Washington, May 1.—The administration does not intend to heed General Alvaro Obregon's suggestion that the American expedition withdraw from Mexico.

Scott and Funston have again been instructed not to treat with Obregon looking toward a withdrawal of Americans. Instead, Scott must again express the need of having Carranzistas co-operate with the expedition.

War Secretary Baker called on President Wilson following the receipt of Scott's request for more explicit instructions as to how far to go in the next conference. Baker must have received the instructions quickly, as his conference with Wilson lasted only 10 minutes.

El Paso, Texas, May 1.—General Funston stated that there would probably be no session of the Obregon-Scott conference today.

FISHERMEN DROWNED WHEN BOAT CAPSIZED

Nine Crowd In Small Boat Despite Warnings and Four of Them Are Lost

San Bernardino, Cal., May 1.—Four men were drowned in Little Bear lake in the mountains east of here at 7 o'clock a. m. today. Five others were rescued. A rowboat from which the party planned to fish for trout, capsized.

The dead: Dr. C. K. Trumpower, Long Beach.

Benjamin M. Rapp, Long Beach.

Harry Thorpe, Los Angeles.

Newton Wrenn, Los Angeles.

The party, including nine men left the shore in a small rowboat for a trip in the middle of the lake from which they planned to catch trout. Before the boat put off, several bystanders warned them of overcrowding.

In the middle of the lake one of the party attempted to shift his position. The boat overturned. The men struggled for some minutes in the icy water for a hold on the overturned boat.

Scores of fishermen watched helplessly from the shore, there being only two or three boats on the lake. Several attempted to reach the spot where the men were struggling, by straddling logs and paddling with boards.

A rowboat was finally secured from the upper end of the lake and one man put out in it.

Dr. Trumpower struggled for some moments, trying to reach the overturned boat to which his comrades were clinging. A heavy overcoat and other clothing thickened his efforts and he disappeared from sight before two others could reach him.

Sheriff McMillan, in a large automobile left here as soon as the news of the accident was telephoned, with first aid equipment and tackle for dragging the lake. The lake is 200 feet deep at the spot where the four men sank. The names of the rescued have not been learned.

Two Babies Drowned One Falls From Bridge

Los Angeles, Cal., May 1.—Two babies have been drowned here within the past 24 hours.

Mrs. Samuel Pearson, almost frantic, searching the vicinity of Hollenbeck park for her two year old son, was aided by two boys in a boat a hundred feet from the shore. They had found the baby's body. It had fallen 50 feet from a bridge spanning the lake. No one witnessed the accident.

Mrs. George Bryan, Graham Station, near here, away from her home a few minutes, left her fourteen month old son in care of a neighbor. Shortly afterward the baby disappeared. It was found dead in a wash tub.

SALEM DISTRICT PRUNE POOL TO BE CLOSED TONIGHT

About 1500 Acres Represented, Making It Largest Ever Formed In County

CALIFORNIA YIELD IS PLACED AT 65 PER CENT

Prices Above Average—Out- look For All Oregon Fruits Is Unusually Good

The Salem district prune pool will be closed tonight with about 1,500 acres signed up by nearly 200 growers, according to the announcement of Manager Robert C. Paulus, of the Salem Fruit union. There were 1,200 acres in the pool Saturday night and numerous growers were phoning to the fruit union officers today to give their acreage and ask that they be signed up with the other growers in the pool. The prune pool is the largest pool handled by the Salem Fruit union and this year will have signed up about 1,500 acres out of the 2,500 in the Salem district which comprises Marion and parts of Polk counties.

As to the outlook for yield little can be said at this time as in most of the fruit sections of the district the trees are only now shedding their blossoms and it will be a week or 10 days before any accurate estimate of the yield can be made. The pear crop will be short according to the best information in the hands of the fruit growers and the cherry crop is uncertain. There is a large acreage of cherries in bearing this year and the fruit has set on well but many uncertain conditions of the weather have to be met by the growers.

