tions with the idea of having banks conducted more efficiently. Merchants meet to discuss the best methods of improving their business. Workers along all lines get together in conventions of various sorts and now we have conventions for housewives. This afternoon Mrs. Vaughn talked briefly about "The Cost of Living" and how to meet the existing conditions brought about by the war. She recommends and is preparing a light luncheon and the demonstration is followed with intense interest by the large crowd present. Tomorrow afternoon her talk will be along the lines of "Nutrition" and the good to be obtained from whole some well prepared food. Her cooking demonstration will be made up of dishes suitable for dinner and will probably be the most interesting and attractive

GERMANS WOULD HAVE VON TIRPITZ BACK

Since Great Sea Fight Demand for His Return Is Growing Steadily

London, June 6.—Dispatches from The Hague to London say that since the Skagerak sea fight there has been a growing demand for the restoration of Admiral Von Tirpitz as head of the German sea forces. The dispatches say that the German conservatives and national liberal parties are making a concerted move in this direction, not being satisfied with the result of the sea fight.

Admiral Von Tirpitz, who had been generally credited with planning to push to merciless execution the German submarine campaign of frightfulness, resigned when the German-American submarine controversy grew hottest shortly before President Wilson's threat of severance of diplomatic relations. His health was given as the reason.

Woman Suffragettes Launch Political Party

Chicago, June 6.—A new political party was born in Chicago this afternoon with the ratification by women of the equal suffrage states, of an organization to unite women voters in their fight for national woman suffrage.

The first act of the new party, known officially as the National Women's party, was the adoption of resolutions calling upon President Wilson and congress for immediate action on the Susan B. Anthony amendment. The resolution leaves no loophole for dodging and flatly states that if the demonstration is to benefit by the 4,400,000 votes of women in equal suffrage states, the party must take direct action in support of national suffrage.

OPEN CONVENTION BY POSING FOR PICTURES

After This Women Listen to Mrs. Catt—Party Has Two Conventions

Chicago, June 6.—True to feminine traditions, women of the national woman suffrage association opened their first national convention today at the Princess theatre, by having their pictures taken. Then they settled down to listen to President Carrie Chapman Catt tell them that the vote in Iowa yesterday, which appears to have added that state to the suffrage list, was a sledge hammer blow in their behalf in getting a favorable suffrage plank in the platforms of the republican and democratic parties this year.

At the same time, five blocks away, in the Blackstone theatre, the militant suffragettes of the congressional union at a closed session loaded their guns for their charge tomorrow on the resolutions committee of the republican convention.

All plans are off between the two suffrage camps for a union in their fight with the G. O. P. and progressive. Both sides today disclaimed any attempt to effect a union of forces and declared there would be no such attempt.

The suffrage association expected to rush through this afternoon a resolution urging the republican party to give "the protecting power and prestige of your party platform to the struggle of women for political liberty."

Radical Progressives Want No Whiskers On Their Candidate

Chicago, June 6.—The first stampede occurred this afternoon when radical progressive delegates from the national league of republican clubs and Pennsylvania bull moose, conferred in a great demonstration for T. E. The demonstration occurred when the Pennsylvania delegates marched into the Florentine room, where the meeting of the bull moose radicals was in progress, carrying Roosevelt banners and shouting "we want Teddy."

Immediately the room was in an uproar. The national league of republicans meeting had just adjourned and mingling with the progressive through these delegates jumped up on chairs, waved hats and banners and joined in the shouting. The Pennsylvania delegation marched about the room, continuing their shouts of "we want Teddy."

When order was finally restored, Governor Johnson of California, William Allen White, and John Parker of Louisiana, addressed the meeting. All declared the republicans must take Roosevelt as their nominee or face a three party race.

"We want a man with backbone, not a wishbone," said Parker. "Nor whiskers!" someone shouted from the rear.

"I accept the amendment," Parker replied. Governor Johnson declared the republicans must accept Roosevelt or no one.

Hill Left No Will But Dodged Inheritance Tax

St. Paul, Minn., June 6.—James J. Hill, railroad magnate, left no will and his son L. W. Hill, is to be head of his vast fortunes. This became apparent today when Mary T. Hill, the empire builder's widow filed in the circuit court a petition to have L. W. Hill appointed administrator, and state of James J. Hill left no will. The statement values Hill's personal property at \$10,000,000 and his real property at \$350,000. The disposition of the Hill fortunes, rated much larger, was thought to have been made before the magnate's death, thus evading an inheritance tax.

Woman to Keep Female Delegates In Order

Chicago, June 6.—The first woman sergeant at arms ever appointed for a political convention is Mrs. Sarah E. Lyons of Minneapolis, who arrived here today, all ready to quell any disturbance that may arise among the 33 women delegates to the progressive conclave.

"But I would rather handle the women than the men," she said. "Women are a whole lot more lovely in a meeting than are the men. They are more logical and systematic and easier to control. I don't anticipate any trouble at all, but I'll handle it if it arises."

ATTACKED BY MEXICANS

Marathon, Texas, June 7.—A freighter arriving late this afternoon said Terlingua was being attacked by a band of Mexicans. No details are available in Marathon. Parties of cattle-men have set out to aid the American settlements. They are headed straight south through the Big Bend country hoping to meet refugees on the way to Marathon and learn from them the exact sense of the fighting.

Terlingua is 50 miles west of Ghem Springs and about 20 miles north of the Big Bend border. There is no railroad within many miles of the settlement.
