### MERCANTILE BRANCH HAS BUSY SESSION

#### Will Trace Malicious Rumors—Most Business Places to Close On Fourth

A suggestion was made at the mercantile department of the Commercial club at their meeting last evening that may be of interest to those who are prone to gossip and spread news injurious to Salem business houses. A resolution was passed and means will be taken to run down those who are circulating malicious rumors as to the financial standing of any business firm in the city. Every rumor is to be traced to the party circulating it. It is the intention of the department to prosecute and if possible find out who the knuckers are in Salem, as the stand was taken that any one circulating a rumor was either doing so maliciously and laying himself open for slander, or just belong to that class who prefer to gossip rather than attend to their own business.

Accounts that are considered past due for too long a time and those that have been nagged after every other means has been taken to collect, will be advertised next week. In about two weeks another list that comes under the same head will also be advertised.

With the exception of the grocers and butchers, who will remain open until 10 o'clock on the Fourth, all stores will be closed on Independence day, in order that all employees may do their share in making the all-Oregon celebration at the state fair grounds a success.

The industrial, civic and military parade has been abandoned. This parade was intended for the morning of July 4 and was to have been held down town. Since all of the Fourth activities are to be at the fair grounds, this parade was called off.

With an attendance of about 50, the first meeting of the Mercantile department of the Commercial club was more than an average interest and it is the intention of the new director, Fred W. Steinhoff and his directing committee to make these meetings of sufficient interest to bring out each month a full representation of this department.

The bonds given by officials of a state, county or township for the faithful performance of their duties are free from federal taxation according to an opinion which was received from Milton A. Miller, Internal revenue collector, by District Attorney Ringo today. Mr. Ringo sent in the inquiry about the bonds of the county officials when the question arose as to whether or not a 50 cent revenue stamp would be required. Mr. Miller bases his opinion on the broad general grounds that "sovereign states and subdivisions thereof are constitutionally free from taxation by the federal government."

Marriage licenses have been issued at the office of the county clerk to: William Francis Levin, a Vancouver carman, and Rudie Helen Hauth, a Mt. Angel nurse; David M. Graham, a Eugene merchant, and Mildred Edith Bagley, a Salem teacher; S. Paul Jones, a farmer of Gervais, and Blanche Evans, of Gervais.

Judge Galloway today handed down a decree in his department of the circuit court granting a divorce to Chester Tyler Headrick from Florence Headrick. The couple were married in Salem, March 18, 1912, and have one child, Ruth, a daughter, aged 2-1/2 years. The plaintiff is given the decree on the grounds of cruel and inhuman treatment and the fact that the wife openly consorted with one J. E. McDaniels, according to the decree. The care and custody of the child is given to the paternal grandmother, Jennie Wooley and to the maternal grandmother Lillie Sergeant, each of three months alternately. The plaintiff is required to pay to the defendant \$50 for suit money.

A suit was filed in the circuit court today by Blanch Morgan, as administratrix of the estate of B. W. Morgan, deceased, against the Southern Pacific company. It is alleged that Mr. Morgan was driving along the Pacific Highway April 5, 1915, when he attempted to cross the S. P. tracks and was struck by the train which killed the driver, and team and demolished

The wagon. The plaintiff seeks damages of \$475.

The case of W. E. Ross against Charles Lindley was called in Judge Galloway's department of the circuit court today. The case involves a sale of the Cherry City Cafe at 188 South High street which the defendant sold to Mr. Ross for \$750 and \$25 for a stock of coal which was on hand. The plaintiff alleged that the income of the restaurant was misrepresented to him and he asks for a decree allowing him to sell it back to its former owner for the price he paid for it. The defendant claims that Mr. Ross worked about the restaurant and knew the earning power of the place and that the falling off a custom has been due to the lack of service of the new owners. Carson & Brown are attorneys for the plaintiff and A. O. Condit is appearing for the defendant.

A petition for letters of administration was filed in probate court today in the estate of Henry Hobart, deceased. The estate consists of real property to the value of \$2,500 and personal property valued at \$1,200. The heirs are Rachel S. Hobart, the widow, and Harry Eugene Hobart, a five-year-old son, both of whom reside near Silverton. The petitioner, Rachel S. Hobart, was appointed administratrix.

### ALL WRONG

The Mistake Is Made by Many Salem Citizens.

Look for the cause of headache. To be cured you must know the cause. If it's weak kidneys you must set the kidneys working right. A Salem resident tells you how.

