

Bud Fisher

by Walt Mason

Bud Fisher jumped the old-time rut when he invented Jeff and Mutt. For years, with that amusing pair, he's chased away the people's care, and made them laugh and throw their hats, and cackle till they broke their slats. The tired, the sad, the weak, the worn, have laughed with Bud, and ceased to mourn; the lame, the halt, the blind, the deaf, have whooped with glee o'er Mutt and Jeff. Where does he find the joyous jests which break the buttons from our vests? You'd think the fount would have to fail, but never once has he been stale. When he sits down to hatch a plot in which his heroes will be caught, he lights his pipe, and soon a joke emerges from Tuxedo smoke. He swears by "Tux" and so will you, when you have tried a jar or two.

BUD FISHER
Famous Cartoonist, says:
"Tuxedo has made a pipe my favorite form of smoking. Its coolness and wildness make pipe-smoking a real pleasure."

SLAUGHTER WILL GO TO PRISON THIS WEEK

Sentenced for 15 Years Will Serve Time While His Appeal Is Pending

Oroville, Cal., May 17.—Rev. Madison Slaughter will ask the court to dismiss the writ of probable cause for appeal filed by Defense Counsel Schooler, so he may start serving his fifteen year sentence immediately, according to Sheriff Riddle this afternoon. Riddle asserted that Slaughter wishes to go to San Quentin at once, where he must serve his term for attacking Gertrude Lamson, 15 years old.

The writ of probable cause must be dismissed before the minister can begin serving his sentence.

This does not mean that Slaughter will not appeal the case and fight for a new trial. On the contrary, Attorney Schooler is busy at the present preparing his papers and getting ready to argue the case in the appellate court. The dismissal of the writ is merely a technical step.

Oroville, Cal., May 17.—Sentenced to 15 years in state's prison for attacking Gertrude Lamson, 15 years old, Rev. Madison Slaughter, Baptist minister of Chico, today prepared to enter San Quentin within the week. He will remain there, serving his sentence, while his attorneys are fighting for a third trial.

The new trial demand will be based on allegations of judicial error and on the claim that the newspaper and public opinion was so strong against Slaughter, that he could not get a fair trial.

"I don't see how the judge could give him anything less," said Gertrude Lamson, the girl on whose word the pastor was convicted, when she heard of the sentence.

A new pastor for Slaughter's church will probably be found soon. Gertrude Lamson is still in charge of the county, although several women have offered her a home. It is possible that she may return to the home of her parents, although they have said that she is a liar and that her story against Slaughter is false.

BOYS AND GIRLS WHO WON PRIZES TO BE GUESTS AT O. A. C.

Industrial Club Winners at Last State Fair Are Given Free Trip

Arrangements have just been completed by J. A. Churchill, superintendent of public instruction, for sending the boys and girls who won the capital prizes in the industrial club work at the state fair last fall to the Oregon Agricultural college for the boys' and girls' summer school. Twenty-one children were successful in winning these prizes at the state fair last September. The capital prizes consist of membership in the short course at the agricultural college with all expenses paid. It represents the highest award in each project offered in the industrial department at the state fair last year. The prizes are made possible through contributions made to Superintendent Churchill for the furtherance of this work by public-spirited men and women of the state. Those who received these rewards are: Leland Charley, Brownboro; Gertrude Courtney, Grande; Earl Stewart, Cottage Grove; Homer Bursell, Mouthouth; Hazel Bursell, Mouthouth; Clifford Cook, Yoncalla; Carmen Jones, Pendleton; Esther Miller, Medford; Warren McGowan, Independence; Harold Reynolds, Independence; Earl Cooley, Salem; L. M. Bowles, Dallas; Rudolph Mullinboff, Boring; Teddy Fones, Carlton; Exie Morgan, The Dalles; Florence Wharton, Roseburg; Marion Lowe, Nyssa; Mae McDonald, Dallas; Muriel Blume, Albany; Paul Jaeger, Sherwood; Claus Charley, Brownboro.

The boys' and girls' club work which is carried on co-operatively by the state department of education, the extension service of the Oregon Agricultural college and the U. S. Bureau of Agriculture, is increasing in interest to such an extent that clubs are being formed in every section of Oregon. Since the first of the year Superintendent Churchill has had two field workers, Mr. N. C. Maris and Mr. L. P. Harrington, continuously engaged in forming clubs throughout the state. The work of the agricultural college in sending to the members of these clubs, bulletins on how to select seed, care for the growing crops and also bulletins on canning and sewing, has made a wonderful advancement in the standard of the work done by the school children of Oregon. The example of Claus Charley, of Jackson county, shows what a wholesome influence one boy may have in this work. At the state fair in 1914 he won the state prize on his corn. The next week, through the efforts of the county school superintendent and one of the Medford banks, 50 boys of Jackson county were supplied with seed corn selected from Claus Charley's prize-winning corn. Each of these 50 boys raised from one-eighth to one-fourth of an acre of corn, the amount which each boy planted being determined by the age of the boy. The exhibits of corn coming from these boys to the state fair in 1915 were said by the judges to exceed in quality fully 100 per cent the corn exhibit of 1913. Similar incidents can be told of many other boys throughout the state, and of many girls enrolled in the canning and the sewing clubs.

Five Year Navy Program Will Be Defeated

Washington, May 17.—Democratic members of the house naval committee today conceded the defeat of the five-year navy building program in committee tomorrow. They said that a building program of one year would be submitted. It is expected that the session will recommend adoption of the navy general board's urgings with regard to the construction of first line battleships with a compromise on the auxiliary vessel and submarine propositions.

