Three Hundred Million Bushel Crop in 1915

Farmers pay for their land with one year's crop and prosperity was never so great.

Regarding Western Canada as a grain producer, a prominent business man says: "Canada's position today is sounder than ever. There is more wheat, more oats, more grain for feed, 25% more cattle than last year and more hogs. The war market in Europe needs our surplus. As for the wheat crop, it is marvelous and a monument of strength for business confidence to build upon, exceeding the most optimistic predictions."

Wheat averaged in 1915 over 23 bushels per acre
Oats averaged in 1915 over 45 bushels per acre
Soybean averaged in 1915 over 15 bushels per acre

Prices are high, markets convenient, excellent land low in price either improved or otherwise, ranging from \$12 to \$30 per acre. Free homestead lands are plentiful and not far from railway lines and convenient to good schools and churches. The climate is healthful. There is no war tax on land, use is there any conscription. For complete information as to best locations for settlement, reduced railway rates and descriptive illustrated pamphlet, address

J. N. Grieco, Cor. 1st and Post Streets, Spokane, Wash.

Canadian Government Agent.