Mr. M. B. Churchhill, 705 Belmont street, Salem, says: "Three years ago I was down in bed for a week with my back. I couldn't get up or down without my hands and my back felt weak and lame. I was sick all over. Hearing so many recommend Doan's Kidney Pills, I sent for a box and had taken only a few doses when I felt better. Two boxes stopped the trouble and in every way I feel like a different person."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Churchhill had. Foster-Milburn Co., Props., Buffalo, N. Y.

### SALEM MOTORCYCLE CLUB PROPOSES TO BUILD SAUCER TRACK

**Local Speed Merchants Cast About for Suitable Location for Speedway**

If the present plans of the Salem Motorcycle club mature Salem may be the scene of some regular speed events in the near future. The club proposes to build a real Saucer track with high banks that will permit a continuous burst of speed from start to finish and if the track is constructed motorcycle races will be pulled off regularly under the auspices of the Federation of American Motorcyclists of which the Salem club is a member.

The club is at present undecided as to the location of their track. One location has been offered but they desire to select the best possible location for the quarter mile track and will make no further arrangements until they have looked over all of the available locations for the speedway.

About 50 members of the club went to Silverton Sunday on a picnic and the Silverton baseball team won from the club in the afternoon's game by a score of 5 to 0. Some unique hill climbing contests were staged in the afternoon by the motorcycle men on a hill with a 60 per cent grade.

### Non-Coms of Company M Ordered Into Trenches

The non-commissioned officers of Company M are the first militiamen in Oregon to be ordered into the trenches by Captain Gehlbar. The trenches, however, will be dug some distance from the Mexican border and will be for practical instruction only. About 30 non-commissioned officers and three company officers will leave the army Sunday morning at 7 o'clock for the country where practical problems in tent pitching, camp making, field fortifications, trenching, camp cooking, and other problems of army life will be worked out before the annual camp.

The men will leave the army in autos with full equipment and will remain in the field during the greater part of the day.

### IS WANTED IN OREGON

San Francisco, June 14.—Arnold McLaughlin, a farm hand, was arrested by deputy sheriffs of Alameda county today at Altamont. His arrest followed the issuance of a warrant on a felony charge at Coquille, Ore., and the offering of a reward for his apprehension.

### Latest Estimates Place Dead at Ten

Baltimore, Md., June 14.—Revised estimates of the dead in the fire that wrecked the Pennsylvania Railroad company's grain elevator at Lower Canton yesterday place the number at ten. Several are still missing or unaccounted for.

Although the condition of many of those in local hospitals is serious, it is not believed there will be further deaths among the injured.

The latest estimate places the loss at \$2,000,000.

### RECALL MOVE PLANNED IN POLK COUNTY

Dallas, Or., June 14.—The proposed recall of County Commissioner Beckett will be agitated at a joint meeting of the Polk County Taxpayers' league and the Farmers' Union in Dallas Thursday, according to reports circulated today. George A. Wells, another commissioner was opposed by the Farmers' Union and defeated in the republican primaries this year for nomination.

Talk of recalling Judge John B. Teal is also heard in some quarters.

The action of the county court in removing a steel bridge at Independence, replacing it with a concrete structure, and straightening out the road there, thus necessitating the removal of a grade that was established but a few years ago, is the cause of the agitation. The steel bridge was built but a few years ago, and the grade being removed is of recent construction. Taking the stand that these improvements are unnecessary at this particular time, and that the money thus expended should be used in making passable other highways of the county, the farmers are in arms against the court.

The improvement at Independence will do away with two dangerous turns in the highway.

It is also proposed to build three miles of hard surface pavement from Independence north on the Salem road. An injunction to stop payment for all this work has been denied by Judge Belt in the circuit court. A recall will not have the effect of stopping any of the expenditure this year.

### DEMOCRATS ORGANIZE

The democratic county committee has organized by electing Frank H. Fawk chairman, M. L. Boyd secretary, and Wayne D. Henry state committeeman.

The republicans elected J. C. Talbot chairman, J. C. Hyster treasurer, C. L. Bratcher, C. A. Park, D. E. Fletcher, D. M. Hampton and J. J. Thurston executive committee, Walter L. Toome state committeeman, and E. E. Padlock congressional committeeman. Owing to a lack of concord between the "city dudes" and "country plugs" the selection of a secretary was left to the chairman and executive committee.—Independence Monitor.
