## WILL REINSTATE BALL IS RUMOR ON CAMPUS

Faculty Believes He Is Not Leader—Will Not Have to Turn Informer

That Maxwell M. Ball, editor of the Willamette Collegian, who was recently suspended from the University for his alleged connection with the placing of the cow in chapel, will be reinstated at a meeting of the faculty called for 3:45 this afternoon is a persistent rumor on the campus today. It is stated on good authority that both Ball and the members of the faculty have agreed on terms which will

allow him to return to school and this agreement will be carried to completion at the faculty meeting. The students of the university have been unanimous in their desire to have Ball's suspension terminated and upon the agreement of Ball to comply with certain requests of the faculty which do not include his divulging the names of any other participants in the event the meeting was called this afternoon. Friends of Ball have pointed out the fact that he has never been the leader in any school prank and for that reason that other parties undoubtedly initiated the offense for which he is being punished. The entire campus is confident that Ball will be reinstated at the meeting this afternoon and that unless affairs take some sudden and unexpected turn Ball will attend his classes tomorrow. The drill team of the Woodmen of the World and the thirteen delegates left this morning for Newport to attend the district convention of the W. O. W. They left on the Southern Pa-

cific and will return Thursday afternoon. This district is composed of four counties and the meeting at Newport is held primarily to select a delegate for the annual meet of the grand camp, to be held this year at Denver. The delegates and drill team attending are: L. S. Geer, Hollis Edwards, Edward Fandrick, R. A. Fraser, O. L. Durling, J. P. Bouillard, John Printz, William Wright, O. L. Donaldson, Thomas Newberg, H. E. Donaldson, Chester Bowen, E. C. Crawford, T. F. Fuller, George Donaldson, N. N. Matlock, Chas. Jaquet, G. W. Hiron, L. H. Fletcher, Roy Campbell, Floyd Smith, C. M. Frye, Emil Donaldson, C. O. Matlock, Jack Swinick.

Editor Journal: In publishing the notice of appointment by the commander of Sedgwick Post, G. A. R. of comrades for visiting the schools you gave the date thereof as being next Friday, whereas the said visits are to be made on the last Friday of the month, to-wit: May 26, presumably at 2 o'clock in the afternoon of said day. Please make the correction and accept the thanks of the Post for your kindness. D. Webster.

Tomorrow evening will be rather a busy time in the city. At the Commercial club, the regularly monthly meeting will be held, and as this is the last one in which the directors for the past year will make a report, it will be of more than usual interest. Just before their meeting is called, the committees appointed by Benjamin Brick to confer with the Salem Floral society will meet in the Business Men's league room. In the Masonic temple, No. 50, will hold a union meeting, the first since the new temple has been erected. And the glee club and young ladies' club of Willamette university will give a concert at the First Methodist church.

Police officer Percy M. Varney. I need and will appreciate your support. Republican candidate for constable. Pd. adv.

The cherry crop is rather spotted and the chances are good for about an average crop. Peaches as a rule, are not good, due to the lack of care and spraying. The California blight and peach curl leaf have damaged the peach trees, and only those that have been properly sprayed, promise a yield. Pears promise but a light crop due to a blossom blight.

The water for the McGilchrist fountain has been turned on by the water company and a meter installed to find out just exactly how much water will be required a month by the fountain.

After this has been ascertained, it is understood that the water company will then propose some sort of a compromise with the city. According to the city ordinance, the city is entitled to water free for a fountain down town "for man and beast", and one of the questions to decide is whether the fountain on Commercial street near the Ladd and Bush bank fills the bill.

Mr. and Mrs. H. W. Meyers returned yesterday from an automobile trip of 2500 miles. They left Salem April 7, and their travels took them through all parts of southern California and into Mexico. On the return from Sacramento north, the route was on the Pacific highway, over the Sierran mountains. In southern California, the roads were fine and the only bad roads were those found in northern California and southern Oregon. After passing through Bakersfield and Fresno, with the thermometer 110 above, Mr. Meyers said the valley of the Willamette surely did feel refreshing. Mr. and Mrs. P. M. Jordan of Seattle accompanied them.

Although F. W. Woolworth, the pioneer five and ten cent store man who was in Portland last week, could not arrange to visit the home of the loganberry, yet Mr. Devore, the local manager, did introduce him to the pleasures of drinking Loja. He was so much pleased with this new drink that he at once pronounced it the most refreshing soft drink he had ever tasted and ordered a supply sent to him in Chicago. Mr. Woolworth stated that the east does not realize the wonderful scenery of the west and while he had been to Europe 27 times, this trip to the west was the most wonderful of all. The California hot weather was tiresome on Mr. Woolworth, who is 73 years old, but as soon as he reached Oregon he greatly improved.
