## OPEN FORUM

**MARION FIELD DAY**  
To the Editor: The first field day, Saturday, of the Marion county schools, was a decided success and that it will become an annual affair is an assured fact. Credit for the success of the meet should be given to County Superintendent W. M. Smith, R. L. Pfaff, in charge of the track events, and Principal F. S. Gannett, chairman of committees and arrangements.

The field day coming at this time of the year brings people together for the first time after the winter months and should do much toward increasing interest in school activities.

Ribbons being awarded to individuals and large banners in state colors of green and yellow to schools, make the events friendly contests. Any school winning a banner three years in succession retains it permanently.

Tenants were awarded as follows:  
Baseball—Woodburn.  
Track (high school)—Woodburn.  
Track (elementary)—Silverton.  
Relay race (high school)—Woodburn.  
Relay race (grades)—Silverton.  
Folk dance—Englewood school (burn dance in costume).  
P. S. GANNETT.

## W. S. S. C. ENTERTAINED

A delightful social evening culminated the activities of the W. S. S. C. for this year on Monday evening. About 20 members together with their husbands and other invited guests enjoyed the evening together at the pleasant and spacious home of the retiring president, Mrs. A. J. Richardson. The rooms were decorated with pink and white blooms. There were many bowls of beautiful and perfect roses developed in spite of our cold rainy spring weather. Carnations, white and pink and faintly tinted iris blossoms made the home very pretty.

A program of guessing games and dramatic stunts furnished a great deal of merriment. The guests found partners for refreshments by watching pictures with their accompanying words or phrases seen in well known advertisements. A dainty lunch was served in the dining room consisting of ice cream, cookies and coffee. Many of the guests tarried until rather a late hour enjoying various games of cards.

The opinion of the club and club work was solicited from the husbands. Some responded in a very able manner and from all remarks we were able to conclude that hubby was an enthusiastic as long as one of these social good times was at the end of each year.

The evening was one very much enjoyed by all.—Silverton Appeal.

## POLE FRUIT PROSPECTS GOOD

It is expected with the passing of the storm period the danger to the fruit crop for 1916 in this section will be practically over. Fruit prospects in this section of the Willamette valley are exceptionally good. Prunes and cherries promise a full crop, and these are the two great staples of Polk county. The prospects for apples and pears is also good as well as for the smaller fruits and berries.

The English walnut is also a crop that will soon figure in the market reports. Just at present all the orchards of this nut in this vicinity are young, and they are slow in developing, but there are several large trees that will begin to bear in a few years.—Polk County Observer.

## WILLAMETTE NOTES

Saturday was a day, long to be remembered by many people who were present at the Willamette May Day services. The largest crowd, ever present for such an occasion, stood packed about the roped crowd and to an observer from the third floor of Eaton hall a mass of various colors dotted the campus. Hundreds of people from neighboring towns and cities were present, as Saturday was likewise the date scheduled for the Marion county field meet, in which nearly all of the schools participated. The results of the numerous contests showed that Coach Pfaffe teams from Woodburn were victorious in several instances, winning both the track meet, and the baseball game determining the county championship. Pfaff was formerly a football star on the Willamette eleven, and also an all-round athlete. His training is early manifesting itself in the results his coaching secured.

Some of the events, staged by the various schools, which were highly commendable were: Folk dances under the direction of Mrs. L. R. Clark. Weaving dances by Woodburn school girls. Flag drill by the Keizer school. A folk dance by the Garfield school. Russian haymaking dance by the Washington junior high school. Barn dancing by the Englewood school girls in gay costumes.

There was something doing all the while, no waits caused restlessness and uneasiness. The weather was ideal for the occasion; no cold winds nor excessive heat.

The dances of the seasons were unique and graceful and the dancers danced in perfect harmony and unison, which showed that the work of Miss Helen Wastell as director was highly successful. The costumes were the gayest and prettiest ever seen in similar exercises.

Queen Frances I was ushered to the throne by courtiers, maids, attendants, flower girls, train bearers and pages in the most royal manner and her bearing was the equal of any royal personage. The queen's proclamation was read to the subjects of Willamette by the lord chancellor, James Crawford, following which the crown of pearls was placed on her head. A loud burst of applause greeted this action and it was several minutes before it became quiet enough for the queen to make her address. As soon as she was seated on the throne a pretty scene was enacted—the dancers, about sixty in number, ran out before the throne and all bowed to the earth to do homage to the newly crowned queen of the May.

After the girls' playground ball game, between Grant junior and Wash-

## Union Iron Works Employees On Strike

San Francisco, May 15.—Four unions today went on strike at the Union Iron Works, and for the second time within four months the ship building activities of San Francisco face a serious tieup.

The rivet heaters walked out, after making a demand for \$2.25 a day and the passer boys demanded \$1.75 a day. The riveters and boiler-makers, who secured the raise they demanded some weeks ago, struck in sympathy.

With building activities at its height an early settlement is expected. Officials of the concern could not be located early today.
