Cruiser South Dakota and Torpedo Boat Fox, to Get 'A Portland Rose'

Portland, June 6.—The battleship Oregon steamed up the Columbia river for Portland today, and will remain here during the three day Rose carnival beginning tomorrow.

The cruiser South Dakota arrived yesterday from the Bremerton navy yard. The torpedo boat Fox, carrying the Grays Harbor division of the Washington naval militia will arrive this afternoon. Besides these warships, the cruiser Marblehead and Boston are in Portland harbor for the carnival.

HONORED THEIR DEAD

Sunday, June 4, at 1 o'clock at the McCormick building a goodly procession all carrying large bouquets or baskets of flowers, led by the Cherry Band, the M. W. of A. drill team in uniform, followed by members, and R. N. of A. carrying their banners, marched on Court street to Liberty on State to Commercial where a special car was waiting to take them to City View cemetery where the beautiful solemn, impressive ceremonies of these orders were held.

It is the annual custom to keep the first Sunday in June as Royal Neighbors and Modern Woodmen of America Memorial day. No less great though unadorned and unadorned. No less worthy of our remembrance are the many deeds of loving kindness and the many acts of the broadest fraternity of our deceased members. Thousands of grateful children revere the memory of a deceased mother or father, who through membership in these societies, was enabled to leave to their loved ones the means of completing an education and giving a fair start in the battle of life.

(Capital Journal Special Service.) Monmouth, Ore., June 6.—Professor Roy Glass, of Jefferson, was recently elected as principal of Monmouth high school for the next school year in the place soon to be vacated by Prof. E. L. Keene, who has been principal of Monmouth high school for the past three years and who resigned the position for the next year with the intention of returning to the university for post-graduate work. Prof. Glass was principal of Jefferson high school during the past year and bears the honor of being a university graduate. The other teachers for Monmouth high school will remain the same as for the past school year. Miss Arundella Dougherty, history and economics; Miss Vida Pattand, English; Miss Mary Hawley, commercial department.

The baccalaureate services for the seventh annual commencement of Monmouth high school took place Sunday morning, June 4, in the Evangelical church at 11 o'clock. The program for the services was as follows:

- Gloria—Congregation.
 Scripture—Minister.
 Hymn—"Holy Bible, Book Divine."—Ezell.
 Prayer—Rev. Fisher.
 Hymn—"Coronation."—Congregation.
 Anthem—"Make a Joyful Noise."—Tosking—High School Chorus.
 Solo—"Oh! Thou Sublime, Sweet Evening Star."—Wagner—Miss Bessie Barnhart.
 Sermon—"The Influence of the Bible in the Formation of Character."—Rev. F. M. Fishett.

 Benediction—Rev. W. A. Wood.

The regular annual commencement exercises of Monmouth high school will be held on Friday, June 9, in the high school auditorium at 8 o'clock. The class address will be given by F. D. Resler, professor of industrial pedagogy of the Oregon Agricultural college. The graduating class of 1916 is as follows: Alton A. McClellan, Raymond H. Steiback, Edna Marion Parkes, Robert L. Hendren, W. J. Mulkey, Jr., Mary Belle McAllister, Laurel M. Canning, Harold A. Bailey, Daphne L. Ostrom, Grace Parker, Charles W. Strong, Douglas B. Parker, Ruth E. Wilson, Jay B. Knapp, Ted B. McKenzie, M. Barbara Steinberge, Irene Havelock, Erica Ivina Moore, Marian B. MacDonell.

Thursday, June 8, is senior class day for M. H. S., also the day for the annual high school picnic. The commencement exercises for the Oregon Normal school will take place this week. President Akerman regrets very much to announce that the exercises will not be open to the public, due to the fact that the Normal chapel is not large enough for many visitors to attend as the students themselves fill the chapel. However, preparations have been made for inviting and seats have been reserved for the alumni of the school. Some few special invitations for the exercises will be given out by the Normal faculty and seniors. Owing to the immense growth of the school this situation of lack for chapel space has come about, but it is hoped that new provisions for enlarging the room will be made before the beginning of the next school term, beginning in the fall.

A farewell reception was given to Rev. Ritchie and family of the Christian church last Saturday evening in the church basement. There was a large attendance who expressed their regards to the minister and enjoyed the following program:

 After the program refreshments were served and everyone had an enjoyable evening.
 Rev. Elkins, the newly elected minister for the Christian church, preached his first sermon to the Monmouth people Sunday, June 4.

