COURT HOUSE NEWS

County assessor Ben F. West this morning began the writing of the 1916 tax roll which will be completed in about three months. Mr. West estimates that the 1916 tax roll will show a slight increase in property valuation over the 1915 tax roll, depending to some extent upon the valuation of the corporations which is fixed by the state tax commission. The valuation of property in Salem and Marion county is about the same as last year.

There will be two cooks in one home in this city which was established by a marriage license which was issued by the county clerk today. This seems hardly fair when it is considered that some homes are devoid of even one cook. Marshall W. Hammer, of Salem, and Rosa Jane Haverson, of Salem, both gave their occupations as cooks to the marriage license clerk.

A suit to establish the owner of a note, a mortgage, a fruit tract and a family bank account was filed in the circuit court today by Benjamin Bowden against Sarah E. Bowden and others. The notes are for \$4850, \$108 and \$350 respectively. The mortgage is on lots 69 and 70 of Capital City Fruit farms. The plaintiff states that he has an account at the Lead & Bush bank for \$371 deposited jointly to the account of himself and his wife, Sarah E. Bowden, but he alleges that his wife is not at home any more and that she cannot be found and he asks the court to give him the sole ownership of the bank account.

A marriage license was issued at the county clerk's office today to Chester H. Miller, a farmer of Jefferson, and Lillian V. Skelton also of Jefferson.

Emilon Fritz Shale, of 1432 State street, an assistant bank examiner, today made application for his final papers making him a citizen of the United States. Mr. Shale was born in Oxford Nova Scotia and came to the United States from Canada.

A secretary of the boys' department of the Y. M. C. A. was elected at the monthly meeting of the board of directors today noon. After considering several who were especially qualified to take up the new work, the board decided on Clinton E. Ostrander. He was a student of the Salem high school and later graduated from Pacific University at Forest Grove. For the past year he has been principal of the high school at St. Helens. He will assume his duties September 1.

Miss Lillian V. Skelton and Chester H. Miller, both of Jefferson, were married today afternoon at the parsonage of the First Methodist church by Rev. R. N. Avison, Mrs. N. H. Atchison of Portland, a guest at the Avison home and Mrs. Avison witnessing the ceremony. Mr. and Mrs. Miller will make their home at Jefferson.

Business Is Satisfactory According to Expert Clews

New York, June 6.—Business conditions are exceptionally satisfactory in many respects, and much more so than stock market movements indicate. There is some disposition to hesitate, owing to high prices, war and political uncertainties, also to a closer scrutiny of credit, but this tendency has not thus far become sufficiently pronounced to induce more than a partial slowing down of activity, which, taking all things into consideration, was somewhat desirable. The war created abnormal conditions in certain directions, and there was serious danger of reckless expansion and speculation unless some form of restraint was imposed. This developed a more cautious spirit among those who assume the initiative; bankers have become more discriminating and merchants are careful not to overstock, while manufacturers are protecting themselves against contingencies with more than ordinary conservatism. In consequence there is a widespread optimism throughout the country mixed with a strong vein of caution. This healthy balance between these two forces is one of the best assurances of continued activity. The prosperity of the United States has undoubtedly been greatly stimulated by the war, especially in the east; but this is only a transitory stimulus which will eventually bring its own reaction; while far ahead of it in permanent importance is the better sort of prosperity based upon several years of big crops, especially the harvest of 1915. The American farmer was never so well-to-do as today, and west of the Alleghenies this is still the vital factor in business, notwithstanding the rapid development of industry and trade in keeping with growth of population.

Proof of these statements is found in current trade statistics. Bank clearings last week at leading cities were 56 per cent ahead of last year; a very large gain, even allowing for the effect of high values. Railroad earnings for April thus far reported show an increase of over 23 per cent. New capital issues in May in the principal states are estimated at about \$192,000,000, which was nearly double a year ago and the largest May on record except 1910. A feature worth noting is the flood of municipal bond issues, the total for the year 1915 being about \$500,000,000, or the largest total on record. Still another feature is the numerous new petroleum issues, the total reported in May alone being \$67,000,000. The record of new enterprises for May shows particular activity, the total charters of companies above one million capital being also described impressive by and through the Street Improvement Department of the city.

