yesterday morning and stayed right on the job through the afternoon and evening, winding up late last night with the adoption of the resolutions committee's report.

Addresses Are Heard.

Through the morning and afternoon sessions the meeting listened to some instructive talks on taxation by persons informed on the subject, but it was apparent that nearly everyone was waiting for the most interesting proceeding of the day—adoption of resolutions.

Meanwhile, however, the programme of prearranged speeches occasioned some lively debates. Delegates on the floor did not hesitate to express their views whenever they disagreed with speakers.

BIG SHAKE RECORDED

Washington, April 24.—The seismograph at Georgetown university recorded two earthquakes during the night, one at 11:21 p. m. to 12:07 a. m., 1,000 miles distant, and one from 3:08 to 4:12 a. m., 2,400 miles away. They were so severe that they displaced the seismograph's recording needles.

Las Vegas, Nev., April 24.—The seismograph at Georgetown university recorded two earthquakes during the night, one at 11:21 p. m. to 12:07 a. m., 1,000 miles distant, and one from 3:08 to 4:12 a. m., 2,400 miles away. They were so severe that they displaced the seismograph's recording needles.

News of State Normal School at Monmouth

(Capital Journal Special Service)
Monmouth, Or., April 22.—Easter vacation for the Normal and Training school began on last Wednesday afternoon and will last until next Tuesday morning, at which time all students will assemble for their regular program. Mr. Ackerman and Mr. Evenden will take most of their vacation time at the Inland Empire Teachers association at Spokane, Washington. Miss Parrott, the English instructor, will spend her vacation in Roseburg; Miss Butler, Mr. Ostein, Miss West, Miss Holman, Miss Greene, Miss Arlman, Mr. Galloway, Miss Dumas and Miss Melton will spend a share of their time at Portland. Miss Taylor went to her home in Tacoma for a few days. The other teachers will spend their time profitably at their homes in Monmouth.

One day last week the Training school was visited by the teachers training class of the McMinnville high school who was accompanied by the instructor, Mr. Britton, also by their city superintendent, Mr. Hug. Mr. Macey, chairman of the school board, was present at the training school on that day. This visit was appreciated very much by the grade students as well as the Normal students as the visitors showed such an interest in the work which they were doing. The Domestic Science department of the Normal school served luncheon to the guests on that day.

On last Monday evening Professor Reddie and his company of players presented the play, "The Rebirth of Carson" before the Normal students in the Normal assembly room. French Canadian life was characterized in splendid form as the play was given almost wholly without scenery and only a few costumes were used.

The students of the seventh and eighth grade industrial club presented the "Trial Scene" from "The Merchant of Venice" in chapel last Tuesday morning. The students received only seven practices for the presentation which were under the direction of Miss Burns and Miss Hudson, but due to their splendid training the scene was splendidly given. Those students who took part in the play were as follows: Bassanio, Bruce Rogers; Shylock, Earl Conkey; Portia, Mabel Hudson; Gratiano, Wendell Van Loan; Antonio, Maurice Gentile; Salerio, Floyd McClellan; Nerissa, Francis Brewster; Duke, Earl Williams; Clerk, Manly Grant; Herald or Program, Herbert Powell; Violin solo, Beth Ostrom; Four Leaf Clover, Hugh Bell.

Mr. E. L. Evenden, teacher in the Normal school, gave an illustrated lecture on "The History of American Education," on last Friday morning during the chapel period. Old and new types of school buildings, schoolroom interiors, text books and in fact every phase of the present school problem was shown by the use of slides. In his address, Mr. Evenden reviewed in a very enthusiastic and interesting manner, the education and education facilities of yesterday and today.

Last Thursday evening, Mr. Harris of Hillsboro gave an interesting and illustrated lecture on "The Columbia Highway" for the Normal students and citizens of Monmouth. In addition also exhibited slides made by that town church the people of Montclair method.

Last Sunday afternoon in the Christian church the people of Monmouth had the splendid opportunity of hearing Lieutenant Swartzkoppenki, a Russian who knows all of the horrors and miseries of prison life in Siberia from actual experience. Mr. Swartzkoppenki told all about the Russian government, his services in the army and as an officer in the body guard of the czar. Everyone in attendance felt the lecture not only interesting but very instructive.

An interscholastic track meet will be held between Dayton high school and Monmouth high school on April 29.

EDWARD HELFTER

Once again honest toil comes into its own and wealth, with all its power and prestige, is humiliated—just as it is in the "movies" or in melodramas. This time the scene is set in the little village of Amherst, a suburb of Buffalo, N. Y. There Edward Helfter, the villain blacksmith, running for republican district committee against Clarence J. Hamlin, millionaire, was elected. Mr. Hamlin was formerly high in the councils of the progressive party.

PAINS IN SIDE AND BACK

How Mrs. Kelly Suffered and How She was Cured.

Burlington, Wis.—"I was very irregular, and had pains in my side and back, but after taking Lydia E. Pinkham's Vegetable Compound Tablets and using two bottles of the Sanative Wash I am fully convinced that I am entirely cured of these troubles, and feel better all over. I know your remedies have done me worlds of good and I hope every suffering woman will give them a trial."—Mrs. ANNA KELLY, 710 Chestnut Street, Burlington, Wis.