NOW SHE IS A FACTORY GIRL

Mary Pickford Stars in Famous Players Great Drama, "The Eternal Grind."

If you are a beautiful young girl whose sister had fallen the victim of a wealthy young chap and that same fellow were to make love to you—and if the sister followed him to your home with the intention of shooting him, would you scream and run away or would you take command of the situation? Mary Pickford took the revolver out of the girl's hand, held the man at bay with it and sent for a minister. When the reverend gentleman arrived, she encoiled herself behind a curtain and held the gun to the man's back while he went through the wedding ceremony.

It all happened in "The Eternal Grind." Mary Pickford's latest big feature in which she is being starred by the Famous Players Film company on the Paramount program. It is the stellar attraction at the Ye Liberty for today, tomorrow and Thursday. In this powerful story, Mary Pickford plays the role of a factory girl who battles against frightful odds in her struggle to preserve intact the little home of which the death of her parents has made her the lord. She has two sisters, Amy, a girl of shallow moral character, and Jane, a confirmed invalid. It is in the effort to save these girls from disgrace and death that the power of Mary's character is developed to its utmost.

Resolutions Passed by Salem Ministerial Union

The following resolutions were passed by the Salem Ministerial Union at a recent meeting and ordered published: Your committee appointed to formulate resolutions relative to the world's peace respectfully submit the following:

Whereas, The world is passing through an awful crisis and men everywhere are sorely confused in their notions and bewildered in their judgment; and Whereas, It is the duty of God-fearing men to increase in the world the stock of goodwill, and to devise means by which the recurrence of the present world tragedy may be rendered impossible;

Resolved, That we ask all the pastors and teachers and other religious leaders to bend their minds to the great task of creating and fostering a deeper spirit of racial sympathy and international goodwill, and of existing in men's hearts the divine ideals of human brotherhood. Upon the hearts of the American people we would enroll the duty of national preparedness in mind and spirit, that we may worthily meet the crucial situation by which we are now confronted. We recognize the league to enforce peace and we therefore believe it to be desirable for the United States to join a league of nations binding the signatories to the following:

All justiciable questions arising between the signatory powers, not settled by negotiations, shall, subject to the limitations of treaties, be submitted to a judicial tribunal for hearing and judgment, both upon the merits and upon any issue as to its jurisdiction of the question.

All other questions arising between the signatory powers not settled by negotiation shall be submitted to a council of conciliation for hearing, consideration and recommendation.

The signatory powers shall jointly see forthwith both their economic and military forces against any one of their number that goes to war, or commits acts of hostility against another of the signatories before any question arising shall be submitted as provided in the foregoing.

Conferences between the signatory powers shall be held from time to time to formulate and codify rules of international law, which, unless some signatory shall signify its dissent within a stated period, shall thereafter govern the decision of the judicial tribunal mentioned in article one.

And we most heartily approve the plan for permanent organization in every state, county and city for the evolution of sentiment in support of such league to enforce peace.

Resolved, That while we recognize the need of a reasonable national armed preparedness, we insist that it be made clear to the American people and to the nations of the world, that our preparedness be for defensive purposes alone or for the relief of helpless and innocent victims of an unrighteous militarism.

Be It Further Resolved, That we disapprove of military training in our public schools.

YUAN SHI KAI DEAD

gossip for months that the rebels were seeking his death either in the open field with his armies or in his palace by other and more subtle means.

Say He Was Poisoned.

San Francisco, June 6.—Japanese newspapers recently received from China unofficial rumors that the illness of Yuan Shi Kai was caused by poison. It was reported that the revolutionists had many assassins in Peking, and that one of them might possibly have gained access to the palace. Observers of Chinese affairs here were of the opinion that his death, if the report is true, would result in new uprisings in southern China. The lack of a strong man to take Yuan Shi Kai's place, it was believed, would cause the revolutionary situation to become even more serious.

Market Was Indifferent Fluctuations Small

New York, June 6.—The New York Evening Sun financial review today said:

Despite a little irregularity stocks ruled generally strong in Wall Street today, but there was no mistaking the highly professional character of the trading, and the market as a whole lacked spontaneity and vigor. It made a rather indifferent early response, for instance, to the increased dividends declared by the Nevada, China and Kennecott Copper companies.

