

The Travelling Telephone Horizon

WHEREVER you go, within the Bell System, your telephone horizon travels with you.

No matter where you are, the Bell Telephone is the center of a large talking circle.

You can travel the length and breadth of the country and never be beyond the reach of the Bell telephone.

Wherever you are, it links you with your home and business.

You may be a thousand miles from home, yet in a few minutes you may hear the voice of friends or business associates.

And wherever you go it is the same. Always there is the same efficient service of the Universal Bell Telephone system linking you with those you have left behind.

Every Bell Telephone Is a Long Distance Station

23,000 STRIKERS FORM
ENDLESS CHAIN AT WORKS
Pittsburg, Pa., April 25.—First arrests in the Westinghouse plant strike were made today. Fred Morrell, a socialist, harranguing pickets, was told to move on and refused. He was taken

into custody. Pickets who kept moving were not arrested. It is estimated that from 15,000 to 20,000 are on strike. The strikers are marching in an endless chain procession around the Westinghouse plants.

DENTISTS GENEROUS OFFER IS ACCEPTED

Teachers To Be Selected May 8—School Board Objects to Secret Societies

Favorable action in regard to the proposition of the dentists of the city for a free clinic for the school children was taken at the meeting of the school board of directors last evening. The supplies committee were given authority to purchase the necessary supplies and equipment and to also prepare a room in the Garfield building. The proposition of the dentists to offer their services free at certain times came before the board at a former meeting and with the action of last night the free clinic is assured.

Parents of the children attending the Lincoln school are of the opinion that the lavatory of the school is old and out of date and should be replaced by a modern one. A petition signed by many interested in the Lincoln school was presented to the board asking that improvement be made.

Bids were received from five firms for 240 cords of wood for the schools. These were all referred to the supplies committee with power to act.

Although the principals of the schools have been elected, the teachers are still on the anxious seat and to relieve the general suspense, the board agreed to take up the election of teachers at the meeting of Monday May 8.

Just to settle definitely and for all time the question of secret societies in the high school, and to take definite action regarding the Julius Caesar society, which is said to exist contrary to the recognized school law, the members of the society will be asked to meet the board Thursday evening. From the law as stated by the school's attorney, George H. Higham, if a secret society exists and the members insist on keeping up the society contrary to the known wishes of the board, they are subject to suspension or may be expelled, and from the feeling of the majority of the board last evening, if the Julius Caesar boys continue to defy the board, expulsion or suspension will be the next move without any delay whatever.

Some time ago the president of the Julius Caesar society appeared before the school board and stated that the society would not disband nor would they accept a faculty adviser to make it come within the requirements of the school law.

Meats of all kinds handled in the store can be cut to suit the customer, the machine is a decided improvement over the old way, both to Mr. Ahn and his patrons.

Mr. and Mrs. T. E. Preston are moving "The Shop" into the building lately vacated by the Silverton bakery, this is a much better location and extra room was needed as they have added a larger stock of goods and plan on having an up to date store when they get settled. Mrs. Preston will have an opening day on Thursday of next week.

In honor of the 21st anniversary of the W. O. W. lodge, a reception was held in the hall Tuesday evening. There were about 200 members of the Circle and Woodmen with their families present. A fine program was rendered and later a bounteous feed, consisting of the delicious chicken pie with all extra "fixins" that go with it, was served in the dining room. Cards, dancing and social conversation was enjoyed till a late hour. A fine time is reported by all present.

Mrs. Cal Schlador returned the first of the week from Lyle, Wash., where she went the past week to visit her sister, Mrs. Blair, who has been quite sick.

Mrs. Dora H. Clark of Salem, representing the Daily Capital Journal, was working in the interest of that paper in this city the past week. Her work here was very successful and enough subscribers obtained for a paper route to be started, the delivering is being done by Alex. McMain.

Mrs. M. T. Wray and little son of Oakland, Cal., are in the city for an indefinite stay with the Silverton relatives.

Grandma Hosmer is at Oak Grove, Oregon, with her daughter, Mrs. George Desrich, during the moving of Mr. and Mrs. Preston to their rooms over "The Shop." She was accompanied by Mrs. Frances Hosmer who returned home Monday.

Let the Capital Journal New Today Column put your dollars on the right track.

An Important Function

in the promotion and maintenance of good health is

Liver Regularity

and any disturbance of this function may be corrected by

HOSTETTER'S Stomach Bitters

The E. A. Linscott family who have been staying at the Silverton hotel since coming back to this city are nicely settled in the Brown flats on First street. Mr. Linscott is foreman at the Silverton Lumber Co.'s lath mill.

Julius Ahn has had installed in his store an American Slicing machine.

Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, and bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, colds, rheumatism or gassy, acid stomach, you must bathe on the inside like you bathe outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify, and freshen the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink phosphated hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water before breakfast, act on the stomach, liver, kidneys and bowels.

Jefferson Way News

(Capital Journal Special Service.)
Jefferson, Ore., April 25.—Mr. and Mrs. Edwards spent Easter Sunday in Salem.

George Adams, of Polk county, is staying with his sister, Mrs. Nathan Sumpter.

Mr. and Mrs. A. T. Wala have moved out to their farm for the summer.
