San Antonio, Texes, April 27.—
General Hogh Scott, chief of staff of the army, and Major General Fred Finston are leaving tonight on the 8:50 o'clock train for El Paso, for the conference with General Alvaro Obregon, Mexican minister of war.

Indications are that the two sides are coming to the conference with different viewpoints. Scott seeks a final solution for the entire Villista and border raids and for the safety of Americans in Mexica problem. Carramsa may demand withdrawal of the United States forces.

Scott is expected to seek cooperation between the Americans and Carranzistas in effective pursuit of their common object, Villa's capture and extermination of Mexican bandits. The selection of a meeting place awaits the arrival of Obregon.

Asquith said the situation was still ious and that the rebels continue to hold some important public buildings in Dublin with indications of the disorder spreading to western parts of Ireland. Street fighting continues in Duhlin.

Asquith's statement came like thunderbolt in the midst of reports indispreading to presperous counties like Limerick, Tipperary, Clare and the pro-vince of Connaught where Sian Fein organizers have been active for weeks.