The loss of Lord Kitchener, the British secretary of state for war, who, with the members of his staff were drowned by the sinking of the cruiser Hampshire off the coast of Scotland which became known before the opening of the local exchange, had no effect upon prices.

First prices here were irregularly changed, the feature being a rather sharp decline in the Mercantile Marine issues. United States Steel common was a shade better and pronounced strength developed early in Crucible Steel, but the standard railway shares, representative industrials and copper stocks moved languidly within a narrow range for the most part.

There were but few remaining traces of the auto-intoxication which affected the market yesterday. Reactionary tendencies were more pronounced in the late trading and early gains were cancelled wholly or in part in many instances.

RAILROAD REORGANIZED

San Francisco, June 6.—Incorporation papers of the reorganized Western Pacific railroad were filed in the superior court today. They show the system is capitalized for \$75,000,000. San Francisco is named as the home office and branch lines in California are revealed which will select the convention seat at its meeting here later this week.

ARRANGING DETAILS FOR BIG CHERRY FAIR

Committees Appointed and Their Work Laid Out at Meeting Today

J. B. Herbsman, advance manager of the Ellison-White Chautauqua system met the directors of the Salem Chautauqua at a luncheon given today noon at the Spa. According to Mr. Herbsman, the Ellison-White people will offer attractions much better than those of former years, one of these being the New York Marine band, making its first tour of the west.

At the suggestion of Mr. Herbsman committees will be appointed, to begin at once the special work assigned. One committee will decide on grounds. A sub-committee of ladies take charge of stike decorations.

An auto parade committee will call on auto owners to take part in the annual chautauqua parade. Other committees to be appointed by Dr. H. C. Epley will have charge of the advertising and sale of tickets.

A motion was carried to the effect that the Ellison-White people be requested to furnish a sacred program for Sunday evening, July 16, and submit the same to the Salem chautauqua for approval. The question of Sunday entertainment was brought up by the Rev. James Elvin and Joseph Albert. It developed that the Ministerial Union of Salem, in case the program could not be made sacred, felt that it could not get the people of the churches to co-operate with the Chautauqua. Mr. Herbsman thought a satisfactory program could be arranged.

A committee will be appointed to act with the Commercial Club whereby the artists who come to Salem to take part in the Chautauqua may be entertained.

Those attending the luncheon were: J. H. Albert, Rev. James Elvin, Dr. H. C. Epley, Mrs. H. C. Epley, C. E. Knowland, W. H. Hamilton, Prof. Florin Von Eschen, Mrs. Florin Von Eschen, Paul Wallace, Carl Ahrens, W. L. Staley, H. V. Compton, L. H. Compton, Mrs. L. K. Page.

How Cherry Queen Contestants Stand

Miss Estella Wilson, the endorsed candidate of the United Artisan and Moose lodges is now in the lead in the contest for queen of the Cherry fair, with a total of 27,880 votes, although Miss Verna Cooder, endorsed by the Elks is a close second. There is suspicion that all of the leading contestants have several bunches of votes on each sleeve and that bashfulness or modesty on their parts prevent them from voting too many at one time. However, the fact is that the contest is just now really getting under headway, as the Woolworth store folks do not intend their candidate Miss Inez Stege shall fall very far from the lead, and when the Elks and Moose find their candidate in danger of being snowed under, there is a fine prospect of avalanches of votes being turned loose.

The vote today stands: Estella Wilson 27,880; Verna Cooder 26,250; Inez Stege 17,670; Gertrude Forey 7,870; Minnie Harr 1,290.

Tooth Mechanics Will Work On Convicts at Penitentiary Tomorrow

The 50 young tooth mechanists who are taking the state examinations before the state dental board will complete their written work this evening and will take their examinations in practical work at the penitentiary tomorrow and Thursday. The convicts welcome a chance to get some dental work done at cost and over 150 of the convicts have made application for service to be practiced on by the dentists. Prominent among the applicants is "Painless" Parker, who secured about \$10,000 worth of publicity out of the fact that he failed to pass the last examination. However, Dr. Parker has a license to practice in other states and the success of his system indicates

Des Moines, Iowa, June 6.—It will probably take the official vote to settle the question whether suffrage was carried in Iowa at Monday's election but at one o'clock today the Daily News says that 748 precincts out of over 2,000 in the state give suffrage 62,448, against suffrage 60,227. These added to majority reports from other counties give the suffrage cause, according to the News, a majority of 3,419 in 838 precincts in the state.
