THE DAY WE CELEBRATE

This is the day that no small bey is complete unless scorehed or risped.

The day of waving flags and raving orators.

The day the devil chaser and the ice man go about seeking whom they may devour.

The day we shoot ourselves full of tetanus or blow our fingers off and our eyes out to show our independence.

A day more deadly and glorious than a mad housewife with a roll-

Balmer Brings Boys From Kaffir Land In South Africa to Chautauqua

ONT think the black boys in this picture represent a group of cannibals, even though they may be dressed quite warlike. These boys are the members of Balmer's Kaffir Boy Choir, which J. H. Balmer has brought to America direct from South Africa. It is probably one of the most unique organizations ever brought to the west and will undoubtedly cause much comment when the boys give their concert at the Chautanqua. Each of the boys possesses a remarkable voice, and, although they cannot talk the English language, they sing English songs and sing them so they are understood. Baimer spent many years among the tribes of Kaffirs and Hottentots of South Africa and says they are the most remarkable people of the world. These boys are graceful and manly and are as perfect physically as a human being could be. The Kaffirs are unusually latelligent and are anxious to learn the ways of the white people. The Kaffir choir program is one of unusual interest, and whoever spends that evening at Chautauqua will carry away with him a new conception of Africa and its possibilities.
