CHAIRMAN M'COMBS INVITES BULL MOOSE

Gives Pressing Invitation to Colby and Others to Join Democrats

By Lowell Mellett. (United Press staff correspondent.) St. Louis, Mo., June 13.—Democratic National Chairman William F. McCombs wired Bainbridge Colby, of New York, an invitation to join the democratic party. His action was based on Colby's reputation of Roosevelt, for whom he had made the nominating speech in the progressive convention at Chicago Saturday.

McCombs' action was the most striking development of date of the democratic leaders' efforts to find a way to kidnap the four million votes of the progressive party which they consider orphaned by Roosevelt's decision not to be their candidate as outlined by the United Press yesterday.

McCombs said today he expects to see men like Colby who were prominent in the progressive convention declare for Wilson soon. He hinted the democratic platform may contain much to appeal to progressives. He refused to comment on reports that some of the conservative democratic leaders had attempted to check the efforts to win over the progressives.

McCombs' phrase, "stumbling along," was adapted from Colby's statement of yesterday. Colby said among other things: "I have read your statement. It appears that Colonel Roosevelt has attempted to send his former enthusiastic followers stumbling along to destruction. The progressive democracy cordially and sincerely offers them safety. (Signed) William F. McCombs, chairman democratic national committee."

men for a big raid. Reports of De La Rosa's arrest by himself are not conceded. Reports say Ricault conferred with De La Rosa several days ago.
Three Mexicans Killed. General Field Headquarters American Expedition in Mexico, June 12.—(Wireless to Columbus, N. M., June 13.)—Three or more Mexicans were killed and several wounded by Captain Otto W. Rether's detachment of the fighting Thirteenth cavalry who after a forced march overtook and routed a remnant of Villista General Veruette's band early yesterday. The Americans suffered no casualties.
The Mexicans attempted to ambush the Americans in a heavily wooded canyon twenty miles northeast of Santa Clara but the cavalrymen dismounted and surprised the bandits on the flank. The Villistas kept up a heavy rifle fire for a few minutes but broke and fled when the Americans rushed them. The troopers followed up their accurate fire so rapidly the bandits were prevented from reaching their horses and supplies, escaping into the woods and rocky crevices and leaving 34 horses, some rifles and several thousand rounds of small arms ammunition in the hands of Rether's command. There were about 20 men on each side in the fight.

Disa at Bottom of It. Washington, June 13.—Additional consular reports from Mexico today officials admitted today gave cause for further concern. Reports from the Laredo district especially were very disquieting. It is to this section the reinforcements ordered to the border yesterday will be sent.
Officials today were inclined to believe the rapid spread of feeling among the natives against continued stay of the punitive expedition beyond the border is due to a systematic propaganda of enemies of the de facto government.
Consuls reported mass meetings in many towns, probably under Felix Diaz' direction.
War department officials insisted today that no call for additional militia will be made unless the situation develops alarming conditions.

Sons of Veterans Gave Boys Fine Flag

The boys of the Oregon State Training school were presented with a U. S. flag last evening by the Sons of Veterans for the showing made in the memorial day parade. The Sons of Veterans had offered three prizes for the best appearing young folks' organization on that day and the award were: Rev. P. T. Porter, Dan J. Webster, W. H. Ryers, Dr. G. V. Ellis, John Siegmund, David Drager, U. G. Boyer, Frank Baker, W. P. Ringo, J. P. Dunlap, R. B. Goodin, Mrs. I. L. McAdams, Mrs. Lizzie Smith, Mrs. John Siegmund, Mrs. Clara Gribble, Mrs. A. L. Clearwater, Mrs. Effie Wright, Mrs. Vera Wright.

BIG GRAIN ELEVATOR BURNS AT BALTIMORE

Baltimore, Md., June 13.—Several men went to a horrible death, nearly 100 were severely injured by burns and falls from a great height, about \$4,000,000 in property was destroyed when the No. 3 elevator of the Pennsylvania railroad, the superstructure of the vast grain criers, two giant steamships and the big ore pier at Canton were burned this afternoon.
Estimates of the loss of life vary. It was feared 20 men died in the grain elevator itself or in leaps of from 100 to 150 feet to the pier and water, while 75 men, members of crew and trimmers on Dutch steamship Wilhelmus Driel Sr., were crushed when that vessel caught fire and the side walls of the elevator crashed upon her, mashing the ship into a shapeless mass and sending her to the bottom of the slip next to the elevator.
The big British steamship Walsbecker Hall caught fire from the blazing elevator and was towed into mid-stream where, despite the efforts of the fire boats and many big tugs her superstructure was wrecked by fire and she sank in mid-stream. Whether lives were lost on this vessel is unknown as many of the crew and trimmers were forced by the flames to leap from her deck into the stream.
Late this afternoon the blaze was being centralized in the elevator structure and pier which with the two ships are a total wreck. The assistance of the Baltimore city fire department prevented loss of adjacent and surrounding property, much of which belongs to the Pennsylvania railroad company.
It was stated late this afternoon bodies were taken from the Dutch steamer Wilhelmus Driel Sr., which was crushed by one of the falling walls, but it is impossible to get definite information, the Pennsylvania railroad company having established rigid lines through which no newspaper men are permitted to pass. For this reason it probably will be late tonight before the exact number of casualties will be known.

Sturdy Muscles need the balance of keen brains and steady nerves. All three depend largely upon selecting food that contains the certain elements that each organ requires. Grape-Nuts a delicious food made of whole wheat and malted barley, is a splendidly balanced ration, and includes the vital mineral salts—phosphate of potash, etc.—so frequently lacking in the usual dietary. Grape-Nuts comes ready to eat with cream or good milk; has delightful flavor; is easily digested, and highly nourishing—a wonderful builder of body, brain and nerve energy. "There's a Reason" Grocers everywhere sell Grape-Nuts.
