SUGGESTIONS TO SICK WOMEN

How Many Are Restored To Health. First.—Almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements, pain in the side, burning sensation in the stomach, bearing down pains, nervousness, dizziness and sleeplessness. Second.—The medicine most successful in relieving female ills is Lydia E. Pinkham's Vegetable Compound. It regulates and strengthens the organism; it overcomes disease. For forty years it has been making women strong and well, relieving backache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and periodic pains. It has also proved invaluable in preparing for childbirth and the change of life. Third.—The great number of unsolicited testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills. Fourth.—Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

Don't Let a Cold Get a Good Start

The way to check a cold is to fight it from the first. Even the worst maladies often are easily conquered if attacked early enough. Colds may lead to asthma, bronchial troubles and pulmonary affections. In the treatment of these one of the first needs is to build up body resistance. Eckman's Alternative often has assisted in such upbuilding. As a treatment for the troubles named, it has been used for more than twenty years. And in many instances it has effected lasting relief. As with any other medicine, it should be regarded only as a first aid to right care and hygienic living—and a safe one. For it contains no narcotics, opiates or habit-forming drugs of any sort.