The many convincing testimonials constantly published in the newspapers ought to be proof enough to women who suffer from those distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

This good old root and herb remedy has proved unequalled for these dreadful ills; it contains what is needed to restore woman's health and strength.

If there is any peculiarity in your case requiring special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for free advice.

Want Taggart's Seat When His Term Ends

The announcement by Senator Taggart that he would not be a candidate to succeed himself created considerable surprise in Indiana. His refusal means that there will be a number of candidates for the nomination which will be made by the democratic state convention to be held in Indianapolis April 26 and 27. Governor Ralston probably will be one of the strongest candidates. His friends have been urging him ever since the death of Senator Shively to become a candidate. Benjamin F. Rose, mayor of Evansville, announced some time ago that he would seek the nomination if Senator Taggart did not desire re-nomination.

Nicholson, Novelist, Named as Baker's Aid

Meredith Nicholson, of Indianapolis, the famous novelist, would leave the post of assistant secretary of war, it was reported in Washington. Mr. Nicholson is a close personal friend of Mr. Baker and is understood to have the support of Vice-President Marshall. In recent years Mr. Nicholson's novels of romance and adventure have ranked among the most popular books. Three of the best known are "The House of a Thousand Candles," "The Port of Missing Men" and "The Siege of the Seven Sappers."

Suffragettes Arrive to Enlighten California

San Francisco, April 24.—Seeking the votes of California women for national candidates who favor giving women the ballot, 36 suffrage leaders will be here today on a special train. They have already visited Los Angeles and San Diego, holding mass meetings and explaining the purpose of their tour.

They will be formally welcomed here tomorrow by a delegation of local suffrage leaders headed by Miss Gail Laughlin. Headquarters are to be established at the Ramona hotel. Arrangements are completed for a luncheon and mass meeting tomorrow, at which speakers will tell the plans of the "woman's party."

Among those on the special train are Mrs. O. H. P. Bolmont, Mrs. Inez Mitchell and Mrs. Florence Hilles, daughter of the former ambassador to Great Britain. They intend to make California women realize conditions in the non-suffrage states and show them why their ballots are needed in the fight to enfranchise all American women.

Gasoline Tanks Explode Four Killed, Five Hurt

Los Angeles, Cal., April 24.—One man is dead, two others are dying and five are injured as a result of a gasoline explosion which wrecked the Pacific Redaction plant here early today.

Milford Arroyo, age 24, a loader, is dead; E. G. Crandall, age 40 and Gus Kibben, age 44, are dying. Five others were seriously burned.

Huge vats of gasoline, which were used in disposing of garbage at the reduction plant exploded one after another, when a spark accidentally ignited a stream of the fuel.

Eight men working the early morning shift were hurled thirty feet by the blast. Damage estimated at \$30,000 partially wrecked the reduction plant. The clothing of three men was nearly burned from their bodies as they rushed about like human torches in a frenzied effort to obtain water or something with which to smother the flames.

PASSING OF MRS. JOHN TEAL

Mrs. John B. Teal passed away at her home in Falls City late Wednesday night, after an illness covering several years, paralysis being the immediate cause of her demise. Early in the afternoon, while en route to the home of her daughter several blocks distant, she collapsed and was found in an unconscious condition by a passing pedestrian. She was immediately taken to her home, and medical assistance summoned, but without avail. The end coming that night. Judge Teal was in Dallas at the time his wife was stricken. He hastened to Falls City by automobile. Beside a husband the deceased is survived by a family of children who have reached their majority.—Dallas Observer.

*How does it burn?
—that's the test.*

LIGHT up an OWL and puff slowly on its even-burning fragrance.

See how freely it draws! Note that the OWL gives you its best from the very first. Note that the smoke ridges form perfect circles on the outer edge of the ash. This is the test of an even-burning cigar.

Why does the OWL burn so evenly?

—because the long leaf filler runs straight down to the square-nosed tip, allowing the whole cigar to become alight at once.

—because the OWL is shaped by hand and always allows a free draught of air.

Because of this careful hand-workmanship you get all the mellowness which makes the OWL the satisfying smoke it is. You can smoke your OWL without having to light a second match the way you sometimes do with a poorly made cigar.

BUYS ANOTHER PAPER

(McMinnville Telephone-Register.)
The Eugene Daily Guard has passed into the control of Chas. H. Fisher and J. E. Shelton, the former to be president of the company, and the latter to be editor. Mr. Fisher is the able editor of the Capital Journal at Salem, and will continue to devote his entire time to that paper.

To Avoid Dandruff

You do not want a slow treatment when hair is falling and the dandruff germ is killing the hair roots. Delicately—no hair.

Get, at any drug store, a bottle Zemo for 25c or \$1.00 for extra large size. Use as directed, for it does work quickly. It kills the dandruff germ, nourishes the hair roots and immediately stops itching scalp. It is sure and is not greasy, is easy to use and will stain. Soaps and shampoos are harsh, as they contain alkali. The best thing to use is Zemo, for it is pure and also inexpensive.

Zemo, Cleveland.