By order of the common council, Chas. F. Elgin, City Recorder.
Dated this 6 day of June, 1916, juel17

If You Suffer from Backache, Lumbago, Kidneys or Rheumatism Take Hot Water and "ANURIC"

American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues die and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead, when your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night, when you suffer with sick headache or dizziness, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your druggist—"Anuric." Because of uric acid in over-abundance in the system, backache, pains here and there, rheumatism, gout, gravel, neuralgia and sciatica result. It was Dr. Pierce who discovered a new agent, called "Anuric" which will throw out and eradicate this uric acid from the system. Dr. Pierce believes "Anuric" to be 37 times more potent than lithia, and consequently you need no longer fear muscular or articular rheumatism or gout, or many other diseases which are dependent on an accumulation of uric acid within the body. Send Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., 10c, for trial package or \$1.00 for full treatment, "Anuric."

Dr. Pierce's reputation is back of this medicine and you know that his "Pleasant Pellets" for the liver and his "Favorite Prescription" for the ill of women have had a splendid reputation for the past 50 years.

PROGRESSIVES TO

(Continued from Page One.)

A few minutes after Governor Hiram Johnson of California, leader of the radical bull moose, declared that "he believed whatever Colonel Roosevelt desired would be done."
"There is a spirit among the progressives of personal love for the colonel," said Johnson. "I cannot speak for the entire party but I believe that if Colonel Roosevelt were to endorse a candidate, the progressives would accept him."

Perkins declined to say what he had discussed with Colonel Roosevelt.
Western state progressives headed by George W. Perkins a bill of specifications which they declare is the acid test to which any candidate that they will agree to support must respond to.

A few hours before the convention was scheduled to open, Perkins declared he was still hopeful of effecting an adjustment with the republicans.

Senator Borah, who will probably have much to say in drafting the republican platform, talked with Colonel Roosevelt at Oyster Bay by telephone early today. It was rumored Borah made a flat proposition to the colonel, offering him the privilege of dictating the republican platform if he would step aside and throw his support to Hughes.

Steps toward harmony were planned by Perkins and William H. Childs, to follow immediately Raymond Robins, temporary chairman of the convention concluded his keynote speech.

The plan called for resolution naming a committee to confer officially with a similar committee from the republican convention to decide on a platform and a candidate mutually agreeable and to effect a reunion of the progressives and republicans if possible.

White's clan of radical westerners, determined to preserve the progressive party's individuality was prepared to oppose this resolution and if the step became necessary to the preservation of the separate entity of the progressive party, to rush through a nomination of Roosevelt, and then put it up to the republicans to accept him or a third ticket. The conservative bull moose set all lines to avoid nomination until Friday or Saturday.

Robins' keynote speech, perfection of temporary organization and assignment of committees were the only set events on the progressive program today.

Crowds began trooping toward the auditorium early. Among the delegates and alternates were half a hundred women. They were expecting to play an important role in the convention.

The balconies of the auditorium were packed. Boxes in the front row were occupied by women nationally known. One box was reserved for Mr. and Mrs. Theodore Roosevelt, Jr., Mrs. Alice Roosevelt Longworth and other relatives of the colonel.

HUMOROUS LECTURER - VERY POPULAR

Beauchamp Has Traveled Thirty-three Years Delivering Lectures.

Low J. Beauchamp is the humorist who makes you think, the thinker who makes you laugh. He is the sunshine man of the Chautauqua. Like a rare vintage, his wealth of wholesome good

cheer grows richer with the passing of the years. This veteran humorist has traveled over a million miles in Europe and America, preaching the gospel of sunshine. Right now he is in the zenith of his popularity. This is his thirty-third year on the American platform, and it bids fair to prove the record year of his career.

Salem Chautauqua Opens July 12

DIED

CORY—In the city, June 7, 1916, Mrs. Nora L. Cory, in her 40th year. She is survived by a husband, three sons and one daughter living near Macleay. The body is at the undertaking parlors of Rigdon and Richardson. As yet no funeral arrangements have been made.

Why are we popular?—Because we tell you every day, the news of the world.
