### FEW CHANGES MADE IN SALEM TEACHERS

More Than 100 Employed, One Has Taught 32, One 22 and One 20 Years

Although there are more than 100 teachers in the Salem public schools, for the coming year there has been probably not more than half a dozen changes. In fact, the teaching corps remains practically the same as last year. A few transfers have been made, and a few new teachers elected, mostly because several of the teachers expect to be married during the summer, and others are going away to complete their education.

One of the important problems, that of physical instruction for the boys in the senior high and junior high schools has not been acted on by the board of education. The general feeling of the board is towards an instructor who can give the boys a little military training along with educational work. Miss Griffin will probably be elected physical instructor for the girls of the senior and three junior schools.

If the teachers of the Salem schools were allowed precedence, similar to that of the diplomatic corps in Washington, Margaret J. Cosper would be accorded first rank, as she has taught in the Salem schools continuously for 32 years. She was re-elected superintendent of the primary department of the schools and principal of the Garfield school at a salary of \$120 a month.

Ranking next to Miss Cosper is Emma Kramer who has been in the city schools 22 years. She will continue in the position held this year, that of principal of the McKinley school at a monthly salary of \$105.

Ernie E. Bushnell ranks third in the number of years service in the Salem school, completing this month her 20th year. She has been re-elected to the McKinley school at a salary of \$90 a month.

Anna Fisher, as principal of the Richmond school, has taught in Salem 19 years, and was re-elected to her position of this year, at salary of \$100.

Bertha C. Byrd ranks fifth in length of years with the Salem schools, having just completed her 15 1/2 years. She has been re-elected at a salary of \$85 and will teach in room 1 of the Garfield school.

Merritt Davis, who has made the commercial department of the Salem schools of real practical value to students in the way of earning a living, has been in the schools 15 years and will continue his work next year at a salary of \$140 a month for ten months. Nine months is the regular school term.

Carrie H. Chapel and Minnie Cornelius have each taught 11 years in the Salem schools, and will each teach again next year at a salary of \$80 a month, in the same rooms in which they taught this year.

Amy E. Martin and Ellen Curran each have 10 years to their credit as Salem teachers, and each will teach at \$80 a month the coming year in the same grades taught this year.

E. A. Miller was re-elected principal of the Grant junior high school. He has taught in Salem 9 years, and his salary for the coming year will be \$110 a month.

J. P. Axley who closes his 9th year in Salem school work will continue in the work, teaching history and economics at the Washington junior school. The salary for this work is \$90 a month for nine months.

Marie Ehlers was re-elected principal of the Englewood school and has to her credit 8 years of teaching in the city. As principal she will receive \$105 a month.

Ethel Rigdon teacher of English in the High school has completed 8 years in the Salem school work and was re-elected for the coming year. The salary for this work is \$115 a month.

Emily C. Palmer has been with the school 7 1/2 years and will continue in the work, teaching mathematics in the high school. She will receive \$115 a month.

Greta Phillips and Bertha Dumari have been in the schools for 7 years in the primary grades and was elected for the coming year at \$75 a month. It will be noted that in the elementary grades from one to six, what might be termed to some extent the formative period, the schedule of salaries allows only \$75 a month as the highest.

Mabel Robertson has been with the schools seven years and was re-elected at \$80 a month as teacher in history and English at the Washington junior high school.

U. S. Dotson closes his seventh year with the Salem schools and was re-elected principal of the Park school at a salary of \$105 a month.

Jessie Y. Cox has also been in the schools seven years and will teach again next year at the high schools at \$115 a month.

All salaries are paid according to an arranged schedule. After the maximum salary for certain grades has been reached, years of service do not add anything to the salary. The primary grades receive the lowest salaries, and the specialists, the highest.

#### STREAMS TO BE CLEARED

While at Silverton Saturday and Sunday, Linn M. Brown, chief clerk of the state game and fish commission, and Mr. Bremmer, deputy game warden, inspected Silver creek and Abiqua streams. They stated to the Appeal that the state game department is making arrangements to clear these streams so that fish can go up them easily.

During the summer a car load or two of trout for restocking purposes will be placed in these streams. Mr. Brown says that the governor, the commission and the game department want the co-operation of the sportsmen and people generally in the work it is doing for the upbuilding of the game and fish resources of the state.—Silverton Appeal.

### Quieter Conditions Prevail in Market

New York, May 20.—The New Evening Sun's financial review today said: Quieter conditions prevailed on the market this morning, as a reflection of the recent tremendous activity and the impending Sunday intermission. Prices were irregular and moved within a narrow range, but the list developed a sagging tendency attributed to the effects of yesterday's profit taking, coupled with the evening up of speculative accounts at the week-end.

First prices were generally better, interest centering upon railroads. Reading started higher but failed to hold its full recovery and professional activity was shifted in the direction of Erie common which figured prominently in "tips" circulated in brokerage circles.

Union Pacific, New York Central, Lehigh, St. Paul and Chesapeake & Ohio were also better but the movement displayed little vigor. Munition stocks and industrials were inclined to heaviness. Many conspicuous issues received a large fraction before the closing hours.

