CLUB IS OPPOSED TO ONE CENT POSTAGE

Claim Made That It Would Only Help Mail Order Houses Get Business

The proposition to recommend one cent drop letter postage was set down on last evening at the monthly meeting of the Commercial club. The National Chamber of Commerce asked the Salem organization to exercise its opinion as to whether one cent postage for drop letters was advisable, and it did, after listening to the eloquent plea of Walter H. Denton, in which he pictured the dire results which would follow, if the mail order houses were to get all the floating business by means of drop letters at the rate of one cent per drop. One cent postage was opposed by an unanimous vote, and the National Chamber of Commerce will be informed of how Salem business men feel about it.
