Another Bathing Girl Quarrel Crops Up

Santa Monica, Cal., May 13.—Another bathing girl war leaped on the horizon today between ministers and the ocean park chamber of commerce, when the chamber announced it would attempt to stage a "bathing suit" parade at Ocean Park some time during June.

It is understood the ministerial organization will oppose the parade as they did the recent procession of "beauties" at Venice.

More than 30,000 persons were attracted by the Venice spectacle.

DO YOU SEE PERFECTLY?

Can you see distant objects more clearly than ever? Or do you think you read more easily? You cannot be certain that you do these as well as you should. To obtain clear vision you may unconsciously be straining your eyes. Only one person in every four has perfect sight, and it is your duty to yourself to make sure of your sight. If defective, it needs help—remember that small defects neglected grow more serious.

Learn if you need eyeglass. My tests enable me to give you just the help you need. Let me examine your sight.

I guarantee satisfaction in every respect. Replace your broken lenses while you wait.

I do not use drugs or drops in making examinations as they are dangerous.