### HUGHES AND OLCOTT LEAD IN YAMHILL

Yamhill county elected Boyd, Cameron, Carey and Fulton delegates to republican national convention, Hughes leads Cummins two to one. Thirty eight precincts out of forty give OLCOTT majority over Moore of 72 and Campbell 99 over Bucktel, for joint senatorial district, Edwards leads Mitchell 157 votes and 574 over Hadley who has 369 majority in Tillamook over Edwards, who seems leading 400 votes in district as heard from. Langer is chosen representative in county with Barber leading Crocker 25 votes with two precincts out. Cummins has good lead for county commissioner, and Henderson for sheriff 421 above highest opponent.

### AMERICAN TO PRISON

London, May 20.—Jeremiah Lynch, American, has been sentenced to ten years imprisonment for participation in the Irish rebellion. American Consul Adams at Dublin reported to Ambassador Page today.

### U. P. Officials Resign

Omaha, Neb., May 20.—Following the resignation of President Mohler, Charles Ware, general manager of the Union Pacific, resigned today. Among those mentioned as successor to Mohler are E. E. Calvin, W. B. Scott of the Southern Pacific and B. P. Bush of the Missouri Pacific.

### WACONDA NEWS

(Capital Journal Special Service.) Waconda, Ore., May 20.—Mr. Archie Markee has been visiting friends and relatives in Sheridan the past week. Those motoring to Selah Springs Sunday were: Mr. J. C. Savage and family, and Mr. and Mrs. C. M. Hall and

### family, accompanied by Miss Beatrice Thurman.

Mrs. Town, who has been quite ill for the past week, is now much improved. Miss Jessie Armstrong, of Portland, is the week-end guest of Miss Gladys Humphrey.

Mark Aspinwall had the misfortune to fall and hurt himself quite badly one day last week. He was immediately taken to the Salem hospital. Reports to date are that he is getting along very successfully.

Miss Alice Palmer visited with her parents, Mr. and Mrs. E. M. Palmer, last Sunday.

Mr. and Mrs. George Finney, Emma and Teresa Finney and Miss Gladys Humphrey motored to Monmouth Friday.

An exciting baseball game was played between Waconda and North Howell Sunday at Selah Springs. The Waconda boys were victorious, the score being 6 to 10. Many attended the game both from North Howell and Waconda. A very interesting game is anticipated next Sunday at Gervais between Waconda and Gervais.

The play, "Mrs. Tabbs of Shauntytown," which was played at Waconda, April 29, by the home talent will be played at Gervais on May 27.

Mrs. B. Patterson has been visiting at the home of her brother, Mr. Earl East, of North Howell.

### TAKING RIGHT COURSE

Women of the University of Oregon have taken up athletics. Not content with the usual work of the women's physical training classes, they are preparing for their field day, May 27, and plan to make the event one of the biggest of the college year. It will include every kind of sport. The program of the day follows:

8:00 o'clock—Cannon contests.  
8:30 o'clock—Tennis, golf, and archery tournament.  
9:30 o'clock—Final baseball game of the women's doughnut series.  
11:00 o'clock—Track meet.

The track meet will probably be composed of a hundred yard dash, broad jump, high jump, shot put, and walking contest.

The student body of the college has given \$25 to the women in charge with which to purchase trophies.

Such events as this are making our university and college courses more than a mere routine of classes and study. They are giving American schools friendly competition in athletics which build strong bodies and develop power to stand the strain of modern life.

American colleges are reaching the right proportion between athletics and study. The old scheme of things under which a few turned out for the track and football squads and neglected their work as students while the rest of the school studied but forgot physical training is rapidly passing and there is coming—if it is not here now—a policy of training for every student.

**First Presbyterian.**  
Four million dollars is said to have been the earning of Russell H. Conwell with his great lecture entitled, "Acres of Diamonds," which he has delivered more than 5,000 times. This lecture has recently been published in book form together with a short life of the lecturer. The life story of the man and the gist of his lecture will be given by the pastor, Carl H. Elliott, at the evening service, 7:30 o'clock. Morning subject, "A Wonderful Dynamic." Good music by chorus choir.

**PETER BOWEN PASSES**  
Another of Oregon's pioneer settlers and substantial citizens has passed away. Peter Bowen, the character of this sketch was the one summoned. His illness was only brief, lasting but three days. He was taken by hemorrhage of the brain.

Mr. Bowen was a man held in the highest esteem by his many friends and acquaintances.

Peter Wood Bowen was born in Monitor county, Missouri, July 14, 1837. He left Missouri for Oregon, April 11, 1853, arriving October 13, the same year and settled near Monitor. While he lived on several different farms he always made Silverton his trading point. July 7, 1859, he was united in marriage to Pernilla Cox. During the year of 1855 he united with the Christian church at Bethany. He helped to build the church at Bethany in 1858. Funeral services were held in the church he helped to build, Monday, May 15, conducted by Albya Esson. Burial was made at Seasty.

The children surviving are: G. D. Bowen, H. S. Bowen, Mrs. C. C. Zimmerman and Miss Rhoda Bowen, all of whom live within a short distance of the old homestead.—Silverton Appeal.

THE ROBINSON ELEPHANT BAND  
A herd of pachyderms that show their astonishing intelligence by imitating the circus musicians. A feature of the John Robinson Ten Big Shows Coming to Salem on May 25.
