

# The Toggery Going Out of Business!

Mr. Hammond to Re-Organize and Actively Manage One of Portland's Oldest and Largest Clothing Firms. The Hammond-Bishop Stock of Merchandise to be Sold at Retail Regardless of Cost. Quick Action is Imperative.

The withdrawal of Mr. Bishop from our firm several months ago has resulted in Mr. Hammond giving much personal attention to this store. Developments of the past few days make it absolutely imperative that this store be sold or closed, in order that his entire time be given to other larger interests.

After careful consideration, the decision has been reached that it is best to sell out the entire stock of the "Toggery" at retail. Fixtures for sale, subject to removal upon the closing of the store. The high character of the merchandise carried by the "Toggery" is too well known to require comment, and this sale must, of necessity, be short and sharp.

This genuine GOING OUT OF BUSINESS SALE will open on Saturday morning at 8 o'clock, and continue for the shortest number of days possible to sell off the present stock of goods. Practically our entire stock is brand new, and it is with many regrets that we feel it imperative to discontinue our active associations with this good old city and our host of Salem friends.

It is impossible to enumerate all the various bargains, as EVERY ARTICLE in the STORE MUST BE SOLD. Here's a few of the hundreds of wonderful bargains that are now ready for you
