

SOCIETY

By ALINE THOMPSON

(Continued from Page Two.)

'The Debutin' Society' (hall) in the hands of Charles Dillard was one of the most enjoyable numbers on the program.

Miss Marguerite Flower's exquisite rendition of the Riley lyric 'The South Wind and the Sun' was a marvellously pleasing example of what can be done with the speaking voice.

After the programme the guests enjoyed an informal chat over the tea cups with their hostesses.

Friends of Miss Hazel Blake and Miss Phyllis Painter, who are among those graduating from the Sacred Heart academy have received invitations to attend the commencement exercises Friday evening June sixteenth.

Mrs. E. J. Allen and daughter Helen, accompanied by Mrs. J. H. Evans motored to the home of Mrs. E. J. Whitney for the day Thursday.

Miss Marie Evans was a guest at Cuthbert hall at Corvallis during commencement. Thursday Miss Evans and Miss Meryll Whitney went to Portland to spend the week end with friends.

The many Salem friends of George W. Goodie who formerly lived in Salem will be interested to hear of his marriage to Lois Mathis in Los Angeles, California, on June the second.

Two recitals of unusual interest and merit were given by the pupils of Mrs. W. A. Denton on the evenings of the 3rd and 5th of this month.

The program throughout was rendered most creditably, each pupil impressing the listeners with the ease and understanding with which they rendered their pieces.

Among the younger boys, Elbert Laschalle played with feeling and understanding, Donald Allison whose number was quite difficult rendered it with clearness and delicacy.

The piano duo by Milton Steiner and Earl Shafer was heartily applauded.

DAVENPORT MONUMENT With the selection of a good committee to attend to the details, handle the money, etc., it looks as if the much talked of Homer Davenport monument would be built.

The reason the monument fund has dragged so long is that no one was looking after it particularly.

A drawing showing a monument to cost around \$2,000 will be prepared. This plan should make the solicitor of funds much easier than where no such details are arranged.

The following is the committee: President—Roscoe Ames. Secretary—Julius Wolf.

LINES ARE BEING RUN Surveyors have been working the past few days between Silverton and Mt. Angel and the indications are that the work is being done for the purpose of bringing the Willamette Southern into this city.

WHY ENORMOUS RUSSIAN TRADE NOW BECKONS AMERICA AS INDUSTRY'S GREAT OPPORTUNITY

It is a new Russia which now turns people of Russia, by tens of millions, to America as the natural supplier of the manufactured goods the empire urgently requires today, according to Richard Martens, head of a big Russian engineering and shipping concern of Petrograd and New York in the initial issue of "Russia," a magazine.

Russia after the war is going to be a far different country from Russia before the war, or Russia during the war, Mr. Martens adds, and the trading after the war is going to be far different from the trading that existed before the war, principally owing to the fact that the common

ber of German and Austrian prisoners which are detained in concentration camps at points in Russia, or as in the case in Siberia, are allowed considerable freedom, have been eager, out of sheer need of occupation, to teach the Russian peasants the latest methods of cultivating the soil, by which the greatest results may be obtained from the vast dormant possibilities of the Russian farm land.
