## Is your cigarette sensible?

All we say is this—make sure your steady cigarette is sensible, whether it is Fatima or some other one.

Is it cool and friendly to your throat and tongue? Does it leave you feeling O.K. after a long day of smoking?

Fatima certainly make good on these two points.

The only question is—will they just suit your individual taste? They may or they may not. But it seems reasonable that they should, for they outlast any other cigarette costing over 5c.

So you ought to try them. Do that today.

## Church Votes to Continue Star Chamber Sessions

Saratoga, N. Y., May 4.—A movement to prevent "star chamber" sessions of the committee on episcopacy, the most powerful sub-body of the Methodist general conference, failed of adoption at today's session of the general conference.

Dr. Thomas Nicholson of New York insisted that the secret sessions were necessary to protect some of the most delicate business of the conference.

The committee controls proposals with regard to bishops and their assignments and considers charges against their administration.

A special committee of 60 was chosen to receive proposals for a union of the northern and southern divisions of the Methodist church. It will report to the conference May 15.

## Woodburn Protests Proctor's Playing

The manager of the Woodburn Inter-city league baseball team has filed a protest with the league secretary against Daryl Proctor playing on the Salem baseball team on the grounds that Proctor signed up earlier in the season with the Woodburn team, according to advices from the headquarters of the league in Portland. It is said that Proctor will not be allowed to play with Salem until the matter is straightened out which will be within a few days.

Proctor is a star of the Salem High school team and his services were in demand by the semi-pro teams of the village to play as soon as the high school season ended. Before Salem organized a team or made any efforts in this direction Charles Craig, Perry Jones and Proctor were approached by the Woodburn management to play on the Woodburn team and agreed to play. When Salem decided to put out a baseball team and to enter the league, the boys preferred to play on the Salem team if their services were needed and have not since reported for games in Woodburn, and they did not expect to have any difficulty in securing their releases from Woodburn.

The Salem players are paid no stated salary and the league team is conducted on a cooperative basis by the