Girl to be 'Lost'

Chico, Cal., May 17.—Rev. Madison Slaughter's case having closed, Gertrude Lamson, 15, the girl, whose story sent the minister to prison for fifteen years, is to disappear. Her identity will be lost, according to her friends today, and she will grow to womanhood under another name, with her character unaltered.

The Chico Elks will not adopt her, as was stated several weeks ago. Scores of letters have been received from all over the state from reputable and wealthy women asking to adopt the girl. Officers plan to keep her final home a close secret.

Jail Full of Brides in "Daphne" Picture

DOROTHY GISH, AS HEROINE, GOES TO AUCTION BLOCK AND IS SOLD INTO MATRIMONY.

A jail full of brides is an unusual feature of the new Fine Arts-Triangle feature, "Daphne and the Pirate," in which Dorothy Gish and Elliott Dexter have the leading roles.

The brides did not misbehave themselves, in order to get into prison. They are there merely for safe-keeping, until they take their places on the auction block and are sold by lot to Louisiana settlers who used wives to do the housework in their lonely homes.

There are not enough beds, by half, in the great bare building used to house the brides-to-be, and they sleep on blankets spread upon the bare floor. Here Daphne spends a night of terrified anticipation, followed by direful realization in the morning, when she is taken out and exhibited to a crowd of eager bidders.

Poor Daphne, despite her terror, is still keen enough to realize that the ugliest woman will be longest unchosen, and as each burly farmer comes up to her, she distorts her pretty face into a horrible grimace, crosses her eyes and assumed an expression of utter idiocy.

This plan succeeds for a time, but Jamie D'Arcey, watching her from a distance, sees through her ruse and pounces on her. There is naught for her to do but to go to Jamie's rustic cabin with him, but the priest is slow in arriving, and by the time he has come, Phillip, the suitor whom Daphne once scorned, has preceded him, knocked Jamie into a corner, and is ready to stand up with Daphne himself. Daphne, too, is willing now, and Jamie loses his bargain.

Parents day, or visiting day at the Silverton schools, which was observed on Friday proved very much of a success, in the neighborhood of 250 visitors attending. The exhibits of the work done by the pupils in each grade was attractively arranged about the various rooms and gave every one an opportunity to inspect much of the every day work of the pupils in their different studies. The hand work of the little folks in the old school building was especially interesting. In the higher grades the lessons for the larger pupils were represented, while in a number of the rooms were displayed relief maps and booklets on various subjects, made by the children some of which were very attractive. The maps showing where the different products are raised or obtained in each section and illustrated a bit of each kind of grain, mineral, ore, wool, cotton, and precious metals, etc., with the pictures of stock of all kinds were truly works of art and very instructive in that line of study. This exhibit was of value in that it gave the parents an opportunity to see the work of their own children and compared with that of others in the same grade. Especially creditable exhibits were made by the domestic science and manual training departments of the high school. In the former a number of garments made by the young ladies of this school gave evidence of the practical benefit of this department. The manual training exhibit included a nice variety of articles of furniture ranging from foot stools to library tables, and was one of the finest features, being the more creditable because of the fact that the boys who did the work have had less than a year's training in this department. Dainty refreshments were served all who visited the domestic science

day evening of last week, the returns of the election were canvassed. E. W. Potter was elected mayor of this city; N. Digeroness, R. G. Allen and G. I. Barr councilmen, elected for two years; Mark Paulson, recorder, and P. E. Callister, treasurer. There will be a special meeting held on Monday evening, May 15, when the newly elected officers will be duly sworn and take on their work as it follows for them to do.

HOT WATER AND "ANURIC" BEFORE MEALS-- AND HEALTH

All people in America and especially those who are past middle age are prone to eat too much meat and in consequence deposit lime-salts in their arteries, veins and joints. They often suffer from twinges of rheumatism or lumbago, sometimes from gout, swollen hands or feet. Such people are not always able to exercise sufficiently in the outdoor air or drink enough pure water in order to sweat freely and excrete impurities through the skin. Dr. Pierce has conducted experiments and thoroughly tested a uric acid solvent at his Invalids' Hotel and Surgical Institute which he is convinced is many times more potent than lithia--this he named "Anuric." It can be had at almost all drug stores by simply asking for Dr. Pierce's Anuric for kidneys or backache. It will overcome such conditions as rheumatism, tropical swellings, colic, extremities, scalding and burning uric acid, and sleeplessness due to constant need of getting out of bed at night.

Our grandmothers have told our mothers and our mothers have in turn instructed us that in case of sickness, resort to Dr. Pierce's dependable household prescriptions. These medicines are put up for sale by druggists have never been recommended as "cure-alls," but only as superior remedies for certain common and easily-recognized diseases. Had these medicines been adopted to all classes and forms of chronic diseases there would have been no necessity for organizing a competent staff of expert physicians and surgeons, to act in the treatment of difficult, obscure and complicated cases of chronic diseases, as Dr. Pierce's maintains in his Invalids' Hotel and Surgical Institute. Of his home remedies the most widely known are his "Favorite Prescription" for womanly troubles and run-down conditions peculiar to the womanly sex; his "Golden Medical Discovery," the greatest of all herbal system tonics and vitalizers, for stomach, liver and blood disorders, as well as his "Pleasant Pellets," the tiny, tonic laxatives, overcoming constipation and cleansing the system of poisons and accumulations in the bowels.