The prune average in the Salem district has increased from 10 to 15 per cent over last year but this will decrease the price according to the California reports, as the southern state expects about 65 per cent of last year's yield. The outlook for prunes, both in quality and price is the best for years in Oregon according to Manager Paulus and outside of the apple prospects the Oregon fruit growers appear to be facing a prosperous year.

The following report of conditions in California which have a large influence upon Oregon fruit prices has been received from the Prune and Apple Growers' Information Bureau of California and the reports relating to prunes are given in full:

Reports from practically all sections of the state indicate a very light crop. It is still early to make an accurate estimate, but we are led to believe that the 1916 prune crop will not be in excess of 45 per cent of last year's crop estimated at 170,000,000 pounds, and that it will probably run considerably less than that. Indeed, the statement is freely made in some quarters, that the coming crop will be the lightest since 1910 when 75,000,000 pounds were produced. In 1913, 90,000,000 pounds were produced, according to these authorities the 1915 output will be between 75 and 90,000,000 pounds. One San Jose packer has estimated the 1916 crop in the Santa Clara valley at 3,400,000 pounds. On the other hand another packer places the output of this district at 65,000,000 pounds.

IRISH REBELLION IS THING OF PAST MOST SURRENDER

All Dublin Leaders Now Prisoners— Leader Pearse Asks Followers to Quit

200 KILLED OR WOUNDED DAMAGE IS \$10,000,000

Desultory Sniping May Con- tinue for Some Days, But Uprising Is Dead

London, May 1.—All Dublin rebel commanders have surrendered it was officially announced today.

Large forces of rebels at Ennisecorby, 80 miles south of Dublin, surrendered after a truce lasting a day and a half according to dispatches received in London today. Several isolated detachments are still holding out, but the back of the Irish rebellion has been broken.

Skirmishes continued in Dublin on Sunday, but there was little fighting in the heart of the city. More than 1,200 rebels have been made prisoners. It is estimated that 200 have been killed and wounded and \$10,000,000 damage done property during the seven days of disorders.

Proclamations were posted in Dublin yesterday announcing that Pearse, the rebel leader, had asked his followers to surrender. Irish snipers wounded the men posting these placards. Soon, however, groups of rebels surrounded in the business section of the city signalled for a truce. Presently several bands surrendered.

Sniping in the outskirts of Dublin may continue for days while troops round up the scattered rebels block by block.

There is no intimation of what punishment may be given rebel prisoners, including the Countess Markievicz.

Troops in Full Possession.

Dublin, May 1.—Irish rebels holding St. Stephens Green surrendered last night. About 450 insurgents, entrenched in the central part of the city, also laid down their arms at the foot of the Jernall monument.

British troops occupy the Four Courts. The last portion of the downtown rebels have surrendered and soldiers are systematically unroofing the city, searching for arms and ammunition and arresting suspects where rebel uniforms are found.

The center of Dublin recalls San Francisco after the fire. Fine buildings are tumbled into ruins and blackened by smoke. Gaunt, bullet scarred walls are swaying in the wind, pierced by shells and ready to topple. Soldiers' rations are being fed to the populace. Long lines of destitute have formed at the food depots, the poorer women and children with hunger pinched faces standing beside wealthy residents who entrust authorities to recover their belongings which the rebels commandeered when the riot began.

Each applicant receives a portion of codfish and canned meat. Two soldiers accompany each citizen to his home and search the premises.

NO REPLY RECEIVED

By Carl W. Ackerman.
(United Press staff correspondent.)
Berlin, May 1.—American Ambassador Gerard telegraphed today that he cannot possibly reach Berlin before tomorrow. This was interpreted as meaning that his conferences with the Kaiser were still in progress.

Germany's reply to the American submarine demands will be dispatched to Washington this week unless the unexpected occurs. The tentative draft framed Friday last has not been sent. It is still undergoing changes. The decision on fundamental questions has not been altered, however.

J. H. Hicks, a contractor who has been working a gang of men on the roads in Tillamook county, was fined \$25 for working some of his men over time according to the report of State Labor Commissioner O. P. Hoff, who returned to Salem from that district today.
