Salem Club Will Be Hosts To O. A. C. Cadet Band

The Salem Club on the campus of the Oregon Agricultural College is composed of some 50 students in attendance from Salem and its approximate vicinity. A large majority of the members are alumni of Salem High school. The members of this club have conceived the idea of bringing home a small portion of the enjoyable features of college life to their friends, now under-graduates of Salem High school. This is being brought about by bringing the famous O. A. C. Cadet Band to Salem on the evening of May 12th to furnish music for a dance to be given on that evening at the Armory in honor of the Senior class of the high school. This class is composed of 110 members and it is the hope of their hosts that each one will find it possible to be present on this occasion.

The cadet band is composed of 40 pieces and every member has proven himself a master on many occasions which they have been before the public. In a letter to Mr. F. A. Holmes, manager of the band, Mr. Geo. M. Hyland, managing secretary of the Oregon Commission P. P. I. E. in extending the appreciation of the commission for the services rendered in the Oregon Building says, "We have had no more satisfactory music since the opening of the Exposition, and the most favorable comment has been heard from Exposition officials and musical critics generally. It was indeed fortunate for us that we had the opportunity to secure your valuable services during your stay in San Francisco."

The Cadet Band is an organization of many years standing and the vigorous military training and daily rehearsals have produced a military band equal to any in the West. The band's director, Capt. H. L. Beard, has been in charge of the band for nearly ten years. Prior to his period he was connected with some of the best military bands of the United States' army.

A concert will precede the dance, beginning at 8 o'clock and no doubt the thirty piece organization will make a big Armory vibrate with a class of music that will be a real treat to the people of Salem.

It is hoped that a few more months of rest and treatment will enable her to make the journey to Stockholm for the coming conference on international peace."
